ties of those in the Red Cross work.

At the meeting held last evening at St. Joseph's hall, applications were received from 32. The Red Cross authorities figure that each elty should have a membership of at least two per cent of its population and on this basis 350 from Salem should become associated in the work.

KIDNEY MEDICINE GAINS IN POPULARITY

GAINS IN POPULARITY

For twenty years we have been selling Dr. Kilmer's Swamp-Root and our customers are well pleased with the results obtained from its use and always speak favorably regarding it. We have heard of several ailments of the kidneys, liver and bladder that have been cured by the use of Swamp-Root, and we believe it is a splendid medicine for what it is intended.

Very truly yours,

New York, April 3.—Six Germans accused of placing incendiary bombs our food ships bound for allied ports were found guilty here in federal district court Monday afternoon by a jury which was out fifty minutes.

The men are Captain Charles Von Kelist, a naturalized American; Karl Schmidt, chief engineer on the German liner Frederick DeGrosse; Ernst Becker, Wilhelm Karbade, George Praedel and Frederick Parades, assistant engineers.

Very truly yours, BIRCH & COMPANY, Dec. 8, 1915.

Council Does Much Business -Provides for Flying "Old Glory"

It was plainly evident from the communication presented to the council last night by Skinner and Bushnell, proprietors of the Salem Ferry, that

proprietors of the Salem Ferry, that the whole proposition would find its way into the courts before they would relinquish their right to do business. The communication was addressed to Mayor Keyes and the common council. The point developed was whether the police officers had any right to compel Skinner and Bushnell to stop digging on city property and whether the city engineer had a right to refuse them a permit to excavate so they could lay a dead man for their cable. The communication went into detail regarding the dead and for their case, the common nication went into derail regarding the procedure of the Terry controvers. They stated they have been operating at a loss so far.

Salem will have band music and vo-eal music during the coming spring and summer. At the meeting last night the council voted to enter into a contract with the band for 18 concerts at \$1628. This was one of two propositions sub-mitted by the band. The other was \$1683 for 19 concerts. Both propositions provided for vocal music. Did Not Accept Deed

The park committee reported back that it was unwilling to accept the deed to Bush's pasture on account of some parts of it being somewhat ambiguous. The question was referred to

the city attorney.

Councilman McClelland saw the boys drilling last night and noticed that only a few had rifles. This he thought should be remedied so he moved tat City Recorder Race be instructed to get in touch with the war department so as to get, if possible, some second hand Grag-Jorgensen rifles for the boys to drill with. Although the rifles would not be good for much in actual service, it was thought they would be highly serviceable in drilling. The motion wa arried.

On account of the fact that D. J. Fry is not the only one who would be affected by a widening by seven feet of the pavement on the west line of Church street, and because other property owners could enjoin the improve-ment, City Attorney Macy reported to the council that he did not deem it wise to enter into a contract with Mr. Fry in that regard.

Ideal heat attracts good tenants

No one will long live in a poorly heated house, and the vacant house fast goes to pieces. There's genuine home-making in IDEAL-AMERICAN heating that is proved by the demand of thousands of renters who prefer to pay 15 percent or more rental for this guaranteed comfort, cleanliness, fuel economy and freedom from repairs and drudgery. The living, renting and sales value of any building, small or large, is greatly increased by an outfit of

IDEAL AMERICAN heating outfits saved millions in coal waste last winter

Both IDEAL Boilers and AMERICAN Radiators will give wonderful service every year as long as the building stands. Made of non-rusting, ever-wearing cast iron sections which can be installed anywhere without tearing out doorways, walls or partitions. IDEAL Boiler does not require expensive excavation or brick-setting. If building is altered or enlarged the boiler and radiators may have extra sections added easily. Did you ever see a second-hand IDEAL Boiler or AMERICAN Radiator? And you never will! They're always like new. Fully guaranteed!

Look, before you lease, for Ideal heating!

Don't discount your new home or let your present building get behind the times for lack of this heating outfit. No other feature of a building yields equal returns-in fuel savings, absence of repairs, household cleanliness, and least care-taking.

If you are weary of everlasting blackening, repairing and coaxing, discard at once the old way and put in an IDEAL-AMERICAN outfit at this season, when you get best attention of most skilled fitters. Send for free booklet-"Ideal Heating" which explains how to get full returns from every heating coal bill.
