Lydia E. Pinkham Medicine Company Publishes Only Genuine Ones.

The testimonials published by the Lydia E. Pinkham Medicine Company come unolicited. Before they are used the Company takes great care to inform itself about the writer. Never knowingly, has it published an untruthful letter, never is a letter published without written consent given by the writer.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; and their kind desire to help other women who are suffering as they did.

Feeling has already given unmistakable signs of its will in that direction (namely, democratization). Being insufficiently informed about the present trend of public opinion in Germany, in the face of the new evolutions in Russia, it is hard to say what effect Wilson's words will have upon the German people.

Several Ukrainian representatives in impassioned addresses declared their province was "ready for any sacrifice for the country's good."

Muslims delegates pledged unswerving fealty to the government.

There was every indication today that Premier Kerdofsky and General Korniloff would bury the hatchet and adjust their differences, both ignoring attempts by the workmen and soldiers' leaders to dominate the army.

The workmen and the soldiers' faction, it appeared, would be forced to yield on many points, probably on capital punishment demanded by Korniloff as necessary for re-establishment of discipline in the army.

"In my opinion," declared Prince Kropotkin, the famous anarchist leader, "the conference will prove successful in averting a clash of elements."

S. P. ORDERS ROLLING STOCK. Portland, Or., Aug. 29.—Sixty five new locomotives and thousands of freight cars have just been ordered by the Southern Pacific for operation on its lines between Portland and El Paso, Texas, according to word received today at the local office of the company.

The Southern Pacific now has under construction rolling stock totalling in value \$24,500,000. The 65 locomotives alone represent an investment of \$2,500,000.

Street Car Strikers. San Francisco, Aug. 29.—Representatives of the Ocean Shore railroad conferred with Mayor Rolph and other city officials today to work out details of a plan to furnish transportation to the Union Iron Works for the thousands of iron workers. This has been a serious problem since the San Francisco car strike began. Steam trains over the Ocean Shore line and possibly additional trains via the Southern Pacific are being planned.

While city officials are working on the problem of relieving the transportation shortage, efforts to arbitrate the strike continued.

President Lathrop, following the prediction of B. F. Bowber of the carmen's union that the strike would be over by Monday, refused comment further to declare that his company is not taking part in any conferences.

Mills Resume Work. Aberdeen, Wash., Aug. 29.—With federal troops patrolling the mills here to prevent I. W. W. picketing, the strike of the Industrial Workers today appears almost broken.

Men, who feared insult and injury from the pickets, today are returning to work. The mills are resuming operations and the county authorities are planning the construction of a stockade for the I. W. W. agitators.

The I. W. W. are reported to have wired to Seattle for reinforcements.

A FLYING SCHOOL. Washington, Aug. 29.—A flying school for training 600 American aviators will be established immediately at Fort Worth, Texas, the war department announced today. English instructors from Canadian schools will instruct American officers in training fliers for air service on the western front.

Weekly Report of Union Stock Yards

North Portland, Or., Aug. 29.—General conditions in the market for the week's opening are a continuation of conditions prevailing at the close of last week. The string of material offered yesterday included 1800 cattle, 700 hogs and 400 sheep. The general tone of market conditions was steady, with a tendency to gain strength in the hog and sheep department.

Cattle—The yards were fairly well filled with a large variety in the heavy classes, including a few carloads of fairly good steers, which changed hands at \$8.50, and some good cows that passed at \$7.25. The best class of material was in demand, but ordinary to poor moved rather slowly. The great bulk of offerings in the feeder line found a demand, but the market would not warrant any advance in price quotations. The following quotations obtained: Best beef steers \$8.25 @ \$8.75; good beef steers \$7 @ \$8; best beef cows \$6.50 @ \$7.50; ordinary cows \$5.50 @ \$6.25; heifers \$6.75 @ \$7.25; calves \$5.50 @ \$6.25; bulls \$4.50 @ \$5.50; stocker and feeder \$4.50 @ \$6.75.

Hogs—The offerings in the hog alleys, generally speaking, were the best received for some time past, there being a number of carloads of well finished animals, the great bulk of which sold at the top of the quotation which follows: Prime light \$17.25 @ \$17.50; prime heavy \$17 @ \$17.25; bulk \$17.50; pigs \$15.50 @ \$16.

Sheep—Demand continues to develop in the sheep department where trading for the early part of the week was enhanced by an advance in lamb classes, following the wether advance of the previous week. Following quotations are current: Yearlings \$10 @ \$10.50; wethers \$9.75 @ \$10.50; ewes \$18 @ \$18.50; western lambs \$13 @ \$13.50; valley lambs \$11.75 @ \$12.50.

Age No Bar to Joining Oregon State Guards. Every man in the city who has the feeling that he would like to serve the government in some military way and yet not of the age to enlist, will be given the opportunity this evening when the Oregon State Guard is organized at the armory under the auspices of Hal Hppard camp No. 5, United Spanish War Veterans.

There will be a battalion formation when sufficient companies have been organized to form a regiment. The object of the Oregon State Guard is to protect lives and property in Oregon. The organization is not liable for federal service. Arms and uniforms will be issued to companies as soon as organized and mustered in.

As soon as the Salem company is organized, officers will be elected. Sentinels, corporals and full organization of the company will proceed rapidly and drilling will begin at once in the armory.

Membership in the Oregon Home Guard does not include service out of the state or in the regular army. It is strictly a home protective organization for duty only in the state.

ITALY RENEWS HER. In front of our new line," was the only major fighting reported today by Field Marshal Haig from the British front. He also detailed successful raids carried out northeast of Gouzeau court and southwest of Halluch.

The German Version. Berlin, via London, Aug. 29.—Seven hundred Russian prisoners were taken in operations on the northern front today, an official statement declared.

"On both sides of the Oituz valley we stormed h.N. positions," the war office said. "North of Grozevi we repulsed a counter attack and took six hundred prisoners."

"West of the middle Sereth, we captured the village of Muncelul in house to house fighting."

"The enemy was pressed back on both sides of the Susita valley and

REPLY ANNIHILATES KAISER'S ARGUMENTS. Should Appeal Strongly to Commercial Interest to Indorse Democracy. By J. W. T. Mason (Written for the United Press) New York, Aug. 29.—President Wilson's reply to the pope's peace plea is assurance to the German people that if they overthrow the kaiser's military camarilla and democratize themselves, they will be given peace terms which will not jeopardize democratic Germany's future growth.

This is the meaning of the president's basic pronouncement against "punitive damages, the dismemberment of empires, the establishment of selfish and exclusive economic leagues." These three factors have lately been associated together with the kaiser as the real aims of the allies, in his final effort to delude the German people into believing they are fighting a defensive war for national self preservation.

President Wilson in a single sentence annihilates the kaiser's argument. The German people are told on the word of "the allies' chief democratic spokesman that if Germany is democratized, she will not be crippled after the war by the imposition of crushing indemnities, nor will any economic league be formed against her out of revengeful purposes, nor will the German empire be dismembered. No matter how long they fight, the German people will never win better terms than these.

In particular, the president's declaration against economic leagues should have powerful influence in converting German commercial and financial influence to democracy. Industrial Germany has greatly feared that after the war the allies would insist upon an economic boycott of the Germans. The president's words convey an assurance that no such penalty will be inflicted upon a Germany which repudiates the kaiser's war machine by establishing a democratic form of government.

German finance and commerce, therefore, has now an opportunity to save themselves as well as Germany by working for democracy.

With President Wilson's message to their counter attacks shattered. Here we took one hundred prisoners."

Took 1,000 Prisoners. Rome, Aug. 29.—Further gains east of Gorizia and capture of more than one thousand prisoners marked a resumption of the Italian offensive today after a night of comparative inactivity. The official statement announcing the new battle also told of desperate resistance by the Austrian rear guards against pursuing Italian troops on the Balzussa plateau.

Forty Italian airplanes dropped 700 kilos (1,540 pounds) of projectiles on batteries on the way toward Panovizza.

Russian Troops Desert. Petrograd, Aug. 29.—Russian troops continue to desert the firing line in great bodies.

The war office declared today that one whole division in the region of Mantschelin had thus fled in disorder, permitting the enemy to advance.

This retreat permitted the Teutons to advance throughout the day and at night to penetrate Russian positions in the region of Varnitza.

Catholics Would Stir Troubl In Mexico

Kansas City, Mo., Aug. 29.—A resolution protesting against the irreligious tyranny masquerading under the name of democratic government in Mexico and urging that the United States withhold any loan "until such iniquitous laws are repealed and religion made free," was adopted today by the convention of the American Federation of Catholic Societies.

Resolutions "acclaiming the peace proposals of Pope Benedict and reaffirming the loyalty of the Catholics of the United States" were adopted.

The convention also adopted a resolution naming a committee of five to represent the federation in co-operating with the National Catholic War Council, an organization being formed for the purpose of assisting the government in carrying on the war against Germany.

The federation today adopted the so-called diocesan plan, which enrolls the members by dioceses instead of by counties and states and bring into affiliation all the smaller Catholic societies. The diocesan plan provides for changing the name of the federation to the Catholic Federation of the United States.

The convention will conclude tomorrow with the election of officers.

"The president's reference to Russia should help prove to Germany, and to the rest of the world, including Russia, that this government is deeply interested in the new and struggling republic."

German Language Papers. New York, Aug. 29.—German language newspapers comment today on America's reply to the pope agreed that the best chance for peace was a continuation of the democratization movement, which they declare is now progressing in Germany.

Events in Germany seem to indicate that powers are at work which may bring peace nearer than we now know," declared the New York German Herald. "We should be the last to say that Germany could not stand a considerable share of democracy."

The New York Staats Zeitung's main comment referred to the president's words declaring that America "cannot take the word of the present rulers of Germany."

The Louisville Anzeiger said: "The

1200 Walk Out. Redding, Cal., Aug. 29.—Twelve hundred Shasta county copper miners were idle today, having joined the strike which started at the Balla Kallana mine last week, demanding a daily wage of \$5.00.

By a majority of four votes, the men from the Mammoth mine voted to strike, it was announced today. Although they have quit, the mine management is placing a claim before the union leaders that a two thirds vote is necessary to call a strike and that the bare majority was insufficient. The men, it is declared, intend to "stand
