WEAR THOSE SHOES THAT TORTURED YOU

Cincinnati Authority Tells How to Dry Up a Corn So It Lifts Out

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without pain.

A quarter of an ounce of freezeone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

Provisions advanced to new levels on the opening, but suffered slight losses later.
