PRESIDENT WOULD NOT STOP CRITICISM

Says Espionage Bill Should Not Prevent Criticism of Any Official

Washington, April 26.—President Wilson, speaking of the so-called espionage bill now pending in congress today, declared that while he approved the legislation he was utterly opposed to any censorship which would deny the people "their indisputable rights to criticize their own public officials."

The president's comment was contained in a letter to Arthur Brisbane, New York editor. The president's letter follows:

"I sincerely appreciate the frankness of your interesting letter of April 20, with reference to the so-called espionage bill now awaiting action of the congress."

"I approve of this legislation, but I need not assure you and those interested in it that whatever action the congress may decide upon, as far as I am personally concerned, I shall not expect or permit any part of this law to apply to me or any of my official associates, or in any way to be used as a shield against criticism."

"I can imagine no greater disservice to the country than to establish a system of censorship that would deny to the people of a free republic like our own, their indisputable right to criticize their own public officials. While exercising the great powers of the office I hold, I would regret in a crisis like the one through which we are now passing to lose the benefits of patriotic and intelligent criticism."

"In these trying times one can feel certain only of his motives which he can strive to purge of selfishness of every kind and await with patience for the judgment of a calmer day to vindicate the wisdom of the course he has tried conscientiously to follow."

\*\*\*\*\* SCRAPES TO COST MORE \*\*\*\*\*

Portland, Ore., April 26.—Secretary Charles Kelly of the barbers' union, announced this morning that within a month the price of shaves and hair-cuts in Portland would be raised five cents each, to 20 and 35 cents respectively. He also declared that barbers throughout the state would demand a raise in pay.

\*\*\*\*\* WHEAT IN CHICAGO GOES ABOVE \$2.60 BUSHEL \*\*\*\*\*

Chicago, April 26.—The wheat market advanced by long jumps today to new record figures for May. At noon that month, now practically cash, had reached \$2.59, a gain over last night's close of eight cents. May opened at \$2.54 a bushel, up three cents over last night's close. Later it increased with every sale. At one time \$2.60 1/2 was bid. The high price of cash wheat was apparently the inspiration of the advance. Yesterday's No. 2 hard wheat reached \$3 per bushel at St. Louis. The other market sold at approximately that figure.

At noon today No. 2 red sold in Chicago at \$2.55. At the same time, four jumped 50 cents per barrel to \$13.70. July wheat opened up 1 1/2 and advanced seven cents, going to \$2.24 1/2 while September opening with a gain of 1 1/2 advanced 5 1/4 to \$1.95 1/4, later, The bullish wheat feeling had a marked influence on the corn market. May opened up 1 1/2, later advancing 2 1/2 to \$1.52. July opened up 1 1/2, subsequently gaining 1 5/8 to \$1.46 1/8. September opened up 1 1/2 and advanced 1 3/4 to \$1.38.

Corn established new high levels of the season. May opened up 7 1/8, later advancing 1 5/8 to 71 5/8 per bushel, July opened up 1 1/4 and gained 5 1/8 to 66 7/8. September opened up 5 1/2 and advanced 3/8 to 57 7/8 on the bulge. Provisions exhibited firmness. Strength in grains and hogs prompted a good demand. May pork sold at \$38, a gain of 75 cents over last night's close.

And to think that the British parliament, when it made its first war loan of \$500,000,000, thought it was doing a big job in financing!

MILLMEN WANTED—Yardmen \$2.50 buxers, riggers \$2.75 to \$4.00 per day, Out of town, Salem Employment Agency, Room 14, Breyman building.

FAVORITES OF THE NEW YORK AND BROOKLYN BASEBALL TEAMS

ENGLAND WITHDRAWS BLACKLIST ORDER

All American Firms On List Now Free To Trade In England

London, April 26.—The foreign office announced this afternoon that the "blacklist" against American firms had been withdrawn.

Raising of the blacklist will remove the only real issue that ever threatened ill feeling between England and the United States. The original blacklist covered 85 business firms. Several have since been added.

Great Britain announced her blacklist in July 1916. It was a formal list of certain firms all over the world with whom British citizens were forbidden to trade. Nearly a hundred American firms were included in this prescribed catalogue.

On July 26, Acting Secretary of State Polk registered America's emphatic protest at this discrimination in a note addressed to Sir Edward Grey. The blacklist, this note said, "had been received with most painful surprise" by the United States and the government was "constrained to regard it as inconsistent with true justice and sincere amity and impartial fairness which should characterize the dealings of friendly governments with one another."

In the diplomatic interchange which followed England refused to relax the blacklist on the American firms mentioned and the matter remained still an issue.

In raising the embargo today, England thus gives fresh proof of complete unity with her new ally, leaving it completely to the United States government "to make certain enemy firms do not trade."

Campaign for Growing Bumper Crop Begins

Portland, Ore., April 26.—With the opening of headquarters in the Oregon building this morning, the executive committee in charge of the campaign to obtain co-operation between state and nation in farm and garden work began its activities today.

The committee will devote most of its efforts at first to encourage the cultivation of vacant lots and back yards in Portland and the other cities of the state. Experts will consent in every part of the state to advise the farmers and to encourage them to plant crops in every acre of tillable land.

"The people of Oregon have no idea how serious is the problem of producing the maximum quantity of food this year," said W. J. Kerr, president of the Oregon Agricultural college, and chairman of the executive committee today.

American Schooner Birdsall Is Sunk

Washington, April 26.—The American schooner Percy Birdsall has been sunk by submarine gunfire, according to a state department announcement today. The crew was rescued by patrol boat soon after the attack.

Nine or 10 shots were fired, seven of which struck the vessel. Most hits were below the water line. Firing was without warning and continued while the crew took to the boats.

The Percy Birdsall was a wooden four-masted schooner of 1,125 tons, registered at Perth Amboy, N. J. She was owned by J. Holmes and was built in 1890.

Portland Reports A Very Bum Bomb

Portland, Ore., April 26.—"My God, we've found a bum," came the cry over the telephone.

A few seconds later Deputy Sheriff Beckman and Phillips were on their way to a home on Thirty Third street as fast as a powerful automobile would take them. They were shown a mysterious package on a pantry shelf. Carefully they carried it to the machine and carefully the machine was driven

MONEY ASSURED TO PAY FOR FLAX CROP

Commercial Club Will Contract for 600 Acres with Local Farmers

For the past 20 years there has been more or less talk about raising flax in the Willamette valley, but this year a thorough test will be made as it is pretty well assured that about 1500 acres will be planted in the vicinity of Salem.

To assure the farmers of a cash market, the Commercial club will contract with growers at a price of from \$16 to \$18 a ton. It will not only contract at this price, but will pay the farmer in cash for his flax.

To assure the amount of money necessary to handle the proposition, twenty-five of the prominent business men have guaranteed the funds necessary. The Commercial club has been negotiating with three flax mills, but in order to have the assurance of at least one mill, there must also be the assurance that at least 600 acres will be planted in flax, to be delivered to the Commercial club.

And to assure the farmers of cash, the twenty-five business men have jointly agreed to raise the amount of money necessary. Farmers are requested to call at the Commercial club and make their contracts for acreage. Seed will be furnished, to be paid for when the flax is delivered.

With the Commercial club working for 600 acres, the state putting in 500 and the Roth plant at Turner assured of 200 acres, the question of whether flax is a profitable crop will be determined to a great extent this year.

A market is assured as no flax from across the ocean will be shipped to this country next summer.

These Back to Promise

Those who have mutually agreed to guarantee the amount necessary to pay the farmers cash for the product are: Theodore Roth of the Roth Grocery Co.; William McGilchrist of the Imperial Furniture Co.; Joseph H. Albert of the Capital National bank; T. R. Kay, state treasurer; C. P. Bishop, of the Salem Woolen Mills; Frank Southwick, contractor; John H. Albert of the Capital National Bank; W. M. Hamilton, of the Portland Railway, Light & Power Co.; Dan J. Fry of the Fry drug store; J. L. Stockton of the Stockton dry goods store; John H. McNary of the legal firm of McNary & McNary; Dr. E. E. Fisher; P. E. Fullerton of the Fullerton store; Chas. A. Park of the Salem Water, Light & Power Co.; August Hockstein, postmaster; Curtis B. Cross of the Cross meat market; H. O. White of D. A. White & Sons; D. W. Eyre, vice president U. S. National Bank; Stensloff Bros. of the Stensloff meat market; E. T. Barnes of the Barnes Cash Store; Joseph Baumgartner of the Salem Hardware Co.; H. W. & M. L. Meyers department store; Merlin Harding of the Salem Hardware company; Hauser Bros. sporting goods; J. Williams Chambers, of the furniture firm of Chambers & Chambers.

C. O. Constable, county fruit inspector, reports farmers busy every hour of daylight attempting to catch up in their work in spraying and plowing. From all reports, fruit is coming on fast and while the season is late there is a general feeling of encouragement. Last year while the spring was early, there was much cold weather during the blossoming period and growers feel that with a few weeks of warm weather, the season will be as far advanced as last year.

APPLIES FOR NURSES' AID

Word was received from Margaret McClellen, formerly of this city, this morning in which she stated that she had applied for a position in the nurses' aid work in connection with the Red Cross. Should Miss McClellen's application be received favorably, she will be subject to call and would probably be attached to the base hospital of the organization in this district, which is located at Seattle. Miss McClellen left here a few weeks ago to live with her parents, who are now at Salem.—Roseburg Review.

Be it ever so humble, there's no garden truck like home garden truck.

AMBASSADOR SAYS AFFAIR WAS TRIFLING

Reports of Attack On Embassy by Russian Socialists Exaggerated

Washington, April 26.—Threatened attacks on the American Embassy at Petrograd were described in detailed reports from Ambassador Francis to the state department today under date of April 24.

The ambassador stated he reported the incident, which he considers insignificant, in order to allay fear that sensational reports may have created the impression that order is not in force in Petrograd. He said quiet prevails and life and property are safe.

The ambassador's report follows: "On Sunday evening the ambassador was informed that crowds of excited people with a black flag were turning to attack the American embassy having been moved thereby by a violent speech of a socialist named Lenin. At the embassy he found a guard of seven soldiers. Presently a further small detachment of soldiers arrived. Ten minutes later messengers arrived and stated that the crowd had been dispersed."

"On Monday, Monsieur Milinkoff telephoned the ambassador that an Italian anarchist had addressed the crowd on Nevski Prospect, arousing them by stating that an Italian named Mami had been executed in the United States."

"The government acted promptly to protect the embassy, arresting three of the crowd and dispersing the others."

CITY NEWS

Elmer P. Tice, age 20, enlisted yesterday in the infantry and left today for Vancouver for the preliminary training. All of the boys who have enlisted lately in the regular army and who have been in training at Vancouver, will pass through the city tonight or Friday night on their way to the different training camps, according to the service they have selected. Those in the aviation signal training corps will be sent to the aviation field near San Diego.

The case of the state of Oregon against Schubinger, whose cheese factory was raided some time ago for liquor by the district attorney and who was fined in the justice court, is on in the justice court this afternoon. The case this afternoon is to determine whether or not the cider confiscated is alcoholic liquor. It is just cider. If it is just cider it will be returned to him; if proven its liquor then it will be held by the state. Carey Martin is defending Mr. Schubinger and District Attorney Max Gehlar is prosecuting.

MONEY FOR FARMERS

Washington, April 26.—To aid the farmers of the nation in meeting the food situation, the government today took steps to throw resources amounting to \$100,000,000 into the breach.

The action was announced by the treasury department that all postal savings deposits will be made immediately available for loans to farmers.

Specifications for a Southern Pacific depot at East Gardiner on the Coos Bay branch have just been placed in the hands of contractors.

Insomnia Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere.
