MOST PRISONERS ARE GOOD BASEBALL FANS

One of Them Writes of the Game and Tells of Interest Taken in Prison Team

Baseball has taken keen hold of the men at the penitentiary this season and they seem to be enjoying it thoroughly. They have a good team and have been playing some fast ball. The correspondent at that institution sends the following chatty article about baseball happenings there:

Oh yes, the O. S. P. is playing ball this season. Our Johnny Devitt, pitcher, especially, is fully entitled to a large share of the team's success, having struck out 25 men at Saturday's game with the Chenawas, an 18 man at Sunday's game with the Gervais team.

The score Saturday, with Chenawas, was 4 to 3, in favor of O. S. P. The kid pitcher of the Chenawas, is no slouch either; does fine work, but was rather light to hold up strong enough for the 13 innings played at Saturday's game.

All the visiting teams agree that our Johnny is a demon with those out drops, in's and out's; and better still, he is a prince both in and out of the game.

Dawson, our shortstop, is among the best players; Moullet, is there as mascot; he and his broom is in evidence at all times. In fact, all the players are coming to the front, owing to a number of reasons, one of which is that Captain Tanner is a very able manager.

The game this year is clean, far cleaner and more of a spirit of fair play all around, than the writer has ever witnessed during his three years sojourn here. The umpire, Geo. McMahon, also, entitled to his clean decisions; he is fair and impartial at all times, and over and above all Warden Murphy's spirit of fair play has permeated through the team as well as the rest of the institution.

It is a noticeable fact, that in any organization the personality and attitude of the head, is sifted through the entire body, and this can be a means of great help when organizing according to the man at the helm. In our case we are more than fortunate, as we, one and all feel, and know that we will be met more than half way, by Warden Murphy.

We had 166 visitors Sunday, May 27. Come again good people; bring and tell your friends, and help us spread the true idea that all sport here is clean, and that we are not as we have been pictured, so many times.

Wonders for Me... I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the one medicine that has given me positive and lasting relief.

normal channels of business before the next installment is called for. Such a plan makes it possible to handle the liberty loan by degrees with the least percentage of business displacement.

Another provision in the making of the liberty loan which helped to reduce its ill effects to the minimum was that giving the secretary of the treasury authority to deposit the money subscribed for bonds in banks throughout the country. It is his policy to distribute these deposits where the money originates. Thus again we provided an excellent safeguard against business displacement.

The floating of this great loan will afford opportunity for getting a new angle on the savings habit of Americans. Heretofore Americans have not been satisfied with the low returns provided for government securities. They have not been buyers of government bonds. It is said that less than one fifth of 1 per cent of the people of the United States are bond owners, and of course only a small portion of these are holders of government bonds. In Great Britain and France nearly 12 per cent of the people have actually participated in the raising of war finance by the purchase of bonds. On the basis of patriotic duty great many Americans will now become bond holders and the practice of buying this class of securities will be stimulated.

In order to make this great loan a complete success; in order to minimize the evil effects; in order to distribute the shock so that business will not feel it, it will be absolutely necessary for the people at large to participate generously in the liberty loan. To require the banks and trust companies of this country, whose total loans for commercial purposes now are fifteen billion dollars, to assume the bulk of a government credit of an additional seven billions would be subjecting the business of the nation to too great a strain.

PEOPLE ASK US what is the best hair tonic. We always recommend Meritol ADAPA HAIR TONIC

We know the formula and it is a good one. Sold only by us, 50c and \$1.00. Capital Drug Store, Z. J. Riggs, Salem, Ore.

PUBLIC INVITED TO ATTEND HIGH SCHOOL

For the first time in many a year, the public is invited to come to an inspection of the inside workings of the high school.

If the average fond father thinks his boy is just spending a lot of time getting away from books in order to hammer around in the usual training room, he will probably get one of the surprises of his life when he looks in tonight and takes note of what the manual training department is doing.

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, astrophishes Salem people. Because Adler-ika acts on BOTH lower and upper bowels, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas.

It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-ika is astonishing. J. C. Perry, druggist.

light of all this domestic science stuff she, too, will be surprised to learn that with the facilities furnished here the girl is actually learning something that will make her a better housekeeper than spending time on algebra and learning about the kings of England.

See Girls at Work... There will be an exhibition of what the girls are doing in physical training which some people believe is of more importance than learning a foreign language. Then the commercial department will be in full swing, where there is something taught that is of immediate value from the standpoint of making a living.

Tonight beginning at 7:30 in the high school building the 630 students will not be on dress parade but just busy at their regular daily studies. The girls will be cooking and sewing, the boys will be doing manual training work in that department, the typewriters will be clicking, other girls will be going through their gymnastic drill and the art pupils will show their work. In fact every class room will be earnestly working away regardless of outlooks.

Program Concludes It... All this will be on from 7:30 until 8:50. At this hour, all departments will close and a program will be given in the assembly room. After the program all students will return to their departments for half an hour when all visitors are expected to get acquainted with the students and ask all sorts of questions. Also talk with the teachers. The members of the board of education with Superintendent Todd will be in

the board rooms from 9:30 until 10 o'clock for a conference with any who are interested enough in the schools to get acquainted with the board and seek information.

The program to be given in the assembly room from 8:30 to 9:30 is as follows:

- 1. The High School Chorus will sing: (a) "The Nightingale and the Rose," Lebert; (b) "Where Are You Going, My Pretty Maid?" Callicott.
2. Mathematics Department. Roman Interest Sketch.
3. German Department. Folk-Songs with Pantomime.
4. English Department. Reading by Miss LaVon Coppock.
5. Latin Department. A Roman School.
6. Art Department. Address by Mr. Chas. Huaglin.
7. High School Orchestra. Muzzing Serenade.

NEGLECT the treatment of Piles and the conditions rapidly become worse. Relieve yourself by using Meritol ADAPA PILE REMEDY

a remedy of merit and guaranteed to give relief. Sold only by us, 50c and \$1.00. Capital Drug Store, Z. J. Riggs, Salem, Ore.
