It has been suggested that it is about time that Salem puts on a big patriotic parade. The parade in Portland yesterday was a great showing of patriotism with all the stores closed during the afternoon. Albany, Eugene and other cities of the valley have had patriotic demonstrations but as yet the capital city has done nothing.

In response to the patriotic reply given by the Bond Water, Light & Power company to the request of Governor Withycombe for reduction of rates for school children who wish to cultivate gardens and so help in meeting the food situation, Governor Withycombe has written to T. H. Foley, manager of the company, a warm letter of appreciation.

When a young man wants to join the aviation corps, he is assured of \$18 a month and all found and a rapid advance in the ranks if he happens to be made of the right material for high flying. Today three young men left for Portland, all having chosen the aviation signal corps. Portland is the forwarding station for all recruits enlisted at Salem. The prospective aviators are Hubert A. Crane, 20, of Aumsville; Clair G. Brock, of Aumsville, and Paul N. Kirsch, 20, of Stayton.

The Cherian Military band went to Portland yesterday to take part in the patriotic parade and according to one of the players, they surely had a fine time. They were in line at 2 o'clock in a steady line, forming with the Southern Pacific employees. After a wait of half an hour they were ordered to report at a certain street but managed to walk about 10 blocks out of the way. After another long wait they finally got in line and marched until 6 o'clock in the pouring rain.

Just to secure definite information in regard to the parcel post business, the government required all postmasters to keep a count of every package that went through their postoffices from April 2 until April 16. In Salem the city carriers handled more packages than all the rural carriers during the two weeks. The city record is 3,600 and the rural carriers 2,000. Through the boxes 520 packages were delivered and by special delivery 41. During the two weeks, the total number of packages handled, coming and going, was 18,463. Of this number 246 were insured.

The young man who joins the navy has a pretty fair chance of climbing up the ladder of service if he has the right material in him. Each year 100 seamen are appointed as midshipmen at Annapolis and given the same training as those appointed by representatives or senators through competitive examinations. Today the following young men enlisted and were sent to Portland: Raymond R. Rogles, 23, of Salem, and Merrill P. Hart, 18, of Glendale. They enlisted as apprentice seamen and will be paid \$18 a month and all found.

General Farrar, of the Y. M. C. A. business men's chess bluff ball series, was unable to make any important gains on General Gingrich's army of bluff tossers Wednesday night. Gingrich won the volley ball game and Farrar annexed the bluff ball game also taking the 1-2 point for the larger attendance. Gingrich is praying for rain so that the Farrar army will be unable to pursue. It seems that most of the Gingrich team are gardeners and for the present have retreated to the lonely spots back of their residences. It is expected that bad weather will enable General Gingrich to make a more stubborn resistance.

Just now there is a great cry in regard to the security of labor, especially for the farm. C. O. Constable, county fruit inspector was in need of a man to handle one of his prune farms. For the past three weeks he had been asking his friends to find help for him, but could hear only the same old story of how hard it was to find good men. Then just as a last resort, Tuesday of this week he placed an ad in the Capital Journal: "Wanted—Man for orchard

Saturday morning is of course story morning for the youngsters of Salem at the Salem public library. The stories to be told are "The Bell of Atri," "Master of All Masters" and "Little Gray Pony." Miss Paxson will tell the stories and the hours are as usual, from 9:30 and again from 10:30.

Patrick Cardiff, aged 53 years, in former years a famous prizefighter, died at the Oregon State hospital this afternoon. He was committed to the hospital from Portland on March 23 of this year. He had been committed once before but recovered sufficiently to be released. He is well known in sport circles and in his palmy days met some of the best pugilists of the ring, among them John L. Sullivan.

Three prisoners were received at the state penitentiary yesterday and one this morning. Those received yesterday were Blane Dugger, of Umatilla county, convicted of soliciting a child under age and given one to 20 years sentence; John Emmons and John Lande, both of Umatilla, convicted of larceny and given from one to 10 years. B. H. Seward, of Burns, convicted of larceny and given a sentence of from one to 10 years was received this morning.

Notwithstanding the rainy weather, the river has been falling for the past few days until today the stage was 6.2 feet above the zero mark. Yesterday the rainfall was officially recorded as .55 of an inch. The range of temperature was from 52 to 49 and the river was at the lowest stage of the month. While it has been raining off and on for the past month, there hasn't much rain fallen.

Willamette chapter of the American National Red Cross will soon be established at 491 Court street. These quarters are given free by the Salem Lodge of Elks. The quarters in the Masonic Temple were but temporary. The several auxiliaries that have been formed are sending for surgical dressing materials and within a short time arrangements will be made for instruction in first aid work and such work that can be done by the home auxiliaries.

Leslie Dugan, the boy from the Oregon School for the Deaf, is one of the surprises of the chess tournament at the Commercial club. At the second of the series of games held last Friday night, he gave some of the old time champions a hard run. He will play again this evening. This tournament is to determine just who is who when it comes to playing chess. The public is invited to come to the Commercial club this evening. The games begin about 8 o'clock.

The suit of Gertrude Brown against W. E. Stanton for the recovery of \$125 alleged to have been paid Stanton for instruction in the beauty parlor business occupied Judge Kelly's court this morning. The plaintiff alleges a contract whereby she was to have paid \$250 for learning the profession of beauty making but finding that affairs did not go to suit her she wishes to recover the \$125 she paid down. The beauty parlors were in the Bank of Commerce building.

He now has on his farm a young man who has had experience in orchard work and it cost him but a few cents for the ad that brought the young man to his office. The weather prophet of today says there will be a new moon tomorrow and that after today's rain, there will be all sorts of clear weather and no more rain for a long time. So note it be.
