## ARMY BILL MOVE IN THREE INCREMENTS

### Dates September 5, 15 and 30--Occasion Will Be Holiday Affair

Washington, Aug. 13.—The national army will move to cantonments in three increments—of thirty per cent each—September 5, September 15 and September 30—the provost marshal general's office announced today.

The dates specified for each movement of troops are for entrainment at home stations. The last ten per cent of the drafted men will follow as soon after September 30 as possible.

The men must present themselves in civilian clothes with nothing but absolutely necessary baggage.

For many days war department and railroad experts have been working out plans for the great troop movement to camp. It is stated the men will go with the least personal inconvenience but it will be necessary to send all in day coaches.

Country Better Than Husband  
St. Louis, Mo., Aug. 13.—Mrs. Walter Hempling has proved her patriotism. When she is alleged to have discovered evidence that her husband was in the employ of German agents, she immediately notified the police.

## Coos Bay Building Several Vessels for Lumber Carrying

Commissioner Miller of the public service commission has returned from a week spent in the Coos Bay country. During the time he was there he held seven hearings in five days. He reports that business interests in that country have returned to normal and that the L. W. W. trouble is over. Commercial interests are active and everything appears prosperous.

He said the A. C. Smith Lumber company is shipping out of Coos Bay between two and three million feet of lumber each week and that the Adeline Smith, the largest coastwise lumber schooner in Pacific waters, takes a cargo of 1,800,000 feet each week.

Six government vessels are to be built on the bay. They are to be of 3000 tons each, 240 feet long and 47 feet in beam, and double decked. One is already on the ways. Schooners for carrying from one to four million feet of lumber are being built. Two have been launched, three are on the ways. They are building four sets of additional ways for the accommodation of new ships.

## Fifty Per Cent Bean Crop Is Now Assured Says Local Expert

A bean crop of at least 50 per cent is assured in the Willamette valley, according to the estimates of the Salem Fruit company, which has contracts with bean growers throughout the valley. Letters were addressed to the hundreds of bean growers asking for a candid expression as to the crop. In some localities there will be hardly 25 per cent of what was expected a month ago, while again a number of growers report fine conditions.

One year ago, when but few beans were grown in the valley, there was a field run price of five and one half cents a pound. This year, the price is ten cents a pound for number one beans after cleaning, grading, polishing and uniform sacking.

It is estimated that at least 10,000 acres have been planted this year, much of this amount through contracts with the Salem Fruit company to grade and polish the beans and uniformly sack them, in order that the Oregon product might compete with the California market in the east.

The cleaning and sacking plant of the company will soon be set up in a warehouse near the Southern Pacific depot and will be ready for the crop. Even if there should be only half a crop, the great increase in acreage and the higher price paid for graded beans, will add much to the prosperity of the valley.

## WHITE AND RED SOX ARE NECK AND NECK

### If Games Break Right the Score Will Be a Tie Tonight--Nationals Bunched

(By H. C. Hamilton) (United Press Staff Correspondent)

New York, Aug. 13.—There is no valid reason to believe the White Sox will be able to increase their leadership of the American league soap. On the contrary, there is every excuse to suspect that right now is the time when the Red Sox may again mount the pinnacle, although the schedule points to an early re-ascendency by Pauls Rowland's men.

With one victory fretted out of the Indians, the White Sox still have three days of baseball in Cleveland, including today. During this time the Boston team will be engaging the Athletics for the same number of days.

Engaging the Athletics has ceased to be the merry task it was some time ago, but there is plenty of evidence on which to base a claim that the Athletics do not look ripe to take many victories from the champions.

Following the battle in Philadelphia, the Red Sox will move to Cleveland

### MAY BE A TIE.

A victory for Boston in the American league today and a loss for the White Sox at the same time, would mean a re-reading of the percentage column like this:

Chicago, .613.  
Boston, .613.

A tie.

The battle for second place in the National league holds all the interest in that circuit. A victory for Cincinnati today and a loss for Philadelphia, would make the standing:

Philadelphia .538.  
Cincinnati .528.  
St. Louis .514.

A victory by the Cardinals would displace the Reds from second place.

and the Athletics will go to Chicago to take a shot at the White Sox. The Philadelphia took an awful wallop at the White Sox the last time they visited Chicago and their coming won't be greeted with any welcome signs.

The Giants, possessed of what looks like a championship lead, will open a series with Brooklyn today, several doubtheaders being killed in the proceedings. They are home for a long stay and may run their lead up to a high figure.

### Beats Tennis Champion.

New York, Aug. 13.—Another victory over the national women's tennis champion, Miss Molla Bjurstedt, was held today by Miss Mary K. Browne, California star.

After an agreement to bide by the decision in one set in their play on the Crescent Athletic club's courts, Miss Browne won, 6-4.

### Kilbane and Eggers.

New York, Aug. 13.—Johnny Kilbane and K. O. Eggers will meet in a fifteen round championship bout, at New Haven, according to reports here today. Kilbane is said to have signed articles and will receive \$3,500 for his end. The date has not been fixed but probably will be Labor Day.

### Ross Wins Again.

San Francisco, Aug. 13.—Norman Ross, world's champion swimmer, displayed his class again when he won the Golden Gate swim Sunday over a field of 54 entrants by a clear 100 yards. His time for the distance was 21:13 1-5, which is 29 seconds behind the record.

### Basler Still Leads.

San Francisco, Aug. 13.—Although Johnny Basler is out of the game for the remainder of the season, he still leads the Coast league batters with an average of .359, averages announced today showed. Justin Fitzgerald, who is second with .337, lost ground fast week, dropping seven points. Bath and Tobin of Salt Lake, are pressing Fitzgerald hard with .336 and .326 respectively.

### A PLACE FOR QUAKERS.

Washington, Aug. 13.—Drafted persons whose religious belief prohibit their making war will be forwarded to mobilization camps, will make up part of the quota of their districts, and will be assigned to duty as non-combatants, Provost Marshal General Crowder announced today.

### EMINENTLY CORRECT.

A town the size and importance of Salem deserves a better depot than the one the S. P. maintains for it. And a splendid location for a new one would be about a mile nearer town.—Monmouth Herald.
