### BRITISHES LOSSES IN MAY ARE 114,118

Report Not Definite As To Time and May Include Losses of April Also

London, May 31.—British casualties published during May totaled today 114,118 officers and men killed, wounded and missing.

The details showed:		
Killed	Wounded	Missing
Officers .....	1,552	3,762
Men .....	25,838	75,718
Totals .....	27,390	79,480

The figures above are probably from lists announced by the war office and probably include some casualties for April as well as May. General P. H. Maurice, director general of operations, recently declared the casualties in the present British offensive had been fifty per cent less than those of the Somme drive. In the three months of this offensive the British losses were 307,169—an average of 102,390 per month. If the 114,118 listed in the above London dispatch can be taken as a month's total, it would seem that the losses in the Arras-St. Quentin drive have been higher than those of the Somme drive, rather than less as announced.

No official announcements of total casualties in the newest British drive have been made, nor has there been any previous unofficial list as above. The offensive began early in April. It is possible, however, that the figures as stated may have been published in the month of May, but made to include all casualties since the start of the drive so that the total may readily be for two months instead of one.

#### Salem Man Tells of Life at Fort Leavenworth

A letter from Gale W. Church, formerly a motorman on the Salem Street Railway, indicates that the life of a soldier agrees with him. He is stationed at Ft. Leavenworth and is in the signal corps service. He writes that he enlisted April 26, married the next day, arrived at Vancouver April 27, leaving there May 5. He thinks the food about right at Ft. Leavenworth, as for breakfast they have mush and milk, fried potatoes, fried meat and coffee with cream and sugar. For dinner the fare includes roast meats, boiled potatoes, gravy, vegetables, pudding and coffee or chocolate. For supper the fare calls for cold meats, fried potatoes, salads, fruit and coffee. No sugar or butter is served at dinner or supper.

#### Miss Ada Miller In Concert at Harrington, Ill.

The Harrington Review says of Miss Miller: "She is a musician of rare ability and is heralded here as Oregon's young nightingale. Her voice is a beautiful lyric soprano of wide range and bird-like clearness. In addition to a number of years of serious musical work in Oregon she has had three years of uninterrupted study with great singers of the east. For the past two years a part of her time has been given to the concert stage where she has met with unqualified success."

#### Market Was Lively and Prices Higher

New York, May 31.—The New York Evening Sun financial review today said: Wall Street resumed business today after the Memorial day recess in a most cheerful frame of mind, which was reflected in active trading in the stock market and a rising scale of prices throughout the list. **REMOVES ROOTS AS WELL AS SURFACE HAIRS**  
(Something new and Different)

The chemist who discovered the remarkable hair destroying properties of phelactine has conferred a genuine blessing upon a multitude of women. This peculiar substance seems to paralyze and shrink up the hairs to which it is applied, right down to their roots—and these hairs come out very easily and quickly, roots and all, before one's very eyes!
