

An Automobile Bargain 2777 fine cars for \$1,000,000

2777 popular-priced cars! Millions of miles of pleasant rides! That's one good way to spend \$1,000,000.

But there are other good ways. For example, we spend \$1,000,000 or more to insure the fragrance and the mellowness of the OWL Cigar. Why?

Because to "sureify" the flavor of your OWL we must always have curing in our warehouses at least \$1,000,000 worth of OWL

leaf. And often the amount is much greater.

Before any of this leaf gets into your OWL Cigar, experts must pronounce it "ready". Ready in the qualities that make OWL fragrance such a big 5c worth. And it takes many months for OWL leaf to reach this point of excellence.

There are mellow, fragrant OWL Cigars waiting for you in the show-case of a nearby dealer. If you'll try the OWL we'll say—"Thank you!" And so will the man behind the counter.

M. A. Gunst Branch, General Cigar Co., Inc.

COMPANY WOULD HAVE TO PUT UP \$437,000,000

Judge Gary Says United Steel Would Pay This Under Proposed Tax

New York, April 16.—The proposed government war taxes on corporations will cost the United States Steel Corporation \$437,000,000, according to estimates by Judge E. H. Gary, chairman of the board of directors, presented at a stockholders' meeting held in Hoboken this afternoon. That the tax will be passed on one at the present time can doubt," said Held. "The burden which will be imposed upon corporations and individuals will be large. I am sure no loyal citizen can object, providing there is a fair and reasonable distribution of the burden."

State House News

Because it was not shown that the present rules relating to denunciation and reciprocal denunciation were unduly burdensome, in the committee of the petition of the Willamette Valley Lumbermen for a change in the rules concerning logging roads, the public service commission this morning denied the petition. In refusing to grant the petition, the commission stated as follows:

"We are aware the present denunciation vote requires the exercise of considerable diligence to escape the payment of denunciation, but such was its purpose. It was the direct outgrowth of one of the most distressing shortages of the state of Oregon has ever experienced, and was promulgated only after a most exhaustive hearing and thorough investigation. Its primary purpose was to expedite the loading and unloading of equipment, and unless it is shown to be unduly burdensome, until conditions have so changed as to make such action desirable, the commission must refuse to alter its original findings."

Former Attorney General A. M. Crawford, who is now practicing law in Portland, was a state house visitor this morning. He came up to Salem on business in the supreme court.

Articles of incorporation filed this morning with the corporation commission are as follows: Santa Clara Telephone company, with \$1,000 capital to do a telephone business at Santa Clara, Lane county. The incorporators are E. W. Miller, J. W. Smith, and Emmett Howard.

The Fall Creek-Springfield Telephone company filed with a capital of \$1,000 to conduct a telephone line. The incorporators are B. O. Wilson, C. E. Warner and William McBe.

Supplementary articles of incorporation changing the name of the Lehman & Clough undertaking parlors to "Webb & Clough," were filed today.

J. H. Scott, of the state highway engineer's department, has returned from the John Day county, where he started out a party locating a highway in Wheeler county.

COURT HOUSE NEWS

Superintendent Smith, of the Marion county schools, and L. J. Allen, of the Oregon Agricultural college, are scheduled to visit the various pig-culture clubs in Marion county this week. This afternoon they will be in Central Howell. Tuesday they will be at Keizer, Wednesday afternoon at Pringle, and Wednesday evening at Fruitland. The talks to be made to the clubs will be illustrated with lantern slides.

On a charge of attempted assault on a five-year-old child, C. R. Parter was brought to the county jail Saturday evening. The complaint was sworn to by the father of the child, both Parter and the father of the child were employed on the Seid Beck hop ranch. Parter was brought here by a constable from Independence.

Pupils of Dr. Chace: Miss Lucille Emmons, Miss Carolyn Sterling, Miss Allene Dunbar, Mr. Archie Smith, Miss Hockensmith, Miss Findley, Miss Cox.

Hillsboro Mill Was Burned Sunday

Hillsboro, Ore., April 16.—Incendiarism is suspected in a fire that destroyed the plant of the G. H. P. Lumber company early Sunday morning. The fire department kept the flames from spreading to the lumber in the yards. The loss is not known. The company has large contracts on hand and will begin work of rebuilding tomorrow morning. The mill had a daily capacity of 30,000 feet and employed 25 men.

Probably War Taxes Cause of Price Drop

New York, April 16.—The New York Evening Sun financial review today said: "The forcible reminder to the country at large of the people's grave war-time obligations contained in President Wilson's appeal for conservation and utilization of resources, the burdens foreshadowed in the government's extensive program for taxation and other developments of major importance, operated to cause hesitation and unsettlement in today's securities markets."

The professional traders who did the bulk of the business transactions on the floor of the stock exchange were bearish scarcely without exception. Trading was only moderately active and most of the price changes were on the downward side, losses in many cases being as much as two or three points. Opening prices were narrowly irregular, but after the first few minutes the trend was unmistakably downward. There was little movement either way in the afternoon. United States Steel moved listlessly near 111. The other steel shares and the copper group were heavy as were the motor and ammunition shares. The railroad department was soft and neglected. Active selling in the late trade carried prices a point or so lower.

WANTS \$3,000,000

Washington, April 16.—An estimate of \$3,000,000 for an appropriation to acquire land and equipment for a fleet operating base off Hampton Roads, Virginia, to be immediately available, was submitted to congress today by Secretary Daniels through Secretary of the Treasury McAdoo. No encloses. The public is cordially invited.

PUT UP \$500,000,000

Washington, April 16.—The house this afternoon adopted a conference report on the general deficiency bill, incorporating a big \$500,000,000 "war chest" fund to be spent by the president for "the national defense". The bill now goes to the president.

BOOZE TAX \$10 A GALLON

Washington, April 16.—A move to restrict the use of liquor during the war was made by Senator Kenyon in the senate today. He introduced a bill proposing to raise the internal revenue tax upon distilled liquor to \$10 a gallon, excepting liquor used for sacramental, medicinal or scientific purposes. Such a rate is about ten times the present tax.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister. Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

Sell it—Journal classified ad way. Use Journal classified ads.

Watching the Scoreboard

Pacific Coast League Standings.

	W.	L.	Pct.
San Francisco	10	4	.714
Los Angeles	6	5	.545
Vernon	7	7	.500
Salt Lake	5	5	.500
Portland	6	7	.463
Oakland	4	10	.286

Yesterday's Results.

At Los Angeles — Portland, 7-0; Vernon, 2-0.
At San Francisco — San Francisco, 2-2; Oakland, 1-0.
At Salt Lake — No games with Los Angeles, snow.

Chalk down two more defeats against the Oaks.
They lost a hard luck contest in the morning, 2 to 1. Beer and Smith had been pitching airtight ball up to the ninth, Smith having allowed only two hits and Beer only four. Then in the ninth the Seals suddenly put on a batting rally, got three hits and two runs centered across.

Dill William Steen was in mid-season form in the afternoon and again the Oaks got only two hits. The Seals garnered six and took the contest, 2 to 0.

The feature of the matinee contest was the appearance of Mayor Ralph all dolled up in a plug hat and his Sunday clothes. He was called to the plate in the eighth and presented with a solid gold ball.

After the Beavers had pounded Fremont all over the field in the morning game at Los Angeles, beating Vernon 7 to 2, Big Chief Johnson loaned into the elect class with a night affair in the afternoon.

Not a suggestion of a single could the Beavers get. The Chief fanned nine and just to show he was still there with the bat he also got a single and scored one of the Tigers' six runs.

Rain again at Salt Lake and the Sunday Bee-Angels game was postponed.

Yesterday's big league hero — Ty Cobb. He out-hit half the Chicago team, outplayed the other half, but lost a ball game to the White Sox.

It's pretty tough for the White Sox when they have only Jim Scott, an Eddie Cleatle, a Red Finner and some others. Scott vanquished every Tiger but Cobb.

Christy Mathewson still is going big in Cincinnati. The Reds bunched their hits and won from the Pirates.
Hal Chase maced the ball for two hits in four attempts.
Fred Mitchell made the mistake of being appointed a manager in carshot of Bill Donovan. Vic Sair's broken

DRAWN CONCLUSIONS FROM FIRST WEEKS PLAY

Cincinnati Reds and the Athletics Showing Both Are Surprises

By H. C. Hamilton.
(United Press staff correspondent.)

New York, April 16.—With the second round of the brand new baseball season showing up today the old dope finger and the finger of suspicion are somewhat in a tangle.

The finger of suspicion is directed mainly at Christy Mathewson's Cincinnati Reds, and Connie Mack's Philadelphia Athletics, neither of which teams has been considered of more use in the two big leagues of late than furnish a place to stop off on a trip some where else.

The dope finger is directed strongly at the antics of the Giants and White Sox. There may be something in the old superstition that its bad luck to win the first pot, but Clarence Rowland and John McGraw are the kind of managers who believe a game won now will count as the season nears its close.

The fact that Eddie Cleatle pitched a no-hit, no-run game may not mean anything, but it will get him a lot of room on the sidewalks.

The Giants, despite the temperamental make-up, have been blistering baseballs with reckless abandon.

The Athletics nearly turned the baseball world over when they ground out 29 hits off a handful of Washington pitchers. The surprise was unnecessary, however, for Mack has gathered in his several years of search a team of terrific hitters, who will shoot disaster into the noxes of many a hurler before the season is over.

The Reds have done remarkably well so far. Pitching, hitting and baseball in general have been rolled together by Matty as the results are to see. His team is now and may fail to maintain the stride it has started, but a team that plays this sort of baseball is not destined to last place.

Log won't help grease the turnstiles in Chicago.

ADDED VAUDEVILLE To-Day No Raise in Prices Bligh Theatre

Fred Mitchell's misfortune when Vic Sair broke his leg has added just one more obstacle in the path of the Cubs' rejuvenation. Larry Doyle is having considerable trouble with his ankle. With both Doyle and Sair out of the game much of the club's heavy artillery is out. A new first baseman must be found before the team can get its bearings again.

Les Darcy Shut Out.

Milwaukee, Wis., April 16. — Les Darcy, barred from pugilistic encounters in practically every state in the Union, probably will appear before the state boxing commission today for a hearing on his management. Darcy has two fights booked for Milwaukee which Promoter O'Sullivan claims are legitimate. Until the middle is cleared the Australian cannot fight in Wisconsin, and may be not then—if he's still a slacker.

Cub Player Breaks Ankle.

Chicago, April 16.—Vic Sair, Cub first sacker, received a broken right ankle in the Cub-Cardinal game yesterday which probably will keep him out of the game for the rest of the season. Sair's injury came in the sixth inning during a Cub batting rally. He started to slide for the plate, changed his mind and caught his spikes on the rubber. Harry Walter probably will replace Sair at first.

Kilbane to Meet Walsh.

Cleveland, Ohio, April 16.—Johnny Kilbane, featherweight champion, and Freddie Welsh will come together at the Manhattan Athletic club, New York, May 5.
Signing of the contract followed a conference in this city yesterday between Harry Pollock, Welsh's manager, and Jimmy Dunn, manager of Kilbane. Each will enter the ring at 135 and will receive 30 per cent of the gate receipts. Charlie White, New York, probably will referee.

IS ONE OF THE MOST (Continued from page one.)

Insofar as the public imagination is concerned, is the visit of the allied high commission—England's and France's—deep officials, braving the perils of the sea and possibly the fate of Kitchener, that they may counsel with their newest war friend, America.

Aside from momentous co-operative questions the issue of peace terms is vital for them.
The allies know each other's terms and they know the broad principles of President Wilson's terms. But these views doubtless will be co-ordinated in a general agreement as to when American and her allies shall regard Prussianism as obliterated for all time.
More discussion of such terms does not mean a peace move. In fact, officials say, the nation is in this war to the last drop and discourages any talk that peace is on the horizon. The nation is building a war structure to last at least three years, they emphasize always.
It knows of no honest peace move and expects none just now, it is officially stated.

Spring Time Housecleaning Time

What does your home need this season? What about Rugs and Curtains, or an extra piece or two of Furniture for the living room, dining room or bedroom? Now, during the house-cleaning season, is the best time to make the changes. Our Exchange Department is ready at all times to quote you interesting prices on your used furniture. This spring make use of this department and trade in your used goods for something you really want and need. Visit this store, our stock and prices will surely interest you.

The "Sealy" Mattress Guaranteed for Twenty Years

The most wonderful Mattress made. Sold on 60 nights free trial. The Sealy is different. It has no lumps; its surface curves up; it is resilient; when the body touches it it gracefully follows every line and curve and angle, promoting perfect ease and rest. Sealy mattresses are made right at the cotton fields of Texas from pure white staple cotton, the best and freshest obtainable. The cotton is not spun or felted, it is forced into the tick by a patented process, and makes a filling light as down. It is guaranteed by the makers and us for 20 years against becoming lumpy or lumpy. Try one at our expense.

"Waite" Grass Rugs

The ideal floor covering. Sanitary, durable, inexpensive. Will help make your home homelike and comfortable. Its strong points over other grass rugs are increased weight, additional warp, superior wearing qualities, smoothness of weave, freedom from defects, attractiveness of designs and low cost. The ideal floor covering for any room in the house. Can be washed and colors will not fade. See show window.
