JAPANESE WILL AID AMERICA IN ALL WAYS

Say This Is Due to Their Own Spirit of Fair Play and Friendship

San Francisco, April 11.—Our present duty is to help the United States with all our might and with the genuine spirit of loyalty which has been characteristic of our people through the ages," said a "Manifesto to the Japanese People" in the United States printed by the New World, a Japanese daily newspaper here.

The New World urged the Japanese people to contribute freely to the American Red Cross and said: "It is our earnest prayer that our boundless sincerity and true Samurai loyalty to the Stars and Stripes may serve to clear up the bogies of professional scaremongers who for many years have tried in vain to harm the friendly relations between our two countries."

above the previous closing level. In the afternoon, however, there was a general recovery in which several issues touched new high levels for the day. The market remained firm, however, a reflection doubtless of a more confident feeling with respect to this country's financial and industrial position.

When the bill shall have gone through the per capita indebtedness in this country will be increased eight fold, but it is interesting to note that the government can still issue up to \$35,000,000,000 in bonds before the per capita debt reaches the amount of Great Britain.

DISTRICT EMPLOYEES TEACHER

Superintendent of public instruction, J. A. Churchill, has just been notified by the district attorney, of the county and by the county school superintendent, that a teacher has been employed in school district number 67, and that the legal amount of school will be conducted in that district this year.

NOTICE TO CONTRACTORS

Sealed proposals, addressed to the Oregon State Board of Control, Salem, Oregon, and endorsed "Proposals for General Work, North Wing, Oregon State Hospital," will be received by the Oregon State Board of Control, in its office in the Capitol Building, Salem, until 11 a. m. April 24th, 1917, and not thereafter, and at this time and place will be publicly opened and read.

All proposals must be upon blank forms to be obtained from the architect Edgar M. Lazarus at his office, room 328 Chamber of Commerce Building, Portland, Oregon; must give the price proposed, both in writing and figures; and must be signed by the bidder, with his address. Plans and specifications are on file with the Board of Control and aforesaid architect's office, and may be there seen, and copies may be obtained at the office of the architect at above address. A deposit of twenty-five (\$25.00) dollars shall be required on each set of plans and specifications and shall be returnable only upon receipt of a bona fide bid and the return of said plans and specifications, in good condition, on or before the date of opening bids.

Market Is Listless But Prices Are Firm

New York, April 11.—The New York Evening Sun financial review today said: Today's stock market was the dulliest session for several days past and suggested a more or less pronounced scarcity of securities. Sentiment was generally cheerful, but there is a tendency on all sides to discourage speculation and the result is to render trading almost wholly professional. In the first hour or so there was a concerted short covering movement, which carried prices forward substantially, but thereafter business ebbed away and the general list resumed until it was but little

NOTICE OF IMPROVEMENT

Of the Alley in Block 47, City of Salem Notice is hereby given that the common council deems it expedient so to do, and hereby declares its purpose and intention to improve the alley in block 47 of the city of Salem between the north line of Ferry street and the south line of State street at the expense of the abutting and adjacent property by bringing said portion of said alley to the established grade and paving the same with a Portland Cement Concrete Pavement six inches in thickness, in accordance with the plans, specifications and estimates for the improvement of said portion of said alley adopted by the common council May 15, 1916, which are now on file in the office of the city recorder, and which, for greater certainty and a more detailed description thereof are hereby referred to and made a part hereof.

The common council hereby declares its purpose and intention to make the proposed improvement above described, by and through the street improvement department of the city of Salem.

EARL RACE, City Recorder

Date of first publication of this notice April 4, 1917. 4-14

VIGOROUS CAMPAIGN TO HELP RED CROSS

Five Thousand Members Wanted in Salem and Vicinity

Five thousand members of the American National Red Cross society are wanted in Salem and vicinity and at a meeting of the association yesterday afternoon at the Commercial club rooms it was voted to start a vigorous campaign to enlist members for the red cross work.

At a meeting yesterday afternoon, about twenty officers of the society and other citizens were present. In conducting this campaign for membership, the assistance of the newspapers and the moving picture theaters is requested.

The publicity committee was authorized to get out a catchy slogan that will arouse interest and attract members. For instance, a slogan that will say "100 members in 25 days," or "Be one of 5000," etc., or of similar nature is wanted.

Mrs. Lawrence T. Harris, wife of Judge Harris, and chairman of the educational committee, was authorized to start the work of first aid instruction and to cooperate with the nurses and doctors.

Arthur Balfour Coming On Special Mission

London, April 11.—Foreign Secretary Arthur J. Balfour is about to leave for Washington on "a special mission," according to official announcement today.

Arthur J. Balfour was formerly first lord of the admiralty in the old coalition ministry in England and it was his support, with that of Andrew Bonar Law, another unionist, that made the Lloyd-George ministry possible.

The decision of the supreme court yesterday in the Twelfth street cases in which Judge Galloway was affirmed, affects only those who were parties to the suit, according to city attorney, B. W. Maey.

An attempt at suicide on the part of an inmate of the Oregon state hospital aged about 50 years, was frustrated about 7 o'clock this morning. The old man secured a strap, fastened it to the

Why Stay Fat? You Can Reduce

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. However, in Marmola Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, entail no dieting or exercise, and have the added advantage of cheapness. A large case is sold by druggists at 75c. Or if preferred, they can be obtained by sending price direct to the Marmola Co., 864 Woodward Ave., Detroit, Mich. excuse for being too fat, but can reduce two, three or four pounds a week without fear of bad after effects.

Now that you know this you have no

Miss Grace Townsend, of Pasco, Wash., returned to the city today. She will be here during the summer.

Miss Florence Cawthorne, a nurse at the Springfield, Ore., hospital, left this morning for Springfield after a few days' visit in the city.

Mr. and Mrs. Prunk Have Welcome Coming

Announcement was made a few days ago of the engagement of Miss Verna Cooder and William H. Prunk. The announcement was to the effect that the marriage would take place some time this fall. This morning at 8:20 o'clock Mr. Prunk appeared at the Oregon Electric depot with a well filled grip. He left this in the office while he went to the county clerk's office, returning with a large envelope in his pocket that contained a marriage license for William Henry Prunk and Miss Verna Cooder. About 8:30 o'clock Miss Cooder also happened to arrive at the same depot with a traveling grip. Then Mr. Prunk secured two tickets for Albany, telling a friend that he intended to stop a few hours at Albany and then visit his sister at Newport. He also left word with another friend that he expected to be home next Monday. When the 8:35 Oregon Electric train arrived, Miss Cooder and Mr. Prunk boarded the train and that is the end of the present chapter. Several friends are arranging a most suitable surprise for Mr. and Mrs. William H. Prunk when they return to our city next Monday.

EARLY MORNING FIRE (Continued from page one)

At 9 o'clock the whole corner was a mass of charred and blackened ruins. So effectually was the work of the department done that scarcely any steam was arising anywhere. This is the second fire that Chief Hutton has attended at this place and he declared it was a hard thing to fight, on account of the rear portion and the second story being cut into small rooms. When it did catch fire, the blaze spread with startling rapidity.

Although it is not known just how the fire started, it is believed it must have been burning for considerable time before being discovered. This time is estimated to be between 15 minutes and one-half hour. It is said the blaze may have caught from a heating stove in one of the back rooms of either the millinery store, the pool hall, or the barber shop, or from defective wiring. So complete is the destruction, however, that little evidence was left as to where or how it started.

It appears from the stories of those who arrived on the scene first that the fire was centered in the vicinity of the pool hall, the barber shop and the millinery store. It is stated there were heating stoves in all three of these establishments.

Belonged to Farrar Estate. The property on which the various small frame buildings were located belongs to the Squire Farrar estate and the buildings are a total loss. On account of the fact that it has been impossible to check up the losses, a close estimate of the total loss can not be made as yet, although it is not believed it will run much beyond \$12,000. This is a large estimate and it may be considerably less.

The loss on the buildings will amount to between \$2,500 and \$3,000, on which there is very little insurance. No plans for rebuilding will be given out by Johnny Farrar until the wreckage has been cleared away. It is expected that when a new structure goes up it will be of the best modern type and add considerable to the downtown district.

The loss of the Scotch Woolen Mills is estimated to be about \$100 on which insurance was placed. The amount that will be recovered can not be estimated until the insurance adjusters make their report but it is thought the amount will be about two thirds of the actual loss.

The Scotch Woolen Mills saved practically all their woolsens and samples, and will go on with business in the store on Commercial street vacated by Reinhardt's Shoe company in the Eckerlen building.

The Heaviest Losers Levy and Sons who conduct the Midget Meat Market report their loss to be about \$2000 with about \$600 insurance. Their market was damaged principally in the rear where considerable meat was stored.

FRIDAY THE 13TH IS YOUR LUCKY DAY ASK THE PRICE SHOE CO.

Probably the largest loss will fall on Kane and Palette, proprietors of the Central Cigar store, with damaged billiard and pool tables and wet tobacco stock. An estimate placed on their loss is given as between three and four thousand dollars. On this it is said they had about \$1500 insurance. The rear end of the store and the second story was gutted entirely. The Given Barber shop, tucked in between the French Shop and the Cigar Store, is estimated to lose \$1000, on which there is about \$700 insurance. This place is a total ruin. There is very little left of the French Shop, the millinery store of Mlle. M. Buffe. Her loss is estimated at \$1400. The shop is a total loss. Mlle. Buffe herself escaped in her night clothes when she discovered the fire. She was living above the shop.

NEWS NOTE

Will Take Stock of Wool in Northwest

Portland, Or., April 10.—A canvass of all the wool in the northwest warehouses, similar to the canvass now being made in eastern wool centers, will be undertaken by the government. Local wool men declare today that government control of the wool trade, including the arbitrary regulation of prices is not far distant.

Because of the great amount of wool required for sailors' and soldiers' uniforms, blankets and various other items, the government is expected to be in the market for all or nearly all the wool produced in this country this year. It is understood here that the government proposes to commandeer all the wool it needs. All that remains will then be sold for domestic consumption but the government, it is believed, will fix the prices.

Wool growers in the northwest declare their willingness to turn over their crop to the government at a reasonable figure.

Will fix the price of the Finished Product. It does mean this--

The same thing that occurred in Great Britain Will occur here.

The price of all woolen goods will be three times the present price.

WE HAVE A VERY LARGE STOCK OF CLOTH ON HAND

and advise that you buy that Suit now. No advance in price--YET.

D. H. MOSHER Tailor for Men and Women 474 Court Street
