Corns Loosen Off With Magic "Gets-It"

2 Drops Do the Work, Painlessly "I tell you, before I heard of 'Gets-It' I used to try one thing after another for corns. I still had them. I used bandages and they made my toe so big it was harder to put on my shoe. I used knives and other things that ate

Corns Drive You Mad? Try "Gets-It" and They'll Peel Right Off!

off more of the toe than they did the corn. I'd cut and dig with knives and scissors, but now no more fooling for me. Two drops of 'Gets-It' did all the work. It makes the corn shrivel and get so loose that you can just pick it right off with your fingers."

There has been nothing new discovered for corns since "Gets-It" was born. It's the new way—the common sense, simple, sure way. "Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Salem and recommended as the world's best corn remedy by J. C. Perry, D. J. Fry and Opera House Pharmacy.

THE MARKETS

The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.

There is nothing stirring in the markets today. Turnips are now offered at \$2.50 a sack or 45 cents a bunch and cabbage is now five cents.

Some commission houses are paying 29 cents cash for eggs. The egg price will always vary a cent or two in the city, depending on the Portland market and whether the grocer is paying the market or one cent above, as a trade getter.
