You Need Not Suffer From Catarrh

You have probably been in the habit of using external treatments to relieve your catarrh. You have applied sprays, washes and lotions to the mucous surfaces of the nose and throat, and have been temporarily relieved, and then wondered a short time after, why you were troubled with another attack of catarrh.

You should realize that catarrh is an infection of the blood. This fact has been agreed upon by specialists in catarrh troubles, and has been proven in the laboratories of the Swift Specific Co., 305 Swift Building, Atlanta, Ga.

Specific Co. S. S. S., which was discovered over fifty years ago, will cleanse your blood of the catarrhal poisons and will thereby relieve you of the dripping in your throat, the sores in your nostrils, spitting, hawking and bad breath.

All druggists carry S. S. S., and the physicians of our Medical Department will cheerfully answer any letters which you may write them in regard to your case. Swift Specific Co., 305 Swift Building, Atlanta, Ga.

LENS DOOMED TO FALL

The victory was reported in the field marshal's official statement today.

"South and southwest of Oppy at night and early this morning we attacked and captured the enemy's forward position along a front of 2,000 yards," he asserted. "Our whole objective was gained."

"South of the Souchez river we continue to gain ground on a wide front. We entered Avion, taking further prisoners and six machine guns."

The sudden stroke at Oppy is another example of Haig's plan of keeping the enemy guessing by surprise attacks in force. There has been very little fighting around Oppy for weeks. In the last few days seemingly the British have concentrated all their force for the encircling drive around Lens. The Germans probably likewise have been hurriedly massing reserves to defend the coal city.

Keeps Them Guessing.

In this situation the British commander in chief apparently picked one of the vital points in the switch line which connects Drocourt with the so-called Siegfried section of the Hindenburg line for a smashing blow.

Oppy is one of the important links in this switch line. It is one of the foundation points for the whole German line and has been the scene of some tremendous fighting early in the British offensive. The Canadians strove to progress beyond it. The city is about six miles southeast of Lens, so that the operations there may virtually be considered a part of the general assault now being made against the French coal metropolis.

Avion was reported by United Press dispatches of yesterday from the front to have been taken by the Canadians. It is a suburb of Lens, lying a little below the Souchez river. The "continued gains" on a "wide" front by this section mentioned by Field Marshal Haig means fast progress of the British grip around Lens.

SOCIETY

By ALINE THOMPSON

MRS. MARK W. GILL and two children, who have been the guests of Mrs. Gill's parents, Judge and Mrs. J. C. Moreland, for a few days, returned to their home in Portland early in the week.

Miss Dennie Spillman, who has been visiting the B. J. and Donald Miles for several days, en route to her home in Louisville, Kentucky, left the first of the week.

Mr. and Mrs. T. B. Cooksey and their daughter, Miss Carrie Cooksey, left yesterday for a sojourn in the middle and eastern states.

They will be away for several months and after visiting in Montana, Mr. Cooksey will leave his family for Washington, D. C. while they will go to Chicago and vicinity for a visit.

A delightful evening was enjoyed Tuesday by the members of Salem Orange club, which is composed of graduates and former students of the Oregon Agricultural college, at the home of Mr. and Mrs. Mark D. McCallister.

A feature of the evening was the vocal solo by Miss Lena Belle Tartar, of the '05 class of O. A. C., who since has graduated from the American Conservatory of Music in Chicago.

Musical games rounded out the evening and later refreshments were served.

Dr. Frank Wilbur Chase is expected to arrive home early in the coming week from Chicago where he has been passing a couple of weeks in the interest of his music.

Later Dr. and Mrs. Chase will go to the shore for an outing.

The aid society of the Englewood United Brethren church was entertained on Wednesday afternoon at the home of Mrs. Alonzo Palmer.

The new president, Mrs. C. Chase, presided over the meeting and several committees were appointed for the year. Mrs. L. H. Suter assisted Mrs. Palmer in the serving.

Mrs. Suter and Mrs. A. M. Errom were guests of the aid.

Others present were Mrs. S. P. Hale, Rev. Mrs. Berta M. Peoples, Mrs. Effie Fuestman, Mrs. Effie Naftzgar, Mrs. Della Smallwood, Mrs. Guy F. Phelps, Mrs. Henry Pascoe. The next meeting will be with Mrs. C. Chase.

Mrs. F. Roy Davis and small son, Robert, of Medford are visiting the former's sister, Mrs. Pearl Hibler, and will be here for several days.

They arrived Tuesday, accompanied by Mr. Davis who has gone to Portland on a short business trip.

Mrs. Carrie Chase has returned from Philomath where she went to attend the U. B. conference. While there Mrs. Chase combined business with pleasure, remaining away for a week.

Miss Clara Albert has gone to Silverton for a visit and is the guest of Mrs. William Haberly.

Town of Rock Creek Destroyed by Flood

Portland, Or., June 29.—Investigation into the origin of the flood which destroyed the village of Rock Creek took a new turn today with the arrest of J. W. Gray, farmhand. Owners of the Killamaque reservoir charge that Gray, a discharged employe, dynamited the dam which held back the water of the lake high in the Elkhorn mountains.

The pretty village of Rock Creek today is marked only by a pile of cans. All the buildings were washed away. The power house of the Eastern Oregon Light and Power company was damaged, much livestock was destroyed and thousands of acres of rich valley land laid waste by water.

Killamaque lake was used to store water for irrigation, and the loss of the water, it is feared, will add greatly to the damage to crops during the irrigating season.

LIBRARY NOTES

The following new books are being added to the library this week:

Miscellaneous

Clifton-Brook: Studies in gardening. Ellis: Plattsburg manual. Powell: Municipal engineering practice.

McFarland: My growing garden. Pellet: Primitive bee keeping. Rose: Nationality in modern history. Scott: Patriots in the making.

Fiction

Kyne: Cappy Ricks. Norris: The rich Mrs. Burgoyne. Porter: Miss Billy's decision. Rowland: Filling his own shoes. Wilson: Ruggles of Red Gap.

"The Plattsburg manual" is the latest word on military training. It contains simple directions for the would be soldier, with full illustrations. The authors were instructors at the Plattsburg camp in 1916.

"Municipal engineering practice" is a timely book for citizens of Salem. Perhaps some of the voters would like to know more about the care of city streets before special election day.

ENLISTED IN NAVY

Washington quotes—"Men listed for draft in the army constitutes the same meaning as called to the army colors. It is a self evident fact that after a man has been examined and listed for the army draft, he is no longer available for other branches of the service."

Applicants for navy enlistment, Harold A. Olson, 21 years, clerk at Marion hotel; Carlton T. Welborn, 21 years, clerk in grocery, city J. E. Adams, recruiting officer for the navy.

GIANTS' LEADING IN RACE FOR PENNANT

Are Full Game Ahead of Phillies—"Snipe" Conley Wins 18 Straight

By H. C. Hamilton
(United Press staff correspondent)

New York, June 29.—The steam rolling affair arranged by Pat Moran to iron the links out of the early season predictions of a world's series for the Giants has apparently run into a bank of bad coal. Anyway, something has happened to it. The Phillies today are a full game behind the Giants.

The Giants appear ready to carry out the drive pennantward. They are in as good shape now as may be expected at any time this season. They have withstood the banishment of John J. McGraw; the broken leg of Lew McCarty is hurting the rest of the Giants very little; Charley Herzog's back is again bendable and Ferlie Schupp has crawled out of his slump.

Added to Schupp's work will be the knowledge that Jeff Tesreau and Poll Perritt are ready to be entrusted with a ball game. Also a potent point in the strength of the Giants—Slim Sallee—has done little so far. The beginning of hot weather will trot out the sheriff and he may be relied upon to twirl several high class baseball games before he lays aside his uniform.

The Braves are visiting at the Polo grounds. That always means hard baseball for the Giants. The Phillies are battling the Dodger. The Cubs are not near enough just now to cause any serious trouble.

Te Cobb hit in his twenty fifth consecutive game—an infelix single.

Three hits were yielded by Ferd Schupp and all came in the eighth.

The Red Sox struggled back to life and whipped the Yankees twice.

WINS 18 STRAIGHT

Dallas, Texas, June 29.—John (Snipe) Conley, Dallas, Texas league pitcher and former Baltimore Federal, today holds the world's record of consecutive victories for eight handed pitchers. By winning the game yesterday, shutting out San Antonio, Conley passed the record of 18 straight and now rests only one game away from the record of left handers, held by Rube Marquard. Conley's 17th victory was a nohit, nornun game against Fort Worth Sunday. Only one man reached first and he was caught stealing.

"Red" Oldham Missing

San Francisco, June 29.—Charles ("Red") Oldham, pitcher for the San Francisco baseball club has disappeared and the police instituted a search for him today at the request of his wife. He left home Wednesday evening and went to Oakland and has not reappeared. His wife is prostrated.

BILLY SUNDAY HOME

Hood River, Or., June 29.—Tired from his strenuous New York campaign Billy Sunday, accompanied by "Ma" Sunday, reached their Hood River ranch today. He is resting up for his next revival which will be held at Los Angeles.

TO BUILD SIX SHIPS

North Bend, Or., June 29.—Robert Banks, members of the firm of Kruse and Banks, said today his firm had been awarded six wooden ship contracts by the federal shipping board.

Weekly Report of Union Stock Yards

Portland, Or., June 29.—Receipts Monday were: 1300 cattle, 50 calves, 1400 hogs, 800 sheep.

Cattle—A big supply of cattle was received from California and central Oregon points, although only a few lots in the entire run were strictly fat stuff. There was an excellent demand from practically all northwest butchers and killers and the large run was quickly absorbed at prices ranging from steady to 25¢ higher. One lot of California steers brought \$10.75, which was the only real prime lot of steers in the entire run and buyers showed that they were willing to pay for well finished beef. Several other small bunches brought \$10.25 and \$10.50, with one load of very good steers at \$10. The supply of fair to good steers did not meet the demand although common and ordinary stuff was again very slow in moving although steady prices ruled generally. The bulk of the fair grade steers brought from \$9.75 to \$9.75, with ordinary and medium steers from \$8.50 to \$8.50; and thin Jersey steers around \$6.

Strictly choice cows and heifers were in good demand with several lots at \$9 and a top on one bunch at \$9.50. Very good cows brought around \$8, with strictly fat dairy bred cows and probably a little longer on a few sales, selling from \$5 to \$6.50. Bulls were in good supply and demand equally as good, with heavy bulls again bringing \$7.50. A lot of fairly good bulls that weighed 1150 sold at \$6.50. Calves were unchanged, with but little demand best light vealers bringing \$6.50. There were several loads of good feeding steers on the market which sold readily at steady prices. Good quality feeders brought from \$7 to \$8.25.

Hogs—There was a very brisk trade in the hog alleys. The demand was excellent, with comparatively good supply and prices advanced from the start, with a net gain for the day of from 25 to 35 cents. Several of the best loads
