## Put Your Ear to the Ground and Find Out What Your Home Merchants Are Doing for You

For some time the STOCKTON STORE has been selling practically all of its Staple Merchandise at or below present wholesale prices. We were so conversant with the tremendous advancing prices, that we felt that the public must know and appreciate the fact of this store holding to old prices on the principal part of its merchandise, but a comment in one of our daily papers, to the effect that some patriotic Eastern merchants were putting half their stock on sale at wholesale prices, convinced us that our people were not awake to what our own store has been and is doing for them. WE QUOTE BELOW SOME OF OUR RETAIL PRICES AND THE PRESENT WHOLESALE PRICES, FOR COMPARISON, as one of our buyers has been away for a month, the wholesale prices quoted below will no doubt be much lower than at the present time, as everything in the Dry Goods line has been advancing almost daily by leaps and bounds. We can only quote a few prices, but our store is full of these savings for you, owing to the fact of tremendous early cash buying.

WE HAVE RECEIVED MORE NEW MERCHANDISE this Spring than we ever received in any previous Spring but mostly bought at OLD PRICES.
