SEID BACK'S FORTUNE SHOWS BIG SHRINKAGE

Was Supposed to Be In Millionaire Class But Leaves Only \$121,436

Seid Back, once rated as a millionaire and the richest Chinaman in the west, who died a few months ago, did not leave so great a fortune as he was supposed to have. Instead of the millions he is supposed to have possessed, the recorded appraisement of his estate amounted to only \$121,436. The smallness of the estate as revealed by the appraisement has caused many to wonder what became of the great fortune, or whether his wealth was merely exaggerated. A government representative has begun an investigation to learn everything possible about the estate, as the government is interested in the inheritance as well as income tax. The appraisement as filed in Multnomah county this week, places the value of the personal property at \$35,791 and real property at \$85,645. The realty holdings in Clatsop county is appraised at \$2350 and in Multnomah, Clackamas and Lincoln counties at \$83,295. During his lifetime Seid Back was credited with owning valuable property in Portland in the vicinity of Second and Oak streets and other Portland business property. It is believed these reports were wrong or that the city property may have been disposed of before his death. The records of the tax collectors office of Portland show that Seid Back was never a heavy tax payer. In 1916 he individually paid taxes on property assessed at \$37,000. He died in Portland November 1, 1916, and his will was filed November 8 of that year.

MRS. RENA MOONEY IS ADMITTED TO BAIL

Two Judges Hold That In View of Acquittal She Is Entitled to This

San Francisco, Aug. 17.—Mrs. Rena Mooney, recently acquitted of a charge of murder in connection with the preparedness parade dynamiting, will be released on bail. Superior Judges Griffin and Cabanis, made this announcement today after hearing together Mrs. Mooney's appeal. The two judges denied the appeal of Israel Weinburg, another bomb plot defendant, for release on bail. Judge Cabanis announced that he would demand heavy bail from Mrs. Mooney, while Judge Griffin announced his stand for her release without attaching any conditions. "I will ask that the bail figure be high," said Judge Cabanis. "It should be commensurate with the gravity of the offense. In view of Mrs. Mooney's acquittal by a jury, however, I believe she is entitled to her contention that bail be fixed. As for Weinburg, he will be up for trial in another month and upon the outcome of that trial will depend my action." Judge Griffin concurred with his colleague in the Weinburg ruling. Attorney Nathan Coghlan, of Mrs. Mooney's counsel, after getting the signature of Judges Cabanis and Griffin to the order for admission to bail, announced that he would ask Superior Judge Dunne to sign the document tomorrow. Judge Dunne recently refused to sit en banc with the other two judges in this case.

HOP GROWERS WILL MEET NEXT MONDAY

Get Together to Discuss Conditions Following Recent Jump in Prices

The Hop Growers association will meet next Monday at the offices in the Bush-Breyman building on Commercial street to discuss the unusual conditions brought on during the past year or so. One of these is the great amount of hops that have been plowed up this year, estimated at 75 per cent of the holdings of the farmers. With but hardly one fourth of their land in hops, the proposition will come up as to whether the association will continue its organization. Stockholders will be asked to vote on this question at the meeting. From the present outlook, it seems that the hop situation is not very encouraging, notwithstanding the present flurry that pushed the figures up to 25 and 30 cents a pound. More than one half of the hop land in the valley has been plowed up and it is the dealers who now have the acreage. However, this spring when the big question was up as to whether to continue raising hops, many of the largest dealers plowed up all or part of their holdings, as the situation was anything but encouraging. It is understood that the Livezey interests did not plow up any of their hops this spring although other large dealers in Salem reduced their acreage.

The Military Idea Being Worked Into Women's Clothing This Season Demands Suitable Footwear to Correspond. We Have It.

Fashion has approved styles along the line of march in our thought. The military heel is popular to an extreme, but its all for the best comfort at that. The medium leather heels are more comfortable, less liable to turn and insure safety on rainy walks. These eight numbers we describe all have these wanted heels and are on display in our Court Street window. The leathers favor tans and browns. The toes are a trifle pointed. 8-inch tops most in demand.

The new Torstan Tan (near mahogany color) with 8-inch brown buck uppers, lace, military heel, welt sole of medium weight. Fashions favorite, a real beauty, priced \$10 Cherry tan calf, lace with 8-inch upper to match. Imitation wing tipped toes, blind eyelets, popular heels, welt soles, selling at \$8.50

Tan Russia, lace with the ivory cloth top, 8-inches high. Newest pointed shape and military heel, welt sole. This is bound to be a big seller as it meets favor whenever shown. Priced \$8.00

Here is a pretty one with Tan Russia and the mottled top of buck, lace, blind eyelets, the heels and tones are along the wanted styles. This shoe will please those wanting a tan shoe a trifle different. Priced \$8.50

The ever popular black kid with the ivory kid top, lace, light, pliable soles, neat and dressy, right up to the last minute, with military heel and tapering toe. Priced \$8.50

Those who wear gray this fall will find this store an interesting one. Gray kid, lace with gray cloth tops, 8-inches high, light and flexible shoes and a gray kid covered heel of military style. Priced \$8.50

Two numbers with black kid and gray cloth tops, lace, good stylish lines and popular heel, medium soles. Priced at \$6.50 and \$8

Field Mouse Kid, with cloth top to match, kid covered military heel, plain toe, lace, flexible sole, a beauty in the best shade of gray.

SUPFRAGETTES ARRESTED

Washington, Aug. 17.—Once more women's party militants have been arrested for picketing before the white house. Following orders issued early today the police apprehended women who attempted to bear banners. A large crowd cheered the arrests. The six militants arrested here are Miss Natalie Gray, Colorado Springs, Colo.; Miss C. Michael Flannigan, Hartford, Conn.; Miss Edna Dixon, Washington, D. C.; Miss Lavinia Dock, Philadelphia; Miss Lucy Ewing, Chicago and Mrs. William Upton Watson, Chicago.

JAP STEAMER ASHORE

San Francisco, Aug. 17.—The Japanese steamer Kotabira Maru, with a cargo of Japanese and Chinese merchandise aboard, went ashore July 27 on Amitchika island, of the Aleutians, according to a cablegram received from the first officer by the marine department of the chamber of commerce today. The cable did not mention the fate of the crew of forty but it is supposed they were saved. The vessel was due here two weeks ago and had been given up for lost. She is commanded by Captain Shibuya.

Popular Dallas Girl Marries Portland Man

(Capital Journal Special Service) Dallas, Aug. 17.—One of the prettiest weddings that has taken place in this city in recent years was solemnized Wednesday afternoon at the Presbyterian church when Miss Amy Marjorie Bennett, daughter of Mr. and Mrs. Charles A. Bennett, of this city became the bride of Cecil Bennett of Portland. The ceremony was performed by Rev. D. A. MacKenzie, pastor of the church. Immediately after the wedding a dinner was served to the out of town guests and a few intimate friends at the home of the bride's parents on Jefferson street. The young couple left on the evening train for Seaside where they will spend their honeymoon after which they will make their home in Portland. Mrs. Bennett was one of the most popular members of the younger set in Dallas and her wedding was greatly missed at social functions by her many friends.

Airline Boy Loses Hand

Dr. V. C. Staats was called to Airline Monday afternoon to attend Harry Hawkins, a hand and body mangled in the explosion of a dynamite can at his home near that place. The injured lad was brought to the Dallas hospital where it was found necessary to remove the balance of the hand. At last reports he was improving rapidly from the effects of the operation.

Starr Back from Eastern Trip

C. L. Starr, a prominent tax attorney of Portland, was in Dallas Thursday returned from a trip through the eastern part of the country. He stated yesterday that while the weather has been exceedingly warm in the states he visited the corn and wheat crops were about the average. Mr. Starr was formerly school superintendent of Polk county and afterwards held the office of secretary of the state tax commission in Salem.

Fuller Visits Timber Fires

Polk County Fire Warden W. V. Fuller returned last night from a visit to the fire fighting lines on the upper LaCreole and reports that the fires in that section of the county are well under control. The blaze that threatened the Canyon creek watershed, where the city of Dallas gets its water supply has been successfully controlled and no more danger is expected from that fire. The Mill Creek fire is still lazily burning but apparently not doing any material damage. Late reports from Black Rock are to the effect that the fires in that locality have about all been extinguished. The smoke in the mountains west of Dallas the past few days have led many people to believe that the fires were numerous and were doing much damage, most of it however has drifted up this way from fires in other parts of the state.

Arm Broken by Fall

Herbert Bartell living north of Dallas in the Salt Creek community had his arm broken the first of the week in a fall at his home. He was brought to the Dallas hospital and is under the care of Dr. V. C. Staats.

Attractions for County Fair

Mrs. Winnie Braden, secretary of the Polk County Fair association, returned from Portland this week where she made arrangements for a series of concerts during the fair next month by Campbell's well known band of that city. The days set for the band concerts are Wednesday and Thursday. Among the speakers who will be in the city Thursday are Governor Withycombe, who will talk in the afternoon, and Bruce Dennis state organizer of the council of defense. The Browning Carnival company will furnish amusements during the fair.

T. C. Stockwell returned to his home in Dallas Wednesday night after a tour of the states of Oregon and Washington.

Justice of the Peace Hardy Holman, accompanied by Mrs. Holman, returned this week from an extended vacation at Hebe.

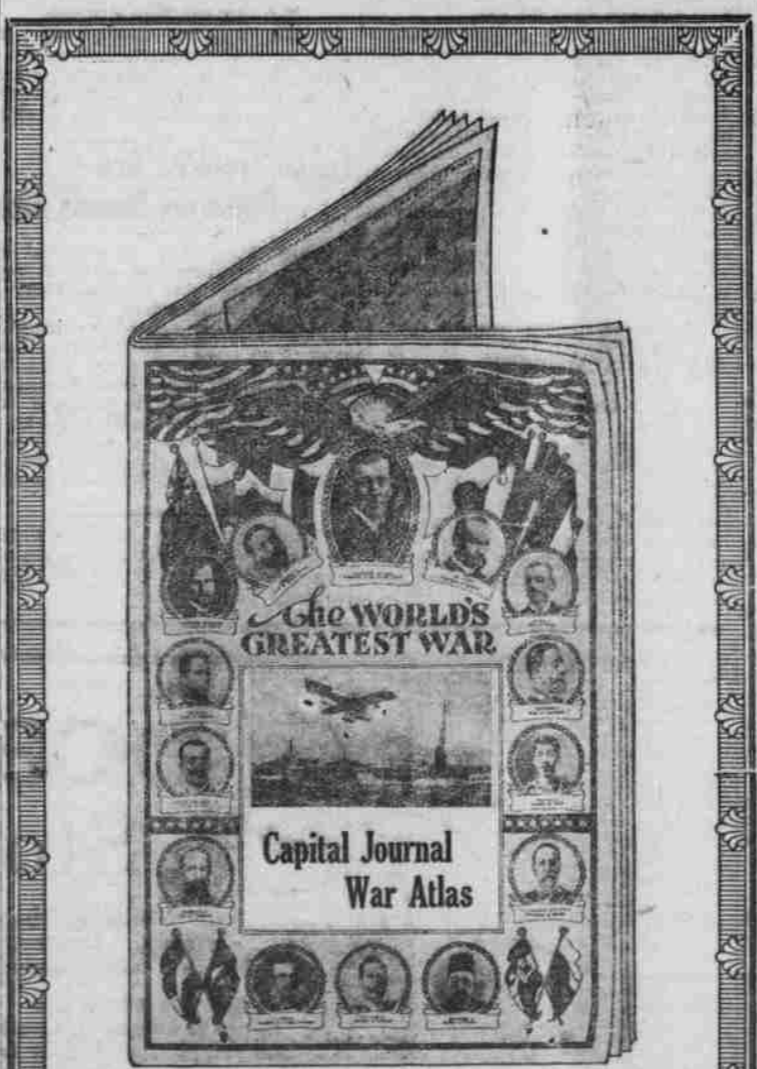

Mrs. Ella J. Metzger of Newport is visiting with Dallas friends this week.

Mrs. T. W. Nordby returned to her home in Portland this morning after a week's visit with friends in this city.

County Assessor Carl Graves and family are spending the week at the Tillamook county beaches.

County Judge and Mrs. E. C. Kirkpatrick were the guests of Dr. and Mrs. R. E. L. Steiner at their summer home on Pacific the first of the week.

Will Go Into Matter of Married Men's Exemption

Washington, Aug. 17.—President Wilson today wrote Senator Weeks, Massachusetts, that he will take up again with the war department the question of exempting married men with families from the selective draft. The president's letter was in reply to one from Weeks calling attention to great dissatisfaction throughout the country on this point. "Drafting married men with families except in the case where marriage has been entered into for the purpose of escaping the draft, is economically an unsound policy," Weeks wrote, "and it is unwise from the standpoint of successful prosecution of the war to take married men as long as there are sufficient numbers of single men to meet the government's requirements. It will also mean very materially added burdens to the government in caring for dependents and it increases the distress of mind of at least one person for every one drafted."

To this the president replied:

"Your point of view with regard to the drafting of men with families, is undoubtedly well taken, and I have reason to believe it is much in the mind at least of most of the drafting boards. I shall take pleasure in calling the attention of the war department again to it."

Weeks also asked the president to include aliens in the draft.

Company of Fords Detroit, Mich., Aug. 17.—Henry Ford today incorporated his new tractor plant for \$1,000,000. The papers show that the stockholders are himself, his wife and his son, Edset.

High Price of Coal in Sound Cities Is Credited to "Expenses"

Tacoma, Wash., Aug. 17.—The price of coal in Tacoma has advanced on the average of \$2 a ton since spring. Not since 1910-11 have prices been so high. There is no immediate hope of prices coming down. Rather they will continue to climb during the winter. Before the winter is over, it may be hard to get coal at all. This is what dealers and operators have to say today about the coal situation here. Where you could have had a ton of Penton nut coal, for instance, put in your cellar for \$5 a year ago, it now costs \$7. King Nut has jumped from \$5 to \$8; bituminous lump \$6.50 to \$8, and so on down the line.

Letters Discovered Reveal Operations of Opium Smugglers

Seattle, Wash., Aug. 17.—Letters have been discovered by federal agents here revealing operations of a far reaching chain of opium smugglers that extended from British Columbia to San Francisco, and from there to Honolulu with central figures in Seattle. Three men suspected of being leaders of the ring have been arrested here. They are: Morris O'Brien, age 38, Seattle, former federal prisoner at McNeill's Island; Frank Koski, Berkeley, Cal.; James Fonton, 1422 Church street, San Francisco. By the use of a code, in which different grades of opium were termed "potatoes," "coconuts" and "milk" the smugglers carried on their traffic, it is believed by federal authorities upon a gigantic scale.

German Submarines Are Now Operating 500 Miles Off Shore

A Gulf Port, Aug. 17.—German submarines have widened their scope of activity and are now operating in the Atlantic more than 500 miles off the English coast, according to the captain of a British steamer arriving here today. The captain said he witnessed the destruction of an American steamer about 500 miles off from a British port, and later on his own ship was attacked by one of the larger types of the Kaiser's submarines, but managed to escape by steering in a zig-zag course at full speed after the first shot had missed. Five U-boats were seen in the vicinity of the point where the American vessel went down, the captain said.

More Ships Taken Over

Washington, Aug. 17.—Five more privately owned American merchant ships were commandeered by the government today for the war department. This makes 12 ships seized within two weeks. The Willamette Valley Lumber company returned the first of the week from a business trip to Tacoma. Frank Barrett of Albany is in Dallas this week in the interest of the Oregon Power company. Dr. and Mrs. Mark Hayter are spending their annual vacation at their cottage at Bay View in Tillamook county. Mrs. J. P. Aldrich of Oregon City was in Dallas Wednesday, attending the marriage of her granddaughter, Miss Marjorie Bennett. P. A. Pinseth of the Bee Hive store, is in Seattle this week on business. Mrs. J. H. Foster and daughter, Laverne, left Thursday for an extended visit with relatives at Knoxville, Tenn.
