

THE SENATOR DECLARES HIMSELF.
 I LIKE W-B CUT TOBACCO, AND I'M INTENDING TO USE IT JUST AS LONG AS I WANT TO, REGARDLESS OF WHAT ANY ONE SAYS OR DOES.
 I ADMIRE HIS SPIRIT OF INDEPENDENCE.
 ACCORDING TO THE PRINCIPLES OF AMERICAN GOVERNMENT HE HAS THE RIGHT.

WHAT makes tobacco good is the sap there is in the leaf to start with and the way it's cured—some tobacco is sappier than others. If you take a big chew of W-B CUT, you may find it too rich for you. Take a little chew—it's made of fine, sappy, leaf; there's a lot of tobacco satisfaction stored away in it. The touch of salt brings it out, without so much chewing; and a little chew lasts and satisfies.

\$346,000,000 MUST BE RAISED BY FRIDAY

Totals Given Out by Department Shows \$1,658,000,000 Subscribed

Washington, June 13.—Complete official figures from the treasury department this afternoon placed the total Liberty loan subscriptions at \$1,658,000,000, apportioned among the federal reserve districts as follows:
 New York, \$758,000,000.
 Boston, \$161,000,000.
 Philadelphia, \$83,000,000.
 Richmond, \$55,000,000.
 Atlanta, \$28,000,000.
 Chicago, \$184,000,000.
 Cleveland, \$153,000,000.
 St. Louis, \$47,000,000.
 Minneapolis, \$50,000,000.
 Kansas City, \$58,000,000.
 Dallas, \$29,000,000.
 San Francisco, \$52,000,000.
 New York is the only district which has over-subscribed its quota, which was \$600,000,000.

MAY PLAY LAST GAME DAY AFTER TOMORROW

Teams Serve Notice They Will Not Accept Cut—Manager Says They Must

San Francisco, June 13.—The last game in the Pacific Coast league at least until after the war may be played on June 15.
 The players of the Oakland and San Francisco teams, following receipt of notices that their salaries will be cut on that date sent round robins to Presidents Berry and Ewing of the two clubs yesterday in which they stated that they would refuse to accept cuts.
 The round robin of the San Francisco club was as follows:
 "We, the members of the San Francisco club, have decided not to take a cut in our salaries. The reason is that we cannot see where a cut in players contracts which were signed by us in good faith can save the league."
 (Signed), Roy Corhan, E. J. Erickson, V. Schaller, Justin Fitzgerald, Charles Pick, Jack Calvo, J. C. Oldham, P. J. Dougherty, Charles A. Baum, George J. Maisei, Ray Kee, Del Baker, Jerry Downs.

MAY PLACE ALL PAPER MILLS UNDER GOVERNMENT CONTROL

Washington, June 13.—All paper mills in the United States will be placed under government control during the war, and a request made that the Canadian government take the same action, if a recommendation made to the senate today by the federal trade commission is carried out.

The price of newspaper paper, already high in 1916, has risen more than fifty per cent since that date, according to the report and all efforts at arbitration to restore competitive conditions have failed. It is estimated by the commission that paper manufacturers during 1916 received over \$17,500,000 in excess profits and that paper during 1917 will cost \$35,000,000 more to the consumer than last year.
 "The news print paper situation is very serious," says the report, "not only to the consumers of paper, but to the public generally and to the government of the United States, which is itself a large consumer of paper. The commission has reason to believe that this situation will be still more aggravated and serious in the ensuing months."
 Prices Keep Climbing.
 "It seems probable that with the demand for news print paper increasing and the supply remaining constant and possibly diminishing, there will be a repetition of the panic market of last year and the exactions of prices that are entirely out of measure with the cost of production. The consequences to thousands of smaller newspapers and many of the larger ones and through them to the reading public, will be most serious."
 By reason of this condition and because of the vital interest to the public of an efficient dissemination of news in this crisis, the commission recommends as a war emergency measure that congress by appropriate legislation provide for the government operation of all mills producing and all agencies distributing print paper and mechanical and chemical pulp in the United States be operated on government account; that these products be pooled in the hands of a government agency and equitably distributed at a price based upon cost of production and distribution, plus a fair profit per ton.
 "2. That pursuant thereto, some federal agency be empowered and directed to assume the supervision and control thereof during the pendency of the war."
 Canada May Stand In.
 "3. That by reason of the fact that approximately 75 per cent of the production of news print paper in Canada comes into the United States, of paper and mechanical and chemical pulp into the United States shall be

co-operation of the Canadian government in the creation of a similar government agency for the same function, which shall be clothed with power and authority to act jointly with the governmental agency of the United States for the protection of the consumers and manufacturers of print paper and the public of the United States and Canada.
 "4. That in case the Canadian government shall not join in such a cooperative enterprise, then importation of paper and mechanical and chemical pulp into the United States shall be made only on government account or through the federal agency charged with such supervision and distribution."
 This plan contemplates the operation of mills under their present management and the use of the present distribution agencies, but directed by federal agents. Such a plan has already been successfully operated in Great Britain.
 Two men arrested in Vale this week for importing liquor each had 250 quarts of booze in his auto, and Baker was the point they intended to sell it in.

THE WEEK'S SHIP LOSSES

London, June 13.—This week's shipping losses through the submarine warfare, as officially announced late today, showed 23 vessels of more than 1,000 tons sunk and 10 under that tonnage. Twenty-three ships were unsuccessfully attacked by the German U-boats.

He Talked Patriotism Instead of Chautauqua

J. C. Herbsman, one of the advanced speakers for the Ellison-White Chautauqua system came to Salem yesterday to talk chautauqua and let the people know of the better entertainment that has been prepared for them for the week beginning July 15.
 But when he arrived in Salem, he found the air charged with patriotism, Red Cross and Liberty bonds and while those attending the meeting at the Commercial club were willing to hear of the chautauqua, they were thinking of the needs of the government.
 Hence Mr. Herbsman briefly told of what the chautauqua was doing, and then turned his attention to the proposition of Salem to raise \$35,000 for the Red Cross. He first mentioned the fact that his father and mother were German but that did not prevent him from being an American first, last and forever. He then delivered one of the most patriotic rousing addresses ever heard in the city.

State House News

Edward Ostrander, secretary of the public service commission, returned this morning from Washington, D. C., where he went with Commissioner Corey to attend the hearings of the interstate commerce commission relative to the fifteen per cent rise in freight rates asked by the railroads. He reports the weather very backward in the east; in fact, the crops were retarded considerably by the cold more than the rain.
 He says there is considerable troop movement along the Atlantic coast and it will not be surprising to hear in a few days that American troops have landed in France. This is delayed only on account of the lack of shipping facilities for transportation of both men and supplies.
 One million dollars is the capital of the Willamette Shipbuilding company of Portland, which filed articles of incorporation with the corporation commissioner this morning. The object of the company is to build and operate shipbuilding plants. The incorporators are E. B. Jones, W. E. Jones and Mark T. Kady.
 Certificates of dissolution of the Welch Holding company and the Umpqua Development company were filed today.

Court House News

Mandates from the supreme court relative to cases decided by that tribunal were received by the county clerk this morning. These mandates refer to the following cases: Dan J. Fry against the City of Salem, Helen F. Carson against the City of Salem, Juliet M. Lord against the City of Salem, all of which were decided against the city in the matter of the High street and the Twelfth street paving, and the State of Oregon ex rel Max Gehlbach against U. O. Boyer county clerk and the county court, to prevent the Bean bill from going on the ballot for the election June 4.
 A marriage license was issued this morning to Arthur E. Kunke, a farmer of Turner, and Anna Niffet, also of Turner.

THIS TO BE TAKEN

New York, June 13.—The nation's total subscribed in the Liberty loan reached \$1,658,000,000 today. The New York district contributions showed \$748,000,000—an increase of nearly \$100,000,000 since yesterday. These figures announced by the Liberty loan headquarters here show that \$354,000,000 is yet to be subscribed by Friday.

Portland Rose Show Opens With 21 Guns

Portland, Or., June 13.—With a salute of 21 guns fired by battery A, Third Oregon, Portland's eleventh annual Rose Festival was opened this morning.
 Three thousand school children paraded through streets on the East Side this morning and early this afternoon Queen Nina and King Mae were crowned.
 At 7:30 o'clock tonight President Wilson will press a button in the white house which will unveil a fifty foot Statue of Liberty at the court of patriotism.

Probably 15 Killed In Missouri Tornado

Chillicothe, Mo., June 13.—Meager reports from Unionville and Mercer, Mo., received here this morning, indicate that probably 15 persons were killed in a tornado that swept those towns last night. The Chicago & Alton railroad offices have received reports that Trenton, Mo., also was in the track of the twister.

KING HUNTING A HOUSE

Paris, June 13.—Ex-King Constantine of Greece is going to Switzerland in his exile, according to authoritative information received today from Athens.

JOURNAL WANT ADS PAY

MUST ACCEPT OR BE DROPPED

San Francisco, June 13.—Henry Berry owner of the San Francisco Coast league club, today picked up the gauntlet thrown down by the players of his club and notified his players that all who do not accept the salary reductions announced a few days ago will be dropped from the club roster.
 "I will have to make arrangements as soon as possible to supplant a number of you by other players who are willing to work for a salary that the business is able to pay," he wrote the players. Berry also addressed a meeting of players and urged them to reconsider.
 Meanwhile the spirit of "strike" appears to be spreading to other league clubs. Salt Lake and Portland players have already openly voiced their determination to reject a cut and the Los Angeles players and those of the Oakland team who would be affected by the reductions are also reported to have taken similar action.

Watching the Scoreboard

Those proposed salary reductions didn't affect the Oaks playing, not in the least.
 They walked right over the prostrated Seals and grabbed another game 8 to 1. The San Franciscans could do nothing with young Kremer and their eight hits were mostly made when they did not count.
 Meanwhile the Oaks were hammering Indian Smith and Dougherty with great abandon and eat. Captain Murphy got three hits out of four times up, while Lee scored three out of three times at bat.
 Curly Brown went clean out of his head, apparently, in the third session at Portland and walked two men. Hogg, who replaced him, hit one and walked another. When the second inning closed Portland had scored three runs, which was one more than enough to win.
 Willie, of the Beavers had a successful day, hitting at a 1,000 clip.
 Three singles bunched in the third gave the Angels their two runs. Final count 4-2.

Venerable Austrian Buys Liberty Bonds

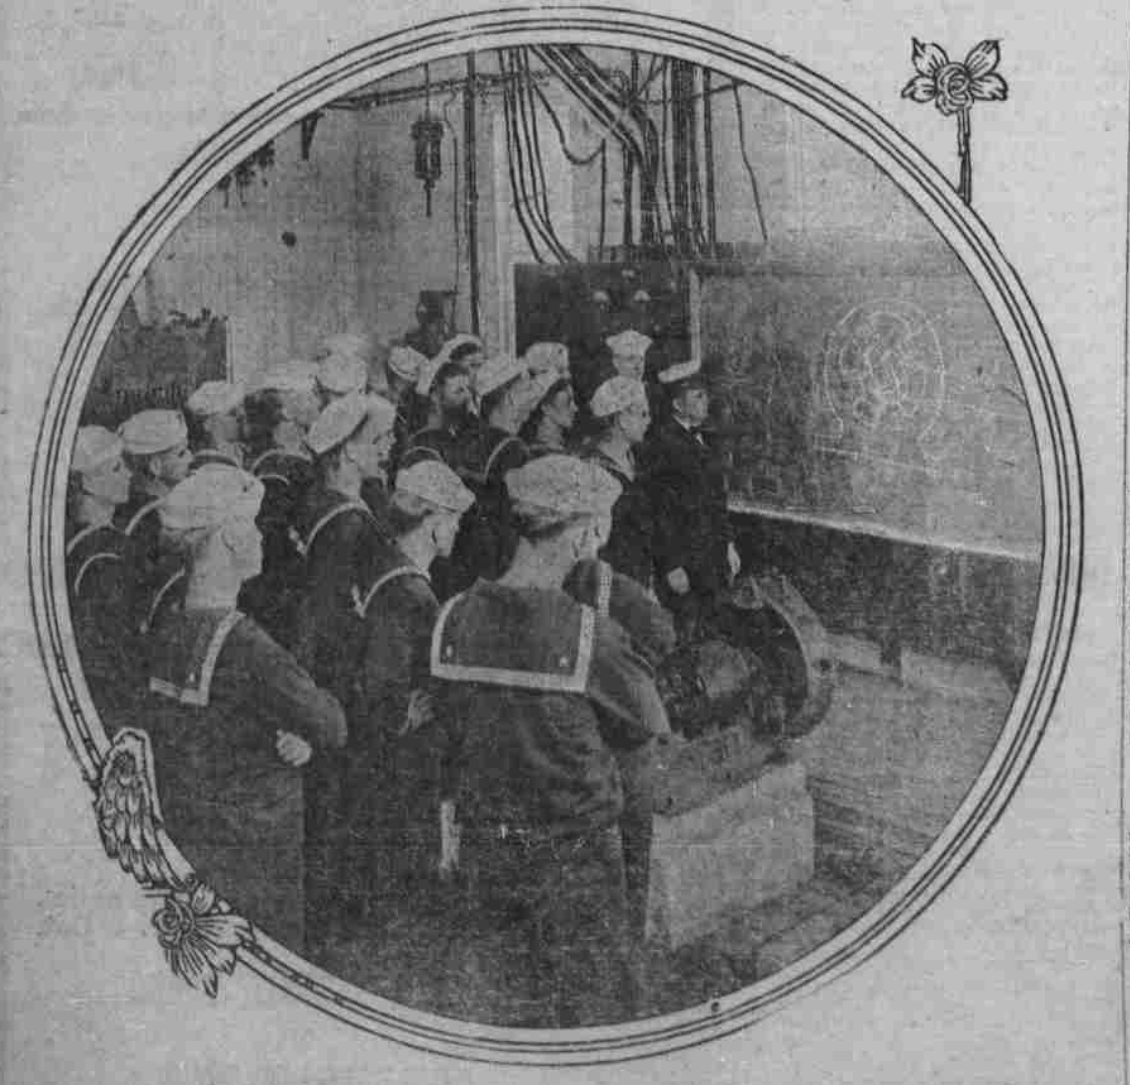

Antone Wirth lives with his son at 2956 Fairgrounds road. He was born in Austria in 1826, so is 91 years old. He took out his first papers in this country in 1857. He served under Sherman during the civil war. He came down to the Land & Bush bank this morning and brought with him the money to buy a liberty bond. "I meant it when I took the oath of allegiance to this country," said the venerable patriot. Here my children and theirs will live. It is their country by birth and mine by adoption, but just as much mine as theirs.

ROUNDED UP SLACKERS

Duluth, Minn., June 13.—Federal agents rounded up 164 alleged slackers in the Mesaba iron range district today. More arrests are to follow. Many under arrest admit they have not registered, it is said.

GOOD LUCK FOR COFFEE DRINKERS

in a change to Instant Postum

THE SEAMAN GUNNER—A GREAT DEAL OF OUR SUCCESS IN THIS WAR WILL DEPEND UPON THE bluejackets known as seaman gunners.—Seaman gunners are recruited from bluejackets that have served at least one enlistment of four years. A bluejacket is indeed a lucky fellow if he wins assignment to either of the seaman gunner schools. The sailor student is given a groundwork in elementary electricity, because it may be necessary for him to handle dynamo. Next, he is familiarized with the dynamo as an electromotor more directly concerned. Seaman gunners are given a special course at three weeks in machine shop practice. This work has been so systematized that the sailor students are subjected to an intensive training that is radically distinct from the instruction of a machinist shop apprentice in civil life. It takes a good many weeks to master all of these details. The seaman gunner must know how to correct out-faulty performance on the part of the torpedo, and this he cannot do unless thoroughly familiar with the weapon in its entirety.

ATTENTION, BEAN GROWERS

We desire to call your attention to the fact that we have ordered and will have installed in plenty of time to handle the coming crop of beans, the most complete bean cleaning machinery on the market.

We will have CLEANERS, Graders and POLISHERS, and also CLAY CRUSHING ROLLS for removing the small clods from your beans.

Our cleaner will clean them in first class shape, the graders will grade them into the various sizes, and the polishers will remove all dirt and weather stains so that your beans will go on the market in first class shape.

We do not tie you up in any contract; you are at perfect liberty to sell where you can get the most money and not take what the other fellow says, he sells them for and pay him a fat commission for selling them.

We Will Buy Beans

We represent the largest dealer in beans in the world and expect to be able to pay the highest market prices, but if you can get more money some place else, the beans are yours to sell where you please.

Storage

We have ample storage in a first class brick warehouse and will only charge a very moderate amount for storage, according to time left on storage. Insurance very low.

Do not tie up on any cinch contracts, but sell your own beans to the highest bidder.

Charges for cleaning will be reasonable and as low as any one else will charge for doing an equal job of cleaning.
