

The HOOSIER Thermometer Says—

“Cooler Kitchens for 14 More Salem Women”

Official Notice To Stop The

# HOOSIER SALE

**\$5 OFF!**  
Tomorrow For The Last Time

Remember 8 a. m. tomorrow and be here as soon after that as you can! For only a few, a very few Hoosier Specials remain for the final day of the Hoosier cut-price sale. And these few may be taken and probably will be—before night! That closes the sale. There will be no more at this reduction when these are gone.

The maker has given us official notice as follows:

Hoosier Kitchen Cabinets cannot be sold at reduced price after Saturday. Restore your regular price—\$5 higher—on Monday. Reports from all states indicate the most successful sale in Hoosier's history and thousands of women made happy. Yours truly, HOOSIER MFG. COMPANY.

**Valuable Hoosier Features**

There is plenty of unhampered room shown around the porcelain work-table. No low little partitions to clog up the space. The Hoosier gives you a big table space to work on—5 ft. wide, 17 in. high, not found in all other cabinets combined. Here are five:

1. All-Metal, Glass-Top Porcelain Dishes
2. Gene-Driven Shaker Flour Sifter
3. Storage Space for 400 Articles, all within arm's reach
4. Lavish, High-Capacity Sugar Bin
5. The New Roll Doors that you can slip out for cleaning.

## \$1 Puts the Hoosier In Your Kitchen

Yes, you can save \$5 cash by paying \$1 tomorrow, if you come before the last cabinet is taken.

The terms of the sale are these:

- 1—Pay only \$1 when you order the “Hoosier Special.”
- 2—Pay the balance only \$1 a week.
- 3—No interest, no extra fees.
- 4—Your money all back if you are not delighted.
- 5—Bona fide cut of \$5 in the price, but sale ends absolutely when the few remaining “Hoosier Specials” are gone.

**Not A Pantry**  
Don't think the Hoosier is only a pantry. It is not. It combines a pantry, a cupboard and a large kitchen work-table all in one.

Some women think a pantry and a cupboard give all the convenience they need, but you who have them know that you must walk endlessly back and forth in preparing meals and cleaning up afterwards. The Hoosier saves you all those miles of steps.

**Sit Down at Your Work**  
The Hoosier has places for 400 articles all within arm's reach. You

can sit down restfully at your work! The big porcelain table-top is acid-proof, dent-proof and scratch-proof. It slides out and leaves you plenty of knee room.

More than a million women have the Hoosier, and they are doing your hour's work in thirty minutes! Save toil, save steps and save health and strength—not for the day, not for the week or month—but for a lifetime!

**Remember 8 A. M.**  
It costs you nothing to investigate. If you decide that you want this beautiful cabinet, you save five dollars in just about five minutes.

*But please be sure to be here early! Selling will resume promptly at 8 a. m.*

## C. S. HAMILTON FURNITURE

### State House News

Articles of incorporation were filed this morning by the G. F. Johnson Piano company of Portland for the purpose of dealing in pianos and organs. The capital is \$60,000 and the incorporators are G. F. Johnson, H. C. Long and F. Claire Johnson.

George F. Rodgers is going into the shipbuilding business and so help win the war for the United States, according to articles of incorporation filed this morning with the corporation commissioner. The capital of the new com-

pany is \$100,000 and it is planned to build ships of all kinds. The plant will be located at Astoria. The incorporators are George F. Rodgers, L. E. Rolfe and C. A. Koppich.

Certificates of dissolution of the following companies were also filed: Iron-clad Soil company, and the Progressive Land and Building company.

The Irwin-Hodson company of Portland have been granted the contract for printing the bonds for the \$500,000 issue of highway bonds. The cost of engraving and printing will be \$375. The commission has adopted a picture of Multnomah falls with a Columbia highway bridge in the foreground for the seal of the commission. This is a characteristic picture of the great highway and will embellish the bonds.

C. C. Chapman, editor of the Oregon Voter, has written to the public service commission protesting against the proposition of Oswald West, receiver for the Home Telephone and Telegraph company, of giving a commission of \$6 to any one who brought in a subscriber for the Home phone. Chapman says this is a violation of the previous order of the commission and is unjust and discriminatory. The advertisement appears in a Portland paper and solicits women and girls to get subscriptions, for which the commission is to be paid.

A petition signed by 144 citizens of Garibaldi was received by the public service commission requesting that the Southern Pacific company be required to maintain a station agent at that place. Garibaldi is on the S. P. line to Tillamook.

Because a corporation organized in the state is deemed a resident corporation it may legitimately serve as an agent for a regularly licensed insurance company, according to an opinion of Attorney General Brown in response to a query from Insurance Commissioner Wells. The attorney general holds that such a corporation is a resident although none of the directors live within the state and business is done by the secretary.

If the commission received by the corporation took the form of a rebate or a reduction of the premium paid by the applicant for insurance, it is held to be unlawful and a violation of the law against rebating, according to the attorney general.

Harrison G. Platt of Portland, a member of the law firm of Platt and Platt, has written to the public service commission complaining that the employees of the Southern Pacific company do not use care in directing passengers to trains. He says that his wife desired to go to Neahkahnie on the Tillamook line on August 7 and that she was advised to take the train at the East Morrison street station at 8:37 o'clock. This train she took, telling several of the employees at the time that she wished to go to Neahkahnie. It was not until she was near Clackamas that she was informed by the conductor she was on a California-bound train. As numerous complaints of a similar nature have been made, the commission will investigate.

A re-checking of the business district of the city of Salem by the insurance rating bureau of Portland for

### NEW PROCESS REMOVES SUPERFLUOUS HAIR ROOTS

Women troubled with unsightly hairy growths will be delighted to hear that they can now actually remove the hair entire—roots and all—quickly, harmlessly! It is done without the use of liquid, powder, paste, or electric needle.

The new phenelaine process is not to be compared at all with any other method. Nothing like it ever discovered. It causes the hair roots to come out before your very eyes—instantaneously—leaving the skin smooth and hairless as a babe's. Its action is so positive, certain, every druggist sells phenelaine under a money-back guarantee. It is non-odoriferous, non-irritating, non-poisonous—a child could safely use it. Get a small stick of phenelaine today, follow the simple instructions; you will be wonderfully surprised.

the purpose of giving a lower insurance rate where fire hazards have been removed as the result of the inspection of Salem by the fire marshal's department will be made within the next thirty days, according to an announcement of James McCune, manager of the Oregon fire rating bureau of Portland, who held a conference with the state insurance commissioner yesterday. Because the fire and water facilities generally in the city do not warrant it, no general re-adjustment of rates will be made. The re-checking was asked for by Chairman McGilchrist of the Fire Prevention committee through State Fire Marshal Harvey Wells.

### HOOPER IS READY TO BEGIN HIS WORK

Has Agents Thoroughly Informed of Plans Awaiting His Orders

Washington, Aug. 9.—Herbert Hoover is awaiting only the word of the president, formally designating him food controller under the new food bill to begin his work.

The machinery for executing the most sweeping law ever passed by congress is ready today. Throughout the country agencies are awaiting for orders from Washington.

The work will be done at first on a volunteer basis. With the law as a club in his hands, however, Hoover expects to swing into line the small percentage who balk at control.

From the producer to the consumer Hoover will work along volunteer co-operative lines, seeking concessions, a general reduction in prices on necessities and a tremendous saving in waste.

As soon as he is formally named controller, Hoover will issue a series of statements outlining his program.

Hoover conferred with the president today regarding the administration of the different food control branches which will be named as soon as the bill is a law.

**TO TRAIN 20,000 HORSES**  
Camp Fremont, Menlo Park, Cal., Aug. 10.—Twenty thousand horses are to be trained for war work at Camp Fremont, it became known today following a visit to the camp by General Liggett, western army department commander. Ten thousand horses will be

needed for the artillery brigade alone. A remount station will be established at the camp and although it is the only one decided upon by Washington to date, it is reported that other stations will be established at the American Lake, Wash., and Lindia Vista, Cal., cantonments as well.
