RAILROADS GEARED TO WAR ARE A NATIONAL NEED. THOSE OF THE PRESENT WERE CONSTRUCTED ONLY FOR THE WAYS OF peaceful commerce, with no thought of strategy. Should the call be made upon our transportation facilities to hurl a force of hundreds of thousands of men from the centre of the country to the Pacific slope or to the Mexican border to meet invaders from beyond the sens the unmilitary mature of these "boulevards of steel" would be at once apparent. The very genius of milronding is American and great traffic problems here and abroad have been solved by American brains, and yet the methods used in this country for the transportation of troops are primative compared with those which are employed in the European war. Great armies have to be mobilized and transported in a hurry with enormous quantities of munitions and supplies and planning long in advance is imperative to avoid fatal congestion,

Knocks Obstinate Coughs in a Hurry

imple Home-Made Remedy

Thousands of people normally healthy in every other respect, are annoved with a persistent hanging on bronchial cough year after year, disturbing their sleep and making itio disagreeable. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly.

Get from any drungist "1½ ounces of Pinex" (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phleum thin out and then disappear altogether, thus ending a cough that you never thought would end. It also promptly loosens a dry or tight cough, stops the troublesome throat tickle, soothes the irritated membranes that line the throat and bronchial tubes, and relief comes almost immediately. A day's use will usually break up an ordinary throat or chest cold, and for bronchitis, croup, whooping cough and bronchial asthma there is nothing better. It tastes pleasant and keeps perfectly.

better. It tastes pieasant and keep perfectly.

Pinex is a most valuable concentrated compound of genuine Norway pine ex-tract, combined with gualacol and is used by millions of people every year for throat and chest colds with splendid results.

To avoid disappointment, ask your

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute ratisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

State House News

Horbert Nunn, highway engineer for Multnomah county, who took a prominent part in the construction of the Columbia Highway, was chosen state high way engineer this morning at a meeting of the highway commission at the state house.
