Market Was Strong and Price Trend Upward

New York, Sept. 6.—The New York Evening Sun financial review today said:

While there was a good deal of sawing in today's stock market, strength underlay the general list from the outset. This was particularly true of the industrial shares despite the presence of a few weak spots among the specialties.

BOARD OF CONTROL RAISES SALARIES

Cost of Maintaining Institutions Found Greater Than Legislature Provided For

State institutions appear to be unable to keep within the cost per capita limit as provided by the legislature, according to the reports of the warden of the penitentiary and the superintendent of the Girl's Industrial school to the state board of control yesterday afternoon.

The report of Warden Murphy showed that the cost of the prisoners last month per capita was \$25.02 which is more than the legislature provided.

In her report to the board Mrs. Darst superintendent of the Girls Industrial school stated the cost per capita for last month was \$37 while the maximum per capita is fixed at \$30. The board instructed Secretary Gosdin to make an investigation to ascertain what is the reason for this high cost.

On recommendation of Superintendent Moore of the Blind School the salaries of the teachers in that school were raised on a schedule as follows: which includes living for all the instructors: Head instructor, \$80; literary teachers, \$70; music teachers, \$65; industrial instructors, \$60; the housekeepers, the cook and the laundress each got an increase of \$5 a month, raising from \$30 to \$35; waitresses are raised from \$17.50 to \$20 while the assistant housekeeper will receive \$120 instead of \$100 as formerly.

At the Oregon Training school, the assistant farmer will receive \$45 instead of \$40 as heretofore. The board took no action relative to raising the salaries of the employees of the Soldier's Home at Beasburg. The secretary was instructed to ask the commandant for definite recommendations.

On recommendation of Superintendent Steiner of the Oregon State hospital no more feeble minded patients will be received at the State School for the Feeble Minded on account of a large number in the hospital that properly belong in the feeble minded institution.

Mr. and Mrs. A. J. Basy came home yesterday from a several weeks outing at Newport.

Mr. and Mrs. C. A. Vibbert were returned from a week end motor trip at Newport. They were accompanied by Mr. Vibbert's mother, Mrs. Emma R. Vibbert.

The wedding of Miss Jessie West and Clarence Melville Clark will be solemnized Thursday evening at the residence of Mrs. Sara Hughes Clunis, 534 Williams avenue, at 8:30 o'clock.

Rev. Dr. Stansfield, pastor of the First Methodist church, will read the ceremony in the presence of the relatives and most intimate friends of the couple. The bride will be given in marriage by her uncle, ex-Governor Oswald West and will be unattended. The wedding comes as a surprise to most of the friends of the couple. The engagement was made known informally about three weeks ago. Miss West is the daughter of Mrs. Arthur West of Winklock, Wash., and is a former Salem girl. She has lived in Portland for about two years, being Mr. West's private secretary. She made her home with Mrs. Clunis. Mr. Clark is in business in Portland, having resided here for the last five years. His former home was in Fairfield, Iowa.

Mrs. Oswald West, aunt of the bride-to-be, and her daughter, Miss Helen, came up from their summer home, "West Hut," on Cannon Beach Monday, where they have passed the summer months, to be present at the wedding.—Portland Journal.

Court House News

Because there was no necessity for appointing a guardian for the persons of Mildred E. Glover and Alice G. Glover when their father is their natural guardian, Judge Busby today sustained the demurrer of the father, George E. Glover, to the application of Joseph G. Garrow, Bertha Garrow and A. C. Emmett for the appointment of a guardian. The court said he had no jurisdiction in the case and dismissed the petition. The hearing was held yesterday.

Judge Busby this morning allowed the claim of J. E. Foster for \$295, which he presented to Mary E. Foster, administratrix of the estate of James L. Foster, and by her denied. The court stated that the claim was proper, approved it ordered that it be paid.

Objections to the cost bill of Mary W. Foster, administratrix of the estate of James L. Foster in her claim for \$150 over and above the \$437.30 allowed as compensation for acting as administratrix were filed with Judge Busby by the heirs of the estate Mrs. Frank Christie, J. E. Enster and John B. Foster. He objects allege she has not performed any extraordinary service that would entitle her to this amount. Judge Busby disallowed the claim. She was also ordered to account for \$170 on a promissory note. Other objections filed were over-ruled.

Marriage licenses issued yesterday by the Marion county clerk are as follows: Helmer Ostring, a drayman of Trade Street, and Essie Marilla Goodenough, a telephone operator who lives on Mill street; and Walter E. Keyes, mayor of Salem and an attorney, and Ida Helse, also of Salem.

Eight eighth grade students who were conditioned at the June examinations for admission to the big school are taking their second examination today and Friday in the office of County School Superintendent Smith. Mrs. Smith is conducting the examination. County School Superintendent Smith and Supervisor Hoppes were in Butteville this morning preparing for the local industrial fair that will be held in that vicinity before the state fair opens. They are expected in Aurora and Hubbard this afternoon on the same business.

WHEAT WILL BRING \$2.20 IN PORTLAND

Mr. Hoover Says Chicago Bases Will Be Used Temporarily

Portland, Or., Sept. 6.—Pending final determination of a basic grain price for Portland and other north Pacific coast terminals, buyers were authorized yesterday to do business on the basis of the recently established Chicago market, or \$2.20 a bushel for first-grade hard winter wheat.

M. H. Houser, agent for the Federal Grain Corporation in Oregon, Washington and Idaho, promulgated a schedule of prices for the various grades and species of wheat grown in the northwest and advised the trade that it is at liberty to buy on this schedule with the restriction, however that grain cannot be held for more than 30 days, as provided by the newly enacted federal food laws.

Portland Used as Basic Point

Meanwhile the Chamber of Commerce and various farmers' organizations in the northwest are active in their efforts to have Portland established as a primary wheat market on a veritable parity with Chicago.

HOOVER ENLISTS AN ARMY OF HOUSEWIVES

These Will Keep Tab On Retailers and Give Information of Excessive Prices

By George Martin, (United Press Staff Correspondent.) Washington, Sept. 6.—Food Commissioner Herbert Hoover struck his first smashing blow at exorbitant retail prices today. He enlisted an army of housewives to watch prices in every community of 3,000 or over. They will report to him by mail weekly. On the basis of these reports and aided by public opinion, Hoover will lash profiteering retailers to the mast and hammer prices down to reasonable levels.

The plan was put into effect through the treasury department today. In a letter addressed to the president of every national bank, Controller of the Currency John Skelton Williams asked the appointment of a "food reporter" from the staff of each bank, or from among the women in the home of the bank officials.

"Hoover desires," said the letter, "to find correspondents in each place who will inform themselves at the end of each week the prices being charged by retail grocers and food dealers for thirty articles named."

This plan is announced on the heels of a report by Governor Edge, of New Jersey, following a state wide investigation, that retail dealers handling New Jersey products in New York City have made from 90 to 900 per cent profits, whereas the producer and middleman got a very small margin.

SOUNDS LIKE FAIRY TALE

Warren, Ohio, Sept. 5.—Trumbull county officials today investigated the story of a girl known as Clady Allie, aged 9, who said she was kidnapped in 1916 from Portland, Or., by an aged man, who has mistreated her. The girl said her father is a wealthy coal man.

Shipbuilding Strike in Portland Postponed

Portland, Or., Sept. 6.—The executive committee of the Metal Trades Council this afternoon voted to postpone the strike of shipbuilders, set for tomorrow, until representatives of the Union have time to confer with federal authorities in Washington regarding the points at issue.

James Morrison and C. E. Kidd, two local labor leaders, will leave soon for Washington for a conference with the recently created federal adjustment board September 13. Joseph G. Bowles, of the Northwest Steel company, will represent local ship builders at the conference.
