undesirables out of Bisbee.

They Cannot Return. Bisbee, Ariz., July 13.—"Not a single I. W. W. can ever return to Bisbee."

This is the edict here today following telephone reports from Columbus, that New Mexico authorities and the military would not permit the detaining there of the 1,200 I. W. W.'s deported here late yesterday.

### Ordered to Maintain Law

Washington, July 13.—General Parker, commandant of the Southern department, was ordered by the war department today "to maintain law and order" in the Arizona I. W. W. disturbances. ### Guard County Line

Oakland, Cal., July 13.—Guards placed on the county road at the Contra Costa county line today prepared to resist any efforts of the I. W. W.'s to invade Alameda county. Sheriff Barret has directed his deputies to arrest the I. W. W. leaders the moment they cross the line.

### Denies Germans Aid Them

San Francisco, July 13.—Charges that Germans are financing the activities of the I. W. W. in the far west were indignantly denied today by Ed Moffitt, secretary of the I. W. W.'s Hotel and Restaurant Workers' Union. All the money used comes from the membership, he said. He denounced the Bisbee deportations.

### All Traces of Scrofula Eradicated from the System

By the greatest of all purifiers. A common mistake in the treatment of scrofula has been the use of mercury and other mineral mixtures, the effect of which is to bottle up the impurities in the blood, and hide them from the surface. The impurities and danders are only added to in this way. For more than fifty years S. S. S. has been the one recognized reliable blood remedy that has been used with highly satisfactory results for Scrofula. Being made of the roots and herbs of the forest, it is guaranteed purely vegetable, and absolutely free from all mineral ingredients. You can obtain S. S. S. from any drugstore. Our chief medical adviser is an expert on all blood disorders, and will cheerfully give you full advice as to the treatment of your own case. Address Swift Specific Co., Dept. F • Atlanta, Ga.
