FIRE SITUATION BUT LITTLE IMPROVED

Baker and Hood River County Fires and Those in Montana Beyond Control

Portland, Or., Aug. 29.—While forest fires generally throughout Washington and Oregon were being checked today, the great fires in western Montana and the Idaho Panhandle, uncontrolled, were increasing in fury. The situation there is the most serious in history. The timber, tinder dry, burns like paper. The fires sweep on through the great forests, defying the fire fighters, with a noise like the explosions of a million giant firecrackers. Montana's supply of fire fighters has been exhausted and recruits for the battle will be secured in Washington and Idaho. It is estimated that at least 5,000 men are fighting fires in Montana today. The situation in Washington and Oregon is much improved. Fires near Newport, Wash., and in Baker and Hood River counties in Oregon this morning were reported beyond control, but elsewhere, the men on the fire lines have been successful in checking the fires. Governor Withycombe indefinitely postponed the opening of the hunting season, scheduled for September 1.

GERMANY CONCEDES AMERICA WAS RIGHT

This In Yielding to Argentine the Things She Denied United States

(By Charles P. Stewart) (United Press Staff Correspondent) Buenos Aires, Aug. 29.—Germany surrendered to Argentina precisely the same principles as to neutrals' rights in the submarine zone that she refused to relinquish to the United States. This was the outstanding comment today in both official and public circles over Germany's complete backdown in her latest note, received last night. It was regarded as highly significant of a change of front from the ruthless submarine policy which ranged the United States and Brazil with the allies. The steps in Germany's "backdown" were shown in a foreign office statement protesting against sinking of her vessels and demanding damages and promises before Germany answered. Then Berlin suggested that Argentine refrain from sending her ships into the submarine zone. Argentine, replying, refused on the ground that such action was "incompatible with her demands." Germany's final note, the foreign office announced "satisfied Argentine's claims in all their terms and without any restrictions." The phraseology of the note itself on this point is as follows: "The imperial German government willingly acknowledges the dictates of international law and will endeavor to observe them. The naval forces of the German empire have received orders and instructions in agreement with this viewpoint." In some circles today, however, the suspicion was expressed that Germany was deliberately backing down in order to complicate Argentine's situation with the allies and the United States.

Prominent Roseburg Man Moves to Salem

Mr. and Mrs. H. L. Marsters and son, Waldo, will leave by automobile for Salem, tomorrow, for the purpose of selecting a residence in that city. Mr. Marsters expects to move with his family to Salem between now and September 25, at which place he will engage in the real estate business. He stated this morning that he is not leaving this city because of any dissatisfaction regarding conditions here, but on the contrary will retain his interest with Mr. Perrine in the real estate business; that he is not selling any of his property here, and expects to return to Roseburg at some future time to reside.

Oregon Orchardists Meet at Corvallis to Study Packing

O. A. C. Corvallis, Aug. 29.—Oregon orchardists who want to learn some of the newer points in apple and pear packing will meet at O. A. C. Sept. 4 for a two weeks course in grading and packing fruit under an expert packer. Modern methods will be employed and the work will be with good equipment used on a commercial scale. This is a year of small crops and high prices. The way to make the limited supply go farthest and at the same time result in most profit to the growers is to see that it is properly graded, packed and marketed. So in addition to the practice in packing and grading, a few lectures will be given by Prof. Lewis and his staff on the handling of fruit from the tree into the loading car.

INVOKES CLOTURE

Washington, Aug. 29.—Senator Simmons late today invoked the senate's new cloture rule to shut off debate on the revenue bill. He presented a petition signed by 57 senators asking limitation of debate. Under the rule the petition will be acted on Friday morning without debate. If two-thirds of the senators present favor cloture, debate thereafter will be limited to one speech of one hour to each senator on the bill.

POSTMASTER GOES TO JAIL

Portland, Or., Aug. 29.—George W. France, postmaster at Ten Mile, Oregon, was sentenced to thirteen months at McNeil's Island by Federal Judge Wolcott for circulating alleged seditious literature. He told the court he was following the principles of his religion and that he put his God first and his country second.

FARGO IS MEETING PLACE

Minneapolis, Minn., Aug. 29.—Fargo, N. D. will be the meeting place of the People's Council, which was barred from Minnesota by Governor Burnquist. Sessions will begin Saturday and continue until Thursday of next week, according to Louis P. Lochner, executive secretary, late today.

At the trial of George Faber this afternoon on the charge of polygamy Judge Webster bound him over to the grand jury under \$2500 bonds. His trial on the charge of non-support of his three children occupied the latter part of the afternoon.

FINANCE COMMITTEE INCREASES WAR TAX

Raises Tax From 26 to 40 Per Cent, Hoping to Stop Opposition

Washington, Aug. 29.—Senator Simmons, chairman of the senate finance committee, late today introduced its amendment to the war revenue bill to increase war profits taxes \$498,000,000 by imposing a sixty per cent tax upon war profits of three hundred per cent or over, and by providing that not more than ten per cent and not less than six on actual invested capital shall be exempted from war profits tax.

In addition to the amendment providing for the six to ten per cent exemption, the committee plans to impose a sixty per cent tax on concerns which have increased their war gains three hundred per cent or more over pre-war profits. This will hit many of the big "war babies." Senators LaFollette and Gors did not attend the committee meeting. Debate on the publishers tax was launched by Shields, Tennessee. "The newspapers are paying practically the full amount of the service they receive," Shields said, claiming that magazines, not newspapers, caused the deficit in second class mail service. "Rates on magazines and other publications, which cause the annual losses, should be increased. The newspapers are the people's paper, which supply information to ninety per cent of the people of the United States. Any increase in the burden of taxation on newspapers is an increased burden on these people."

Senator Stone supported the proposed five per cent profits tax on the net incomes of publications earning \$4,000 a year or more. "This tax gives the patriotic publishers of the country an opportunity to do their bit," said Stone. "At the hearings before the finance committee they agreed that this tax was just and proper if the second class postal rates were not increased. I did not believe second class postal rates should be raised, but I shall support the committee bill upon this point."

ETHEL, FREDERICH GETS WAR COMMAND—Advices from Berlin say Emperor William has appointed Prince Eitel Frederich, second of his six sons, Chief of the First Pomeranian Field Artillery Regiment No. 2.

The appointment was made, it was announced, in recognition of the Prince's services during the war as a troop leader.

Victor Point News

(Capital Journal Special Service) Victor Point, Aug. 29.—Threshing in our little neighborhood is finished. We had the good fortune of a perfect harvest season, and the grain is now safe from rain and the greater evil, the pest of the prairie fire. Several of the farmers are already on the road with their grain wagons, thus riding the granary of its burden and stocking it in safer places, such as the warehouses. The Wenzel Doerfler family motored to Cascadia Sunday returning Saturday. A hiking party consisting of Ivan, James, Una, Ava, Darby, Joe, Bertha,
