

These Silks Are Sure Selling Themselves

Yesterday was the opening day of our Silk Special. We now know it won't take much talk to sell these goods. They just sell themselves. The window on Liberty street shows a number of pieces but by no means do they give an idea of all the different patterns inside. Every short length of silk in the store is on sale. We mean by short length from one and one-half yards up to six and eight yards. You can find long enough pieces for most any purpose. When you see these splendid values you will appreciate this sale and tell your friends. There are moires 24 to 36 inches wide, Crepe de Chines, 36-inches Poplin linings, fancy Pongee Wash Silks, Taffetas, etc., 36-inch wide. They have been placed in two lots and are selling at \$9c and \$1.19 a yard. They are selling too and won't last long.

The senior class play presented at the high school last week under the direction of Miss Lillian Guffin, was one of the interesting school events of the week. In this day of persistent advertising, especially of motion pictures of all

kinds, too often are second rate attractions heralded as "the greatest ever." The result is that the public has come to the place that a question arises in the average mind when the coming of a motion picture is heralded. So when the presentation of "Womanhood" was announced there was some doubt that the production was as good as the press agent promised. These doubts have disappeared and all who saw this picture "Womanhood" or "The Glory of a Nation" at the Oregon Sunday or Monday feel that the statement, "The greatest picture of its kind ever produced," tells only a part of the story. With this evening presentation of this famous film, the Salem engagement will be concluded.

The officers are going to make a visit to the stores and inspect the condition of the sidewalks.

There seems to be some difference of opinion between the seniors and juniors of the high school as to whether a '17 or an '18 pennant shall hang from the telephone wire leading into the high school building. The first act was played last week and in the scrap that followed, the janitor declared it a draw. Last night the seniors hung their '17 pennant on the wire and this morning the juniors proceeded to unhang it and replace an '18 pennant. After making several attempts to gain possession of the junior pennant, the seniors cut the wire, and as the pennant dropped, there was the usual school scramble, resulting in the seniors in possession, not as a whole pennant, but just in scraps. The flay lasted about three-quarters of an hour, no one hurt, no runs, everybody out and the pennant in pieces safely stowed away in the pockets of the seniors.
