**Some Notes About Local Registration**

Sheriff Needham received today through the mails about 150 registration cards from out of town men between the required ages who were not able to be present in person. The registration, like the election yesterday, appears to be light. In Precinct No. 11, at three o'clock 52 men had registered; in precinct No. 16, 31 had registered and in precinct No. 12, there were 38 on the list.  
It is expected that the largest number will register after five o'clock. The registration places will be open until nine o'clock this evening.  
Sheriff Needham said that his work was just beginning and that tomorrow the county board would meet to make out the report.  
F. H. DeVore, manager of the Woolworth store, was the first man to register at Precinct 11. In fact, Mr. DeVore was there about ten minutes ahead of time. Anyhow he had the pleasure of being No. 1. In this precinct, up to 3 o'clock, 52 had registered, about equally divided between those who were married and those who were not.  
42 per cent of the unmarried men claimed dependent relatives especially father and mother, as the reason they

2 Drops Make Corn "Fall" off!  
"I've joined the Never-Again club. Never again will I use anything for corns but 'get-it.' Put 2 drops of 'get-it' on, and from that second the corn begins to shrivel, instead of swelling up like a little white sponge. Then it loosens from your toe—and, glory hallo!—the corn comes off as though you'd take a glove off your hand!"  
Yes, "get-it" is the corn discovery of the age. More "get-it" is sold by many times than any other corn remedy in existence. Try it and you'll know the reason why. It takes two seconds to apply it, and it dries at once. That's all. Don't experiment—follow the experience of millions and use "get-it."  
"get-it" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.  
Sold in Salem and recommended as the world's best corn remedy by J. C. Perry, D. J. Fry, Opera House Pharmacy.

**Warnings Sent Out**

Early today the department of justice telegraphed orders to agents in certain districts and cities designated as "potential trouble areas" to be on the alert.  
Warnings were sent to the local authorities in these districts to act instantly without awaiting federal authority. Agitators and anti-registration speakers will be arrested without the formality of a warrant.

**French Make Air Raid**

Paris, June 5.—In reprisal for the recent German air raid over Barle Due, French air craft carried out a successful air bombing expedition over Treves and the German aviation camps at Morlange, Habsheim, Proseant and Sisonne, an official announcement today asserted.  
"Important results were achieved," the statement said.

**Paper Mill Strike May Have Been Due to German Influence**

Portland, Or., June 5.—United States District Attorney Bames is watching the Crown Willamette Paper Mill strike at Oregon City closely, he said today. Activity of German agents is suspected and federal agents are investigating each new development.  
Oregon City paper makers recently organized, Roy Ott, the president of the union of machine men, was dismissed by the company because of alleged threats of bodily harm and the men walked out. The plant, employing 900 men and turning out between 200 and 225 tons of news print a day, is closed now.  
Otto E. Hartwig, president of the State Federation of Labor, and a German by birth, led the organization of the unions at Oregon City and is personally conducting the strike. It is reported at Oregon City that Hartwig is not naturalized.  
B. T. McBain, mill manager, is inclined to accept the spy theory of the strike's origin. "I would not be a bit surprised if German agents were responsible for our troubles," he told the United Press today.  
The strikers are the best paid men in the plant, earning from \$15 to \$150 a month with bonuses in addition.

**Some Small Raids**

London, June 5.—Field Marshal Haig kept up his incessant rail fighting policy on the western front last night, he reported today.  
"At night east and south of Ypres we made successful raids," he said.  
"Southeast of Lens and south of Arrmentieres hostile raiders were driven off."  
This is the third successive day on which the British have reported raids in the northern section of the western front.

**SOCIETY**

**RED CROSS** benefits are growing rapidly in number, and this week again will be replete with attractive functions.  
One of the largest and most delightful of which will be the bridge tea and dance to be given tomorrow by the Illibee auxiliary, at Elks club house.

The Elks who always are among the first to aid in a worthy cause have generously donated their attractive hall for the affair, which promises to be a huge success.  
Scores of prominent folk already have purchased tickets for the dance, and many have signified their intention of attending both the bridge and dance.

The tickets for the dance are on sale at the Elks club, The Sign, the Gray Belle and the Capital Drug store. They are 50 cents a couple, and everyone interested in the Red Cross is invited to attend.

Much regret is felt over the departure of Mr. and Mrs. D. I. Howard, who with their children left Saturday for the south.  
The Howards will pass several weeks in Holly Springs, Miss., as the guests of relatives, and later will go to Virginia Beach for the summer. They will be joined there by their daughters, Mrs. Tucker (Carey Howard) and Miss Mary Creed Howard who have been in the south for some time.

This winter they will go to Columbus, Miss., where they plan to make their home.  
Although the Howard family only came to Salem from the south a few years ago, they have made many friends here, and will be much missed.

A marriage that will be of interest to Salem society is that of Miss Helen Krause of Portland and Glen Sigel, which took place on Saturday morning at the First Presbyterian church, Rev. John H. Boyd officiating.  
The ceremony was a small simple affair and the couple was unattended.

The bride wore a smart tulle with picturesque straw hat and corsage of arching rosebuds. She is the daughter of Mr. and Mrs. Otto E. Krause, and a charming girl. The Krauses formerly made their home in Salem, and both the bride and her parents have many friends in Salem society.

Mr. and Mrs. Sigel are sojourning at the home of Mr. and Mrs. W. J. Trillity at home after June 15 at the Trinity Place Apartments in Portland.  
Dr. and Mrs. Harry E. Clay passed yesterday in Portland, having motored down in the morning.

Mr. and Mrs. Joseph H. Albert and Dr. and Mrs. John C. Griffith motored to Eugene Saturday returning Sunday.  
Mr. and Mrs. John Gary of Coquille are passing a couple of weeks in Salem, and are the guests of the latter's parents, Mr. and Mrs. George A. Thomas, on 499 North Nineteenth street.

Mr. and Mrs. Frank T. Schmidt have returned from a visit in Olympia, Wash. They made the trip in their car and were away for about a week.

**Bopp and Van Schaack May Begin Doing Time**

San Francisco, June 5.—Franz Bopp and Eckhardt H. Von Schaack, former German consul general and vice consul here came to San Francisco today to talk with their attorney, Theodore J. Roche.  
Since their conviction of violating American neutrality, they have been held in a detention camp on Angel Island. They were sentenced on January 22 to two years imprisonment.  
Bopp and Von Schaack probably will begin serving their sentences at once. This is believed to be the object of their conference with Roche. They figure that their internment as "enemy aliens" may last as long as their prison sentences, and they might as well be in a federal prison as in a detention camp.

**BIG POLK COUNTY ACREAGE IS PLANTED TO BEANS**

Monmouth, Ore., June 5.—According to county agriculturists, Polk county will become as famous for its beans as it has for its prunes, if the crop is good as acreage is enormous. Many farmers in the county are planting from five to 25 acres in beans and others are planting entire farms of 100 acres to the crop.

**A surprise in biscuits**

When my mother brought in the plate of hot biscuits she said: "Thank goodness they turned out light! Your Cottolene certainly does make them light."  
She meant the Cottolene that Mr. C. had given me to try.  
My small sister teased Mother about butter, because Mother had always sworn by butter for biscuit making.  
But Mother had to admit that Cottolene was quicker and easier beside being cheaper than butter—and yet that Cottolene biscuits tasted every bit as good as butter biscuits. She said she had never yet seen a shortening that mixed as evenly and smoothly as Cottolene.  
The biscuits were rich and crisp with a delicious flavor.
