

SOCIETY

By ALINE THOMPSON

Miss Elene Fawc who with her sister, has been visiting in California since her return from the east a few months ago, arrived home last week.

Miss Fawc has been away all winter having gone east early in October and later to California where she visited in Los Angeles and San Francisco.

She will be home only for a short time, remaining in a few weeks to San Francisco for the summer.

Following her recital at Waller Hall last night, Miss Lucile Emmons was the honoree for a supper party given at the Spa by the girls of the Adelante society of the university. Dainty hand painted place cards marked covers for 33.

Miss Emmons' mother, Mrs. W. W. Emmons, chaperoned the party.

Mrs. Floyd Edgerion and small daughter, Jacqueline, who have been visiting Mrs. Edgerion's parents, Mr. and Mrs. George L. Rose, for a few days, returned to their home on the rose ranch yesterday afternoon.

Mrs. William H. Burghardt, Sr., has returned from Liberal, Oregon, where she attended the wedding of her nephew, Leland Lavelle Burghardt and Miss Edna Vick.

Several Salem club women are planning to go to Eugene to attend the Commonwealth conference to be held there the latter part of this week.

Thursday, Friday and Saturday will be devoted to a programme that brims with splendid features for those who think are leaders in civic, educational and economic movements.

The attractions for Friday are of especial interest to those who make civics a study.

Professor F. G. Young of the department of economics and sociology at the university has charge of the big event.

An informal evening assembled the members of the La Ara club Monday at the home of Mrs. J. Frank Tyler, 2325 North Front street.

The evening was pleasantly whittled away with cards and sewing. Assisting the hostess in the serving were Mrs. Chlois Barber and Miss Floyd White.

Mrs. Zena Haight of Albany is the house guest of Mrs. Harry Hawkins, and will be here for several days.

This afternoon Mrs. Clifford Farmer had a little informal bridge in honor of the visitor.

Mrs. James T. Chinnock who, with her small daughter, Norma Elizabeth, has been visiting in Portland as the guest of Mr. Chinnock's mother and sister, Mrs. Elizabeth Chinnock and Mrs. T. A. Garbade, returned Sunday.

They have been away for about ten days, having motored down with Mr. Chinnock who returned the next day.

Mrs. James Elvin is passing a few days in Newberg, having gone today to attend a Sunday school convention, which is being held there this week.

Miss Katherine Slade of Silverton

Clears Complexion

Don't worry about blotches or other skin troubles. You can have a clear, clean complexion by using a little Zemo, obtained at any drug store for 25c, or extra large bottle at \$1.00.

Zemo easily removes all traces of pimples, black heads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

ALL THE YEAR 'ROUND

Cooler cooking in summer—better and more economical cooking all the year 'round.

A good oil stove will cook anything that any wood or coal range will cook, and do it better because of the steady, evenly-distributed heat.

All the convenience of gas. Meals in a jiffy, and a cool kitchen in summer.

The long blue chimneys prevent all smoke and smell.

In 1, 2, 3 and 4 burner sizes, with or without ovens. Also cabinet models. Ask your dealer today.

WORKING ROOKIES

(Continued from page one.)

"sand rats."
Oiling the Machine.
Washington, May 16.—Uncle Sam's military machine began in earnest today to grind out the "first 10,000" who will lead America's army. Forty thousand potential officers got down to business.

At the adjutant general's office reports coming in from the 16 officers' schools in every part of the country stated everything is under way in fine shape in the camps.

During the first day the men were given stringent examinations physical—then vaccinated for smallpox and typhoid.

Beginning today, the real training started.

In a few of the western camps, the full quota of 2,500 men failed to appear the first day. Their places are being filled from the big reserve. More than 200,000 applications have reached the war department.

Under regular army men the students swung into a severe routine of training. The discipline is to be particularly drastic, in order to weed out the weaklings.

Only the finest officer material will get into the first 10,000. At the end of 12 weeks training the best of the 40,000 in training today will be picked to officer the first levy of 500,000 drawn by the selective service bill.

The war department is planning other camps to bring into training another reserve. Men for these camps will be chosen from the flood of applications now on hand.

The Coast Contingent.
San Francisco, May 16.—Common sense, mental and physical capabilities and "pep"—these are the things which the officers in charge of the Presidio training camp are spotting today in the 2,500 embryonic officers they are inducting. Those who have these qualities in the greatest quantities will be the first to see service in Europe, according to army officers. Others will be drawn as needed.

Yesterday the men were sworn into federal service. Today the commissioned reserve corps colonels and the rawest recruit are rated as cadets and are receiving the same instruction. For five weeks this bill will continue and then the arms of the service will be organized.

COMBING WON'T RID HAIR OF DANDRUFF

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop at once, and your hair will be fluffy, lustreous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

WHEAT GAMBLING

(Continued from page one.)

"Newspapers, grocers, college professors and school teachers can help most by shutting up."

There were various rumors afloat concerning the real mission of the committee of three sent to Washington last night by the 31 grain men who attended the conference. One persistent report was that the committee—composed of John H. MacMillan, of Minneapolis, E. C. Andrews of St. Louis and C. P. Pierce of Chicago—would ask the government to curb grain buying by the allies. It was officially announced, however, that the committee was to "confer and cooperate with government officials and the committee of grain exchanges in aiding the council of national defense."

High flour prices, resulting from the unprecedented wheat situation, are having their effect on bread. The Sloan Baking company, one of the largest concerns in the city, closed its plant today, announcing it was losing money on the present 10 and 15 cent loaves.

Delegates from all states are arriving for the special convention of the National Association of Master Bakers, which will hold a two day session. It is believed they will also go on record for federal control of wheat and flour supplies.

University Notes

Miss Lucile Emmons, the only student to be graduated from the college of music this year, was presented by Dr. Frank Wilbur Chase in a senior piano recital last night in the Waller hall chapel.

Not only has Miss Emmons mastered the piano but she is a performer on the pipe organ of no mean ability. Archie Smith, baritone soloist, assisted the recital, with several numbers. Miss Emmons plans to continue her study of the pipe organ for another year, after which she will teach. She is the daughter of Mr. and Mrs. W. W. Emmons of this city.

After the recital the members of the Adelante literary society entertained at the Spa in honor of Miss Emmons. Mrs. Emmons acting as chaperone. Hand painted place cards, the work of Miss Vera Wise, were given to those present.

The program as presented:
Beethoven—Sonata Op. 81.
Adagio—Das Lebewohl.
Allegro—Adante Expressivo—Die Abwesenheit.
Vivacissimamente—Das Dieberschu.
Organ Solo.
Braga—Serenade.
De la Tombelle—Marche Pontificale.
Baritone Solo.

Twenty Million Tires in 1917

United States Tires stand out unmistakably among that vast number.

Only service could give to United States Tires their universal popularity and tremendous sales,

- super-service which means to you lowest mileage cost,
- highest anti-skid efficiency from all four anti-skids,
- supreme resiliency and elasticity.

The man who uses United States Tires knows—and he has told what he knows about United States Tires through vast sales increases, —that United States Tires are the tires of super-service.

United States Tires Are Good Tires

A Tires for Every Need of Price and Use—
"Nobby" "Chain"
"Royal Cord" "Plain"
"Usco" "Plain"

United States Tires and Tire Accessories Have All the Staying Worth and Wear that Make United States Tires Supreme.

Speaks—Morning.
Tours—Mother's Mine—Archie Smith.
Chopin—
B Minor No. 6; C Sharp Minor No. 10; C Minor No. 20; D Flat Major No. 15.
Etudes—
Op. 25 No. 9; and Op. 25 No. 7.
Scherzo B Flat Minor Op. 31.
Baritone Solo—
Homer—Requiem.
Hahn—Justus—Archie Smith.
Schubert-Liszt—Der Lindenbaum.
Wagner—Brassin—Fener-Zauber.
Mendelssohn—Capriccio Brillante Op. 22.
Orchestra parts played on organ by Dr. Chase.

Professor W. S. Pitman of the Oregon Normal school, was a visitor and the chapel speaker yesterday morning. He centered his thoughts about his own college days, comparing his Alma Mater with Willamette, and telling of some of his first experiences as an orator. Dr. Chase and Genevieve Findley played a piano duet, "Overture from William Tell," and Miss Alberta Goulder sang "The Jewell Song," from Faust.

A DANGEROUS MISTAKE

Salem Mothers Should Not Neglect Kidney Weakness in Children

Many children have weak kidneys. An early warning is bed-wetting. Often followed by backache, headache, languor.

This is a mistake to neglect these troubles. To blame the child for its own distress.

Seek to check the cause, Save the child from dangerous kidney ills.

Don't's Kidney Pills are especially for weak kidneys.

Salem parents know their worth. Mrs. S. E. Lewis, 1157 Commercial St., Salem, says: "I couldn't recommend anything equal to Don't's Kidney Pills for children who are subject to kidney trouble. Since giving them to my little girl, her kidneys act regularly. Don't's Kidney Pills have helped her more than any thing else I have given her."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Don't's Kidney Pills—the same that Mrs. Lewis recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

Portland Market Is Quiet, Demand Light

Portland, Or., May 15.—Cattle—Yesterday's cattle market was rather slow and stickier affair with about 1000 head in the pens. Demand from killers was limited due to the heavy purchases made last week. There was a very good demand from out of town butchers which put some strength in the market and took quite a string at steady prices, although the bulk of the sales were on a lower basis relatively ranging from \$10 to \$10.50; medium grades of beef were the best sellers at steady prices, while prime steers sold mostly 25 cents lower. Common beef, that is dairy bred stuff suffered a loss of 50 cents. Several loads of prime heavy steers brought \$10.85 which was the top, with good light steers from \$10.25 to \$10.50; medium grade sold around \$9.75 to \$10; with common steers down to \$8. There were only a few cows here, the best getting \$9.25 to \$9.50, with common stuff selling down to \$7. Best light veal calves sold steady at \$10; a bunch of baby beef heifers brought \$10. The general trend of the cattle market was slow, the pep it has shown the last few months being absent.

Hogs—Hog prices ranged mostly 10 to 15 cents higher, the top was \$16 for three loads with another load at \$15.83 the bulk of sales were made at \$15.65 to \$15.75 with a few light loads down to \$15.50. Pigs suffered a severe setback of about 25 cents due to the heavy receipts of light hogs during the last few weeks, the bulk going at \$13.

Sheep—The sheep market is unaltered, only a couple of loads of mixed valley sheep were here.

Portland, Or., May 16.—Published reports purporting to come from the Swiss foreign office that Mrs. Katrina Couch of St. Francisco, Ill., had been shot here today as false by Swiss Minister Dr. Paul Ritter.

Story of Execution of Woman As Spy Is Branded As False

"We have had no such report," declared Dr. Ritter. "Any such communication from my foreign office would have to pass through this legation. I do not believe it at all."

Knows Nothing of It

Paul's Valley, Okla., May 16.—James E. Couch, a farmer, residing near this city, has not been notified of the reported execution of his wife as a spy in Germany. Mrs. Couch, a native of Germany, returned there last December, leaving the United States on the same ship with Ambassador Bernstorff. Couch formerly was minister of the Christian church at Lancaster, Ill., and today stated that he had received but one letter from his wife since her returning to Germany. In this letter Mrs. Couch merely told of her safe arrival and that she intended returning as soon as possible, bringing her aged father, Mrs. Couch returned to her native land following the death of her mother.

Rheumatism Should Be Nipped in the Bud

Rheumatism in its early stages may be nipped in the bud, but if neglected, will constitute a chronic and dangerous system. The result may be in the joints, producing chronic stomach trouble and a weak liver.

The only relief is by the use of the blood to the condition, which can be achieved by taking S. S. S., a blood purifier, which acts as a remedy for rheumatism, Medical Department of the U. S. Army, and is of all ages of S. S. S. Co., 307 Sixth Building.

Beautiful Bust and Shoulders are possible if you wear a scientific corset. Blen-Jole Brasieres.

The drugging weight of an unscientific corset weakens the supporting muscles that the center of the chest rests upon. The result is the sagging of the bust and shoulders, the protruding of the back, and the formation of a weak liver.

Blen-Jole Brasieres are made of the finest materials and are designed to support the bust and shoulders, and to give the body a graceful line in the entire upper portion. They are the healthful and most scientific corsets that have come in all materials and styles. They come in Front, Surplice, Bandoliers, etc. Beware of cheap imitations.

Blen-Jole Brasieres are made by the famous Blen-Jole Manufacturing Co., of St. Louis, Mo.

Have your dealer show you Blen-Jole Brasieres. They will be glad to show them, and if you are not satisfied, we will gladly send him, prepaid, complete sample.
