

# LIVE FOREVER

Says DR. WILEY

In a recent lecture, Dr. Harvey W. Wiley, the noted chemist and food expert, said: "If you mix whole wheat products with milk you can live forever."

What Dr. Wiley undoubtedly means by "live forever" is the fact that whole wheat with milk contains the proper elements for sustaining life without the addition of other foods.

Krumbles is the whole of the wheat, thoroughly toasted, and has a delicious flavor.

### HO PRICES GO UP.

North Yakima, Wash., Sept. 3.—Prices of hops continue to rise, 32 cents having been offered during the last few days for one of the few large crops in this district not already under contract. The offer was refused. Many of the growers who contracted their crops early in the season at from 10 to 15 cents per pound anticipate having a surplus over the amount contracted.

### GRANDMOTHER'S BOTANIC MEDICINE

In every pioneer home the botanic recipes of our grandmothers for the treatment of disease were wonderfully dependable. Every fall she gathered various herbs: thoroughwort, camomile, sage, pennyroyal, wormwood, rue, etc. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for women's ills we have, was originally prepared for home use from one of these botanical recipes, and the demand for this famous medicine has grown until over 350,000 pounds of roots and herbs are used annually in its preparation. It will repay any woman who suffers from female ills to give this famous medicine a trial.

## Velvets

### Velveteens and Pile Fabrics More in Vogue Than Ever

Fashion Plates show this cloth employed in Suits, Coats, Hats, Collars, Cuffs and Pocket Combinations on Worsted Suits and Dresses; also in Combination with Silks and Satins.

# SOCIETY

By A. J. THOMPSON

Mr. and Mrs. Merrill B. Moores of Portland, who have been passing a few days at the Steiwer ranch, as the guests of Mrs. Karl Steiwer, motored home today.

Last night the Moores, Mrs. Steiwer and Mr. and Mrs. John Withycombe returned from a couple of days sojourn at Newport.

Mrs. C. A. Selden and Miss Marie Flint, who have been visiting their relatives—the W. A. Cusicks at "Oak Villa" for several weeks, returned to their home in Roseburg, Saturday.

Miss Catharine Carson, who has been the guest of Mrs. Walter L. McDougal at Agate Beach for several days, came home today.

Attorney General and Mrs. George M. Brown have gone to Ft. Stephens for a visit to their son, Sergeant Leand Brown, who is a member of the coast artillery.

They were Friday and were accompanied by their two young daughters, the Misses Marjorie and Eileen Brown.

Mr. and Mrs. Charles H. Fisher had as their guests over the week end, Mrs. James Hamilton and her daughter, Lois, of Milwaukie, and Miss Ella Crabtree of Roseburg. They left on Sunday, Mr. and Mrs. Fisher taking Mrs. Hamilton and her daughter home in their car.

Ralph Moores went to Nye Beach Saturday to pass a few days with his parents, Mr. and Mrs. A. N. Moores, who are occupying their summer home there.

Dr. and Mrs. William H. Lytle, who have been passing a few days at Agate Beach, motored home last night. They were accompanied by Fritz

there in other cities in the country. Maybe one of them's especially detailed to watch the president. If so, he must send some discouragingly cheerful reports to Berlin, for Mr. Wilson has sprung in his step, a ready smile, a ruddy complexion, clear views of the situation and an unimpaired thinking apparatus.

Reports from America to the "Psychology Bureau" in Berlin are expected to influence the trend of Germany's diplomacy. If the brain students in American cities report: Americans dragging feet listlessly, faces register blank expressions, mental processes foggy and blunted, eyes flat and fishy.

That will be Germany's cue to re-double its flagging efforts to sink democracy with its submarines, to patent a few more choice brands of frightfulness, (commonly known in Germany as Schrecklichkeit), claim victory and the whole of Europe and let it go at that. But if the watchers find the key up and capable determined to sweep up the wreck of the Prussian machine with the Kaiser's mistake and use his nose for a pick axe to dig his political grave, that will be a tip to B'r Michaelis to use a rat-tail file on his rancorous attitude.

"I do not think," said Miss Harriet Underwood, lecturer on psychology at George Washington University and an authority on the study of the mind, "that these German observers will find any evidences of a weakened morale here.

"Our present attitude, I should say, is one of indifference, but I believe that will disappear when the casualty lists begin to come in.

"The American is, as people go, stable. So far we have had no great calamity to break down our morale. When the crisis comes I believe that we will respond in our normal way.

And that's the way several other of our experts looked at it. They said, in short, that the Kaiser's morale would not get any satisfaction out of its observations in the United States until a certain torrid and justly famous mentality is coated over with a thick slab of ice.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It!

"I should worry about those corns — I just put some 'Gets-It' on." Corns used to pester the world into a frenzy, enduring pain, digging, slicing toes,

timbering with plasters and tape, trying to fix a corn so it wouldn't hurt. But now a one in the world "should worry," because the moment you put "Gets-It" on, it means the end of a corn. There is nothing in the world like "Gets-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn free and happy with the toe as smooth and corn free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Salem and recommended as the world's best corn remedy by J. C. Perry, D. J. Fry.

Slade and Miss Margery Marvin, and were guests at "The Inn."

Mr. and Mrs. B. J. Miles have visited them their son, Roderick Miles, of Oakland, California. Mr. Miles came Sunday night and will be here for some time. He will be joined later by Mrs. Miles, who before her marriage about a year ago, was Miss Ramona Handy, an attractive California girl.

Mrs. F. T. Porter and children left today for Whiteson for a short visit to the former's brother, M. M. Krieger.

Mr. and Mrs. A. N. Gilbert, who with the Ben O. Schuckings, are sojourning at Nye Beach, will come home the latter part of the week.

They have been at the shore for a week or more and are enjoying short motor trips to the nearby resorts, where many of their friends are occupying their summer homes.

Mrs. A. V. Page of Portland is passing several days in Salem and is the guest of her son and daughter-in-law, Mr. and Mrs. Rollin K. Page.

Lieutenant Andrew Anderson, who with Mrs. Anderson, has been visiting the latter's parents, Mr. and Mrs. P. L. Frazier, left today for American Lake.

Mrs. Anderson, who formerly was Miss Genevieve Frazier, is a war bride and has been married only for a few weeks. During Lieutenant Anderson's absence she will spend the greater part of the time with her parents in Salem.

Mrs. Elmer Dauha has gone to Keosauqua, Iowa, where she will visit relatives.

Mr. and Mrs. E. T. Barnes and children left this morning for a motor trip to Hood River. They will be away for several days and will visit relatives.

Mr. and Mrs. E. Cooke Patton motored to Portland Sunday and were accompanied by Mrs. E. E. Waters and George E. Waters. Mrs. Patton remained in Portland for a short visit and is the guest of her sister, Mrs. A. W. Regner.

Mr. and Mrs. Ronald C. Glover, who have been enjoying an outing at Cananda for the past few weeks, will be home early in the coming week.

### COPPER MINES AT

(Continued from page one.)

dicted, unless the government takes control of the mines. The companies have brought mules, horses and machinery to the surface and have put their properties in condition for months of idleness. It is declared here that the companies will make no effort to march upon the government until next March unless the government steps in.

The population of Butte has been greatly reduced since the strike began. Thousands of men have left for harvest fields and other mining camps.

**Rioting at Springfield**  
Springfield, Ill., Sept. 4.—Springfield was quiet today under military guard after a night of street car strike riots which resembled the destructive riots of 1904.

A number of street cars were demolished when the strike sympathizers seized them and allowed them to run into a head-on collision. The downtown offices of the Utilities companies, which owns the car lines, were literally torn to pieces by the mob.

While several hundred of the rioters were heaving bricks into the building detachments of the ninth and Tenth infantry arrived and routed the rioters.

A few cars were running on schedule today and no further trouble is expected, until tonight, when it is thought the rioters will again endeavor to gather.

**Cars Running Again**  
San Francisco, Sept. 4.—United Railroad cars were running again today after having been idle all of yesterday. But while the cars were idle, efforts to end the strike were in progress.

A committee of the grand jury has taken a hand in the situation, it became known today, having met with President Lillenthal of the United Railroads yesterday. The only announcement which followed the conference was that there is some hope of settlement.

In the face of the efforts at settlement, however, a strike of Union Iron Works employes was threatened, labor leaders announcing that efforts to call such a strike will be made unless the police agree not to search the iron workers for concealed weapons.

**May Avoid This One**  
Portland, Or., Sept. 4.—With both employes and employers anxious to end their differences peacefully, Portland's threatened steel shipyard strike, set for Friday morning, today gave promise of an early settlement.

G. Y. Harry, federal mediator, has laid the matter before federal authorities in Washington and the recently created federal mediation board of three is expected to act.

**Seattle Men Sensible**  
Washington, Sept. 4.—Representatives of the Seattle shipyard and their employes are coming to Washington for a conference with the government adjustment board to settle the present strike, according to messages received by the board today. After the Seattle labor troubles are adjusted the board will take up grievances of the employes in Portland and San Francisco yards.

Mme. Sarah Bernhardt having been with due ceremonial presented with the key of Atlantic City, one is impelled to inquire what for—to lock it up!

## WORST FOREST FIRES

### IN STATE NEAR BEND

### Has Burned Over 30 Square Miles, But Is Thought To Be Under Control

Portland, Or., Sept. 4.—Already covering an area of 30 square miles and spreading rapidly before a strong wind from Bend, Or., today features the northwest forest fire situation.

Every available man from the Bend and Prineville districts has been rushed to the fire lines. Forty miles of trenches have failed to stop the blaze. Dispatches from Bend today, however, gave promise of early control.

Elsewhere in the northwest the forest fire situation shows much improvement. More favorable weather has enabled fire fighters in western Washington and Oregon to bring all fires in those districts under control. The blaze which yesterday threatened the water supply of the city of Baker, Or., was brought under control today.

Western Montana fires were reported checked today.

**This Is a Bad One.**  
Pomona, Cal., Sept. 4.—A forest fire which last night destroyed timber on five square miles of watershed in Lewis canyon, is still raging today while 250 rangers and volunteer fire fighters are striving to check its progress. The water supply of Upland is threatened.

**May Have Lost Lives.**  
Santa Monica, Cal., Sept. 4.—Considerable apprehension is felt here today for a number of hunters known to be in the path of a forest fire which is sweeping through Flores canyon in the mountains back of here. Rescue and searching parties in automobiles have been sent out to render aid to any who might be in distress.

### BOOKS FOR SOLDIERS

Portland, Or., Sept. 4.—A campaign to raise \$175,000 in Washington, Idaho, Montana and Oregon to buy books for soldiers in Europe was mapped out here today at the convention of the Northwest Library association.

### WILSON MARCHES

(Continued from Page One.)

out its youth in a righteous cause. Bands blared patriotic music that stirred fire in the breasts of old and young. Arrived at the reviewing stand, the president was to review the thousands he had led.

Beside him in the stand Viscount Ishii, head of the Japanese mission, and other diplomats were to look upon the sample of America's fighting stock, in whose hands the safety of democracy now rests.

**Parade in New York.**  
New York, Sept. 4.—Thirty eight thousand New Yorkers in citizens' clothing—men called for the national army—paraded today while the whole city did them honor.

The main contingent, more than twenty thousand strong, marched up Fifth avenue. Other detachments were reviewed in Brooklyn and in the Bronx.

Mayor Mitchell and other notables reviewed the Manhattan contingent at the public library. Afterward there was a big rally at the Polo Grounds, massed singing, a drill by "boy's tigers" and a speech by Governor's Island, a short speech by Mayor Mitchell and a ball game between the Giants and the Braves.

Elsewhere there were patriotic rallies at recreation centers, parks and school grounds, dances and entertainments.

### BERLIN PLEASSED

(Continued from Page One.)

aeroplanes were brought down in extraordinary aerial activity on the French front yesterday, today's official report announced.

German airmen bombed Dunkirk and Calais, killing and wounding a number and let bombs fly over the Nancy and Lunenburg regions without striking any victims. In return, French aviators bombed enemy aviation fields and other stations north of Soissons, in Belgium, at Roulers, Liechtvelde, Frescati, Thienville, Cambrai, Colmar and Metz City.

The official statement also detailed unusual activity in raiding. At Spiguel the French raided an enemy salient and destroyed the garrison.

On the Soutain-Sottepis road (Champagne sector) the French raided the enemy lines over a front of 800 meters (approximately half a mile), penetrating first line positions, destroying gas

machines and taking prisoners. A German assault on Hurlbeise farm (Chemin Des Dames sector) was broken up under French fire with heavy losses to the enemy.

**Haig Strikes Again.**  
London, Sept. 4.—Field Marshal Haig resumed his offensive today with a sharp blow that advanced the British line northeast of St. Julien.

The official report today gave no further details. "We advanced our line slightly," the statement said.

Elsewhere on the British front the commander in chief reported: "North of Lens at night we carried out a successful raid. A number of Germans were killed and several taken prisoner."

Southwest of LaBasse hostile raiders were driven off. "Northeast of Ypres enemy artillery was active."

**"Onward With God."**  
Amsterdam, Sept. 4.—Kaiser Wilhelm exulted with his people today in the capture of Riga from the Russians. Berlin dispatches quoted this extract from a message sent by him to the Kaiserin.

"This is a new milestone of German strength and unerring will for victory. May God help us further."

The Kaiser also wired his congratulations to Prince Leopold, whose troops took the Russian city.

"Your far seeing leadership and iron will for victory guaranteed this fine success," he declared. "Onward with God!"

**A German Story.**  
Berlin, Via London, Sept. 4.—Nineteen enemy aeroplanes and two captive enemy balloons were downed in aerial fighting on the French front yesterday, the war office announced today.

## Don't Say: "Dandruff Can't Be Stopped."

Are you one of the hundreds who have tried many different tonics and now say "Dandruff can't be stopped?"

If so, remember, Pompeian HAIR Massage is not only a tonic, it is a treatment. This treatment is carefully described in a leaflet, "The Hair and Its Care," enclosed in every package.

The massaging (rubbing) of the scalp wakes up the roots of the hair to new life.

This massaging also opens the pores of the scalp to the wonderfully stimulating liquids in Pompeian HAIR Massage. Dandruff goes. Your hair will become and stay healthy, vigorous and attractive.

## Pompeian HAIR Massage

is a clear amber liquid (not a cream). Not oily. Not sticky. Very pleasant to use. 25c 50c and \$1 bottles, at the stores.

Don't hesitate to use Pompeian HAIR Massage. It is made by the old and reliable makers of Pompeian MASSAGE Cream and Pompeian NIGHT Cream.

Sold and Recommended by Druggists and Barbers
