Mrs. Frank Meredith who has been visiting her sister, Mrs. L. P. Griffith for several days, left yesterday for Portland, en route to her home in North Yakima.

While in Portland Mrs. Meredith will be the guest of her parents, Mr. and Mrs. Philip Metchan, Sr., and other relatives.

Mrs. Meredith was the inspiration for a number of charming affairs during her visit in Salem, having a wide circle of old friends with whom she is very popular.

Miss Jane Fry passed the week end in Portland, having gone Saturday to attend the wedding of Miss Ethel Bissley and Robert Bradshaw of The Dalles which took place Saturday evening at the country home of the bride's parents near Milwaukie.

Mrs. Bradshaw and Miss Fry were class mates at Oregon, and both are members of the Delta Delta Delta society.

From New York comes the announcement of the marriage of Arthur Ellwood Bulgin to Miss Helen Frances Chase, daughter of Mr. and Mrs. D. Bartholomew Ryan of New York city, which took place today at high noon at the West End Presbyterian church. Mr. Bulgin passed the greater part of the summer in Salem last year, at the ranch home of his parents near Jefferson, and made many friends here who will be interested to know of his marriage.

One of the most delightful affairs planned for next week is the card and dancing party for which Mr. and Mrs. Oliver C. Locke, Mr. and Mrs. Edwin L. Baker and Mr. and Mrs. George G. Brown will be hosts Monday night at the Masonic Temple, when they will entertain a number of the married folk who make up the Nemo card club.

Miss Ethelwyn Harris who has been visiting Mrs. Clifford Brown for a few days, has returned to her home in Portland.

Mr. and Mrs. Frederick Lamport (Eleanor Rogers) who have been honey mooning under southern skies since their marriage a couple of weeks ago, arrived home today. During their sojourn in the south Mr. and Mrs. Lamport visited San Francisco, Paso Robles and other places of interest.

To welcome the home coming of Mr. and Mrs. Lamport, Mrs. Lamport's father, John P. Rodgers, will give a dance in their honor tonight at his residence in Ben Lomand Park.

Oranges—eaten every day—will help you stay well. Order Sunkist now and keep a supply of these uniformly good oranges in the house always.

Mrs. T. W. B. London and daughter, Miss Winifred London, of Vancouver, B. C., will arrive in Salem tomorrow night from Portland, en route to California.

They will visit in Salem for a day or so and will be the guests of Mrs. George F. Rodgers.

Mr. and Mrs. J. M. Cox of Pella, Iowa, who have been the guests of Mr. Cox's sister, Mrs. Matilda Grant, left last night for their home in the east. Mr. and Mrs. Cox have been visiting in Salem for about two weeks and are en route home from a sojourn in California.

Saturday night, Mrs. Grant and her daughter, Miss Laura Grant, entertained a number of friends informally in honor of their guests.

An artistic array of yellow spring flowers adorned the rooms, and the hostesses were assisted in the serving by Mrs. L. K. Page and Miss Marietta Thompson.

Those gathering to meet the visitors were: Mr. and Mrs. Henry E. Bolinger, Mr. and Mrs. G. W. Laflar, Mr. and Mrs. B. J. Miles, Mr. and Mrs. Gerald Volk, Mr. and Mrs. D. D. Olmstead, Dr. and Mrs. H. A silver tea will be given at the Y. W. C. A. Thursday afternoon from three until five o'clock, for the benefit of the Hal Hibbard Auxiliary of the Spanish-American War Veterans.

All patriotic organizations and interested friends are invited to attend.

Mr. and Mrs. A. J. Kahn passed the week end in Portland.

A state committee to attend to the special Red Cross work of the Daughters of the American Revolution has been appointed by the state regent, Mrs. Inge Lee Patterson. This board will inspire all the chapters of the state to take interest in the Red Cross and relief work. This line of activity was indorsed at the recent meeting of the state convention. SWears TESTIMONY WAS ALL FRAMEUP

Witnesses Tells of Oxnam and District Attorney Coaching Him

San Francisco, April 18.—A warrant for the arrest of F. C. Oxnam, star witness for the state in the case against Thomas J. Mooney, sentenced to death for participation in the preparedness parade bomb plot, was issued here today.

The warrant was demanded by attorneys for the defense who allege Oxnam attempted to influence the testimony of another witness.

Oxnam's arrest is expected at any moment. His bail was fixed by Police Judge Brady at \$2,500 cash or \$5,000 bond. The warrant was sworn to by F. E. Rigall.

With Chief of Police White sitting in uniform, Captain of Detectives Matheson listening and a small army of newspapermen and camera men standing by, Rigall repeated his "framed-up" charges against Oxnam.

"This is a grave matter, Mr. Rigall. We want nothing but the truth at this time," Captain Matheson said as Rigall appeared.

"That is what I have come to tell," said Rigall.

He asserted that he was coached in detail regarding his testimony by Oxnam and District Attorney Fickert and Deputy District Attorney Conha. He was told what he was to remember and whom he was to identify, he said, and asserted that once Oxnam suggested that he (Rigall) should get another witness to testify regarding one phase of the case.

"All this time I was being assured of a reward," he said. "Your share will be between three and four thousand dollars," Oxnam said. "There's going to be four of us in the big money."

"Fickert rehearsed the scene with me several times," he declared.

ity for a conscription system of raising an army, the following bills were introduced by committee chairmen, this form of introduction meaning almost certain passage in the near future:

Increasing the navy from 87,000 to 150,000 men and the marine corps from 17,000 to 30,000; authorizing the president to seize all railroad, telegraph and telephone companies and draft employees and giving the president power to regulate exports of foodstuffs.

Bernhardt Reported "Resting Comfortably"

New York, April 18.—Mme. Sarah Bernhardt was said to be "resting comfortably" today, following an operation performed at the Mt. Sinai hospital last night. Only a few hours before the noted French actress was carried to the operating room, where she was under the knife for a half hour, she sent a kiss to a vast crowd which gathered at the Metropolitan Opera house for a benefit performance for mutilated allied soldiers.

Sir Robert Tree brought the kiss from Mme. Bernhardt. After Caruso, Mme. Alda and other noted singers had rendered the national anthems of the allied powers, Tree appeared. He told of visiting Mme. Bernhardt at the hospital, of asking for some message.

"With a fine gesture," Tree continued, "she said: 'Tell them — and she kissed me. I now deliver the kiss.'"

As Tree threw a kiss to the audience. It was received with mingled applause and tears.

An official bulletin issued by Mme. Bernhardt's physicians today said:

"Madame Bernhardt has rallied from the operation and is resting comfortably, but she is still seriously ill."

HEAVY FIRING HEARD

(Continued from page one.)

They characterized the firing as heavy and occurring in rapid succession. The third report was received at 9:35 from station 34 at Peaked Bars Hills, which gave the direction as north east by north and stated that the firing was heavy and continuous and seemed to be from three guns. It was also reported that heavy firing was heard at intervals since the first shots.

None of the stations gave any indication as to the time the first shots were heard. Officers at the Charles-town navy yard declared they were at a loss to account for the firing, but in addition to the theory of submarine or raider attack, it suggested that it might be a welcoming salute to some foreign ship or visitor.

Report is Official

Washington, April 18.—The navy department shortly before noon today received an official report from Boston saying gun firing had been heard off Provincetown this morning.

The navy department gave out the following in connection with the report: "Guard stations along Cape Cod reported this morning to the district

commander at Boston having heard firing of heavy guns in rapid succession at sea and to the northward of the station. The reports came in quick succession and were heard at 9:41 this morning.

"Each of the three stations transmitted this report to the officers in charge of the district."

That the firing must have indicated some kind of conflict was deduced from the statement of a naval official that the gun firing could scarcely have been a salute, inasmuch as no salutes can be fired during war time.

Senator Lodge Makes Bitter Attack on Espionage Bill

Washington, April 18.—Declaring "it arms the administration with dangerous powers to suppress the freedom of the press," Senator Lodge, in senate debate today bitterly attacked the pending espionage bill—particularly the newspaper censorship provision.

Lodge defended "free comment and just criticism," and said only news "of value to the enemy" should be suppressed.

The bureau of public information—newly created to disseminate government news—also came in for opposition by Lodge, who said it was dangerous "to place in the hands of the most likely to receive criticism the power to suppress it."

Hiram Johnson, concurring, said: "We should pause, lest in our anxiety for democracy abroad, we forget our democracy at home."

"I think attempts to deny the press all legitimate criticism, either of congress or of the executive, is going very dangerously far," said Lodge. "If we are to pass a bill like this I think it would not do to deny the right of legitimate criticism."

"I have not the least desire to interfere with the punishment of those who use the freedom of the press for the injury of the United States, but it is going a long way beyond that when you put power in the hands of the executive to punish with the heaviest penalties any legitimate criticism which conveys no information of value."

SCANDINAVIA FEARS LOSS OF FOOD SUPPLY

Afraid America May Cut Off All But Allies From Her Stores

By William G. Shepherd
(United Press staff correspondent)

Christiania, April 18.—All Scandinavia is worried over the possibility of America shutting off food supplies from neutrals and concentrating on the provisioning of its new allies in the war. The anxiety with which such a possibility is viewed was revealed today by Premier Knudson of Norway in an interview with the United Press.

"Such a move would be disastrous to us," said Premier Knudson. "It would cut off more than half of all our grain supply. All our statesmen, all of our people are hoping there will be no such action. It seems incredible that such undeserved unfriendliness is seriously contemplated."

"Is any American food going through Norway to Germany?" the United Press correspondent asked the premier.

"There is absolutely no leakage into Germany," he declared emphatically. "although by agreement with England we are sending into Germany a comparatively small quantity of Norwegian fish."

Premier Knudson expressed the great anxiety over news of an American embargo on food shipments to neutrals. Not only are the Norwegians exercised but word received here from Sweden and Denmark indicates similar apprehension in those nations.

Trading Was Light and Prices Unchanged

New York, April 18.—The New York Evening Sun financial review today said:

Today's stock market was peculiarly symptomatic of conditions prevailing in financial and securities circles. There was a firm undertone in the main, but trading was light. There were no indications of outside participation.

At the moment the traders are inclined to be bullish. This tended to set in motion a short covering movement, with occasional good buying of the steel and railroad shares. Probably the principal spur to this movement was the pleasure with which the financial community welcomed the government's belated announcement to consult with the bankers of the country concerning the flotation of the forthcoming bond issue.

Short covering operations were insufficient to keep the general list from wavering not a little at times. United States Steel sold as high as 112, up 1 1/2, but later sold below 110, and in the afternoon was fractionally above 111. The other steel shares and most of the industrials behaved in much the same way. The shipping shares lost most of their earlier gains, the motor issues were distinctly weak throughout.

The railroad list was inclined to move upward whenever it moved at all. Union Pacific and Reading gained over a point.

UNION SCALE FOR CO-EDS
