SOUTHERN PACIFIC IS FACING A STRIKE

Railroad Brotherhoods Demand Grievances Be Removed by Saturday

San Francisco, Aug. 1.—Representatives of the four railroad brotherhoods today threatened to call members of their orders employed by the Southern Pacific railroad on strike at midnight Saturday unless grievances which have been in process of negotiation for several months are immediately settled. It is estimated that such a strike, if called, would involve about 8500 men.

W. R. Scott, vice-president and general manager of the Southern Pacific, this afternoon declared that he did not anticipate any serious difficulty. Grievances involving the members of the brotherhoods are now being negotiated, he said, and he added that he is confident an amicable adjustment will be reached.

It is understood that the grievances involve some 250 individual cases. Representatives of the brotherhoods have been here for several weeks conferring with Southern Pacific officials. Several months ago the Southern Pacific trainmen, by a referendum, empowered a committee of their officers to call a strike if they decided one would be necessary after failing to gain a satisfactory settlement of the grievances.

Evangelical Church Begins Camp Meeting Program for Event

One of the largest camp-meetings ever held at Quinby Park opened yesterday, under the auspices of the United Evangelical church. Last night's program was an address given by the president of the Keystone League of the Christian Endeavor, C. P. Gates. Today the Keystone League has its day, with lectures and addresses by experts in the Endeavor work.

The Bible conference opens tomorrow with a devotional service led by the state president of the conference, M. J. Ballantyne. This conference will continue for two days, after which the annual camp-meeting will be in session until the 12th of the month.

Following is the detailed program for the meetings: Bible Conference, August 2-3. Thursday, Aug. 2, Morning. 9:00—Devotions. 9:15—President M. J. "THERE IS GOING TO BE HELL TO PAY FOR THIS"

This Is the Statement Made On Street Corners of Butte Over Lynching

Butte, Mont., Aug. 1.—"There is going to be hell to pay for this." This statement, made on a street corner here this afternoon by an I. W. W., characterized the feeling which prevails among I. W. W. in the Butte mining camp over the lynching this morning of Frank W. Little, executive board member of the Industrial Workers of the World.

An autopsy over Little's body this afternoon revealed several gunshot wounds. Little at the time he was lynched, walked on crutches, having been injured in an automobile accident. Members of the local I. W. W. union visited the sheriff's office, demanding a searching investigation of the lynching and threatening vengeance.

"We will get ten for one for this. You may hang a few of us but we will get the ones who did it," they declared, and demanded that none but members of the I. W. W. be summoned to act as jurors at the inquest. The inquest disclosed that five unidentified men came to the boarding house where Little roomed shortly after 3 o'clock this morning, carried him to a waiting automobile, took him to the trestle and hanged him.

A message declaring that he would take personal charge of the prosecution of those who killed Little, if they are identified, was received by the local union late today from William D. Hayden, national secretary of the Industrialists.

Three U-Boat Attacks Were Made Upon Pershing's Exp

Washington, Aug. 1.—Three U-boat attacks were made on sections of the Pershing expedition, Admiral Gleaves reported to Secretary of the Navy Daniels today.

The first attack was by two boats the night of June 22. Two torpedoes were fired but missed the transports. The second attack was on the night of June 25, one hundred miles off France. One ship sped ahead, passing over the submarine's bubbles and dropping a depth charge as it went. This was probably effective, as timber and oil were seen later. Another ship had fired on the boat first but missed.

The third attack was on the morning of June 28. Two torpedoes fired missed because the transport at which they were directed began a zig zag course when realizing the danger.

Gleaves' account is even more spectacular than that put out July 4 by Daniels and the public information committee. It states that the Germans apparently knew of the location of the American transports and arranged an organized series of attacks.

Two Drownings Due Probably to Heat

Pel a, Iowa, Aug. 1.—Search was resumed early today for the body of Professor Peter Proet who drowned last night, with his wife and son Robert, aged 14. The bodies of the wife and son were recovered from the Des Moines river during the night.

The trio was swimming in the Des Moines river near here. While there were no witnesses to the triple tragedy, it is assumed today that father and son drowned while trying to rescue Mrs. Proet, who was not a strong swimmer. The two men were considered experienced in the water.

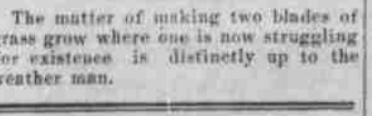

POPE NOT SUPPORTING IT

Rome, Aug. 1.—Pope Benedict is not supporting any peace plans which the German catholic party or its leader, Matthias Erzberger, may be agitating. Those close up to the Vatican declared today that the pope had been extremely careful not to support any particular peace plan, or to permit his sympathies to incline toward any particular group of peace agitators.

Vatican officials admitted the Holy Father was striving for a "just and christian peace" but not through any of the agencies of others.
