

HIS war is awakening men to the truth about a lot Lof things besides Preparedness—and chewing to-bacco is one of them. Soldiers are strong for W-B Cut and the facts are right before you. These shreds are all tobacco, no gummy sweetening—rich tobacco—more sap in the leaf than in ordinary tobacco by a long shot. That's why it's so satisfying and so economical—a little bit goes a long way.

Stocks Generally

Made Small Gains

New York, Aug. 29.—The New York
Evening Sun financial review today and in the last hour.

It is substantial gains over the previous closing. The motor stocks, except Maxwell, were inclined to be heavy through out. By noon, however, the buying for the short necount died down and in the first hour of the afternoon trading was almost at a standstill, with net changes rather narrow.

Quiet strength underlay the general list in the last hour.
