claims for exemptions are based on the alleged fact that the man has dependents, there are bound to be a great many disappointed claimants, for the district boards will be much more severe in their rulings in most cases than the local boards.

The district boards have already announced that it will be their policy to allow claims for exemption or discharge for dependency, only when it appears that if the man is taken into the military service, his dependent or dependents are likely to become a burden to the community.

If a wife has relatives who can support her during her husband's absence at the front, or if she is able by her own labor to support herself, the district boards will not excuse the husband from service.

This fact might as well be realized now, for it will save many husky young men the trouble of filing claims for exemption or discharge that will never get by the district boards, even should they be passed by local boards.

The great number of claims for exemption, estimated to be about 90 per cent of the number of men called up for service, is resulting in a general tightening up of the regulations governing exemptions and discharges.

STRIKE SITUATION
(Continued from Page One.)

compromise agreed to by the railway company and committee, was submitted to the strikers for a vote yesterday. The company agreed to every demand of the strikers except a closed shop. The compromise was rejected.

Appeals for assistance in restoring transportation and protests against the importation of professional strikebreakers, were sent today to J. Ogden Armour, of Chicago, who owns controlling interest in the company, and W. B. Wilson, secretary of labor.

Strike Imminent at Butte.
Butte, Mont., Aug. 13.—Twenty four hundred Anaconda Smeltersmen will vote to strike today.

This was indicated this morning by early returns. The first several hundred ballots cast showed a large majority in favor of a walkout.

A full vote of the 2400 men is expected. A two thirds majority is necessary before a strike can be called.

A strike of the Anaconda smeltersmen would close or seriously cripple the copper mines throughout this district, as the Great Falls Smelter is not large enough to handle the output of ore.

The Butte Metal Trades Council today sent a committee to Anaconda and Great Falls to urge metal trades councils there to repudiate their recent contract with the companies. The metal trades unions in the three towns are bound together in a state metal trades council.

Governors Agree in Course.
Portland, Or., Aug. 13.—Western states present a united front in meeting the I. W. W. uprising, increasing crop production and other war time problems.

This today is the result of the conference of six western governors here. While no formal resolutions were adopted and no definite program laid down, the executives exchanged views and experiences and agreed to a general program of co-operation in dealing with the various issues.

Governors Withycombe of Oregon and Alexander of Idaho left for their homes Saturday night, and Governors Bramberger of Utah; Lister of Washington; Stewart of Montana and Boyle of Nevada and J. Lubin, representing Governor Stephens of California left yesterday after an informal conference.

Will Have Conference.
Washington, Aug. 13.—The first step toward a settlement of the Kentucky coal mine strike in which 800 miners walked out last Saturday night was announced at the department of labor today.

The miners and mine owners have agreed to an informal conference which will take place tomorrow.

The Folsom street line was almost completely tied up by noon.

The strikers began formal organization of a union during the morning. They appointed a committee of six to

Will Remain Out.
Springfield, Ill., Aug. 13.—Further conferences in an effort to settle the local street car strike awaited the return to Springfield today of B. Cohen, of Chicago, state director of labor, who was instrumental in bringing about the first agreement which the strikers repudiated early yesterday morning.

The agreement was signed late Saturday afternoon and accepted by the strikers Saturday night. Wearing their union buttons, the men appeared at the car barns Sunday morning to resume work. The superintendent ordered them to take off the buttons and after several hours discussion the strikers again walked out. At a meeting later in the day, the men decided to remain out until their union is reorganized.

To Deport Strikebreakers.
Kansas City, Mo., Aug. 13.—County Marshal Harry Hoffman this afternoon was hearing in scores of special deputies preparatory to forcibly ejecting

the 800 strikebreakers encamped at Selsa, twenty miles from here, from the county.

Held Conference.
Oakland, Cal., Aug. 13.—Representatives of the car men's union and of the San Francisco and Oakland Terminal Railways went into conference today to settle the questions at issue between them and which threatens to precipitate a strike. Both sides have accepted arbitration.

GOLF TOURNEY STARTS.
Gearhart-By-The-Sea, Ore., Aug. 13.—Play in the Oregon golf championship tourney started here today with the women's qualifying rounds. The men will play their qualifying rounds Wednesday, Pendleton, Walla Walla, Aberdeen, Portland, Eugene, Salem, Seattle, Baker and Astoria are among the northern towns represented in the entry list.

NO COST IF THIS FAILS TO REMOVE HAIR ROOTS!
(New, Wonderful, Instantaneous Method)

You who are annoyed with embarrassing growths of superfluous hair have waited long for something that would do more than merely take off the surface hair temporarily—something that would really remove the hair roots. And now—at last—your wish is realized!

The new pholacine process is far different from, far better than electrical, depilatory or other methods, because it actually removes the hair entire, roots and all—before your very eyes—easily, instantly, hairlessly! Get a stick of pholacine, follow the simple directions, and you will be surprised and pleased beyond words—or the druggist will return your money without question. It has no odor, no irritating element, and is so non-injurious a child could safely use it. It leaves the skin so soft, smooth, hairless, that not the least sign of your former trouble remains.

RED CROSS DOINGS

Red Cross headquarters is as busy a place as it was during the first days of the Red Cross work when auxiliaries were being organized and the work was new to many in the city.

Within the past two days the following work has been turned in: Mrs. H. J. Bean returned three dozen T bandages, work done by the Presbyterian auxiliary.

The North Howell auxiliary brought in three and one half dozen handkerchiefs that were donated by the auxiliary and 44 towels.

Silverton auxiliary contribution Saturday was 20 pillow cases; 18 shoulder wraps; 2 1/2 dozen towels; 34 triangular bandages; 2 abdominal bandages; 10 hot water bag covers; 2 bed shirts; 4 suits pajamas; 10 pair woolen socks.

The Arisan auxiliary of Salem contributed eight pajama suits.

Olive auxiliary sent in 7 1/2 dozen triangular bandages; 34 napkins; 2 tray cloths; 18 pair woolen socks and 8 towels.

St. Joseph's auxiliary of Salem contributed 91 towels and one dozen wash cloths.

Fruitland auxiliary sent in 29 abdominal bandages.

All communications to Willamette chapter at Salem should be addressed to Mrs. Rollin K. Page, secretary Willamette chapter, A. R. C.

Cotton Goods Get Into Aviation Class and Continual Soaring

Once there was a story about calico selling for 25 cents a yard but it hardly seemed true to the present generation. But from the official price list of stable cotton goods just issued, we are at present half way or more to the 25 cents a yard calico. Standard American calico prints are now quoted wholesale at from 11 to 12 1/2 cents a yard and oil red calico, 4-4, at 15 cents a yard, wholesale. Calico shirting for 20 many years sold at five cents a yard is now quoted to the retail merchant at 10 1/2 cents.

Of course, when cotton is selling at 25 and 26 cents a pound instead of the customary 10 and 11 cents, there is bound to be an advance in cotton goods an advance that might be called war prices. On today's market Amosking gingham, A. P. C., are quoted at 17 1/2 cents, Toile du Nord at 18 cents and Devonshire at 23 cents. Amosking staple gingham cost the merchant 15 cents if bought today.

Every good housekeeper is fairly well acquainted with the price of ten quarter Pequot bleaching. The wholesale price two weeks ago was 48 cents a yard and the quotations received today announce an advance to 55 cents a yard. Nine quarter bleached Pepperell sheeting is wholesale 40 cents a yard today. Utility gingham, a standard ringham put out by Marshall Field & Co. a few years ago retailed at ten cents a yard. Today the price wholesale is 18 1/2 cents.

It is due to the foresight of Salem merchants that the people in this vicinity are not paying a retail price in proportion to the present wholesale. But it is a pretty sure proposition that cotton will continue to soar and also that when present dry goods stocks are exhausted, there will something like war time prices for staple cotton goods.

OLD AGE A CRIME!

Some people are young at 60—red cheeked, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit; step beginning to lag and lose its springiness; occasional touches of pain in the back, feet tired without cause, and possibly a twinge of rheumatic pain.

In most cases these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are always forming in the body. To neglect these danger warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL Haarlem Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them at your druggists. Do not take a substitute. In boxes, three sizes.
