Motor Car Display To Be the Largest In Oregon

The largest display of automobiles in the history of Oregon is planned for the fourth annual state fair at Salem, September 24 to 29. The trucks so far listed for exhibit are the G. M. C., Smith, Ford, Kissel, Kar, the Federal, Sterling and Deady. The pleasure cars listed are the Overland, Reo, Cole, Mar-

COBB LEADS SPEAKER BE ONLY 23 POINTS

George Sisler Only 3 Points Below Speaker--Rousch Is Fourth

By H. C. Hamilton
(United Press staff correspondent)
New York, Sept. 15.—Ty Cobb's drive at the batting leadership of the American league is going over the top. Averages published today show the Detroit slugger hitting at .373, only 23 points ahead of Tris Speaker, his Cleveland rival.

George Sisler is only slightly behind Speaker with .347.
The battle in the National league is almost as close, but with the chances slim for a change that will give the title to any other than Eddie Rousch of Cincinnati. Rousch is hitting .343 to .323 for Hornsby, St. Louis. Groh, Cincinnati, is in third place with .306.
Other .300 hitters in the National league are Knuff, New York; Burns, New York and Willott, New York.
In the American league they are Bader, Boston; Ruth, Boston; Russell, New York; Felsch, Chicago; Veach, Detroit; Chapman, Cleveland; Russell, Chicago; Lewis, Boston; McInnis, Philadelphia.
Slim Sallee, New York, leads the National pitchers with seventeen victories and five defeats. Bender, Philadelphia, is second with six and two; Schupp, New York, nineteen and seven; Alexander, Philadelphia, twenty five and twelve.
Klepper, Cleveland, still leads the American league pitching parade with twelve victories and three defeats. Russell, Chicago, is second with 15 and 4; Mays, Boston, 19 and 7; Eddie Cicotte, Chicago's star, has won 23 and lost twelve.

Football Horns In

Chicago, Sept. 15.—With baseball and other summer sports still going strong, football horns blared right into the sport page today.
Fall practice for western conference colleges officially opened. Illinois, Northwestern, Indiana and Minnesota responded. Norte Dame and several other schools outside the "Big Ten" also began preliminary work.
Chicago will start practice Monday while Michigan will be delayed until September 27.

Great Race Today

New York, Sept. 15.—Omar Khayyam and Hourless, the two horses credited with being the east's best, will race at out this afternoon at Belmont Park race track. They will meet in the Lawrence realization stakes, over a course of a mile and a half.
Rain will be the only thing to prevent the two stars starting together. A heavy track would cause withdrawal of Hourless.

Greb Beats London

New York, Sept. 15.—Harry Greb's first New York bout resulted in a technical knockout of Jack London, who substituted for Zulu Kid. The referee stopped the bout in the ninth when Greb dropped his opponent for nine.

Ted Lewis, welterweight champion, defeated Jimmy O'Hagen, a middleweight and Jack Britton won from Marty Cross.

Hoppe Earned Black Eye

San Francisco, Sept. 15.—Willie Hoppe carried a beautifully blackened eye today—his only trophy from his four round fight with Johnny McCarthy last night. McCarthy was the winner all the way.

Hit Gibbons Glove

Duluth, Minn., Sept. 15.—Jimmy Howard of Chicago, was nursing a sore jaw today as a memento of his aspirations for the middleweight title. He received the souvenir from Mike Gibbons right glove during the fourth round of their scheduled ten round go here last night. He stopped then.

Pacific Coast League Standings

| W. L. Pct. | |
|---------------|------------|
| San Francisco | 93 75 .554 |
| Sale Lake | 85 72 .542 |
| Los Angeles | 86 78 .524 |
| Portland | 77 78 .497 |
| Oakland | 79 87 .476 |

WEST SEEMS LIKELY TO HEAD BASEBALL

Cincinnati and St. Louis Now Attract Attention In National League

New York, Sept. 15.—With the present lineups of clubs in the major leagues from which to take bearings it begins to look more and more as if the west is ready to take some of the pop out of the east. With new, peppy clubs gracing the National league roster at Cincinnati and St. Louis, and with Fred Le Pohl making motions like a regular manager, the old one, two, three order of teams in the east, which has prevailed since Fred Clarke and Frank Chance ceased to build championship winners, appears ready for the discard. And, in the American league the same restlessness is asserting itself. Detroit has been a factor for 10, three many years, so hardly can be counted strong or than when the Tigers started the season. Cleveland, however, is perking up so fast with its young pitchers hard hitters and close defense that more than ordinary attention is going to be centered this winter on the antics of Le Pohl. The White Sox will have to be counted as a factor again in 1918. The club is comparatively young, and is holding up well. Unless wrecked by war, the White Sox gang will be right around there when the reckoning comes.

OREGON NOW HAS 1 AUTO FOR EACH GROUP OF 22 PERSONS.

Figures compiled last week by M. O. Wilkins, president-manager of the Dealers' Motor Car Association of Oregon, show that 1091 new automobile licenses were issued in the state during the month of August and that 1329 of this number represented cars of 1917 model. The registration for the month shows a falling off of nearly 1000 cars as compared with the licenses issued for July.
The commercial car business held up better with 68 new vehicles turning up in the count. The monthly count has been running from 60 to 75 trucks this year.
Up to date, a total of approximately 46,000 automobiles have been registered in Oregon this year, giving the state one car for each group of 22 persons on a population basis of about 850,000. The total registration on September 7, was 45,558 and the entries have been heavy since that time.

The Cardinals and Reds, however, will get the foremost eye from rival National leaguers when they start the 1918 chase. If Hornsby's Cruises, Paultetter, Goodwin, and such have made of the Cardinals a real championship possibility. Likewise Toney, Rousches, Grohs, and thinks like that but mainly the masterful, clever way Christy Mathewson has manipulated the Reds, has, for once, elevated them to the pinnacle of pennant hopes. Mathewson made the remark before he went to Cincinnati, that he expected to make managing a ball club just a deep study as he had made of pitching, and he added that he would make just as much of a success or get out of the way. That such success means a pennant for Cincinnati. Maybe it isn't so far in the offing.

Legal Dinners Are Selected by Board

Portland, Or., Sept. 15.—Harry B. Coffin, chairman of the Safety First committee and also chairman of the special committee on automobile headlights, announces that the following standard 27-candlepower lights have been approved by the committee: The Osgood, the Noglare, the Legalite, the Ritelite and the Primolite.
The following lights were declared too brilliant, and must be dimmed to 18 candlepower before their use is permissible: Couphor, Warner-Lenz, Ferrin Bros., Deane and Povey Bros.' San-Blasted Lens.

The use of the so-called "glaring" brands of headlights is permissible if the user tilt them until the ray strikes the road not more than 75 feet ahead of the machine. This would make the ray only 42 inches above the ground at a distance of 50 feet ahead, and as this is much lower than the average pedestrian's eyes, it has been declared safe by the committee.

HUBBARD HOSPITAL NOTES

Born to Mr. and Mrs. Josie Ryan of Beaverville, a boy, Sunday a m.
Born to Mr. and Mrs. Aaron Each of Needy, a boy, Sunday afternoon.
Miss Gladys Hardcastle of Portland was operated for appendicitis Tuesday a. m. and is doing as well as conditions will permit at this time.
Mrs. Herbert Miller of Canby is very sick with liver disease.
Mrs. J. Oswald of Molalla has been quite sick, is improving nicely at this time.—Enterprise.

HOCHSTETLER-MURK MARRIAGE.

A very pretty wedding took place at the home of the bride's parents in this city yesterday, when Mr. Irwin M. Hochstetler and Miss Ida A. Murk were united in marriage, Rev. E. @ Decker, D. D. officiating.
The ceremony was at 2 o'clock in the afternoon in the presence of a large number of relatives of the bride and groom. The house was beautifully decorated. After the ceremony a wedding supper was served by Mrs. Murk.—Woodburn Independent.

The Cardinals and Reds, however, will get the foremost eye from rival National leaguers when they start the 1918 chase. If Hornsby's Cruises, Paultetter, Goodwin, and such have made of the Cardinals a real championship possibility. Likewise Toney, Rousches, Grohs, and thinks like that but mainly the masterful, clever way Christy Mathewson has manipulated the Reds, has, for once, elevated them to the pinnacle of pennant hopes. Mathewson made the remark before he went to Cincinnati, that he expected to make managing a ball club just a deep study as he had made of pitching, and he added that he would make just as much of a success or get out of the way. That such success means a pennant for Cincinnati. Maybe it isn't so far in the offing.

Put Price On First

(Continued from Page One.)
ward eight hundred paces, occupying Pelne.
"We are advancing toward Lemberg and have occupied Koltzen and Sisseral."

Made Slight Gains

London, Sept. 15.—British troops forged a tighter grip on positions east of Westhoek (in the Ypres sector) last night, Field Marshal Haig reported today.
"We slightly improved our position," he asserted.
The British commander also related failure of a strong enemy attack yesterday evening northeast of St. Julien against the ground gained during the day by the British. The assaulting wave was caught under a heavy artillery barrage as it was advancing and completely dispersed.
North of Langemarck, Haig also reported considerable activity in enemy artillery fire.

Regained Trenches

Paris, Sept. 15.—French counter attacks today drove the Germans from most of the trenches which they entered north of Courieres wood yesterday, the war office statement today asserted.

The German Version

Berlin, via London, Sept. 15.—In desperate hand to hand fighting German troops stormed a height to the east of Chaume wood (Verdun sector) taking 500 prisoners, the official statement declared today.
"Stubborn resistance was broken in hand to hand fighting," the war office asserted.

On the Somme-Souain road, the statement said, the French twice attacked without artillery preparation.
"Wherever they penetrated our trenches," the statement said, "they were immediately driven out."

Time Is Required to Get the Best Results

When making motor adjustments it is usually necessary to exercise a little patience in order to get the best results, for the reason that the effects of adjustments are not always instantly apparent. In carburetor adjustments, for instance, the motor must be given a little time to feel the changes made, and the results obtained immediately following the turn of a needle valve or air valve spring may be misleading.

HOPE TO RESTORE SIGHT

Vancouver, Wash., Sept. 15.—With two operations already performed, doctors here today are planning a third one on Otto Strobe, blind, deaf and dumb. If the third operation is successful, the boy will have perfect sight in one eye. He is a student at the Washington state school for the deaf.

Maxwell Sales Manager to Work for Uncle Sam

Charles Gould, sales manager of the Maxwell Motor Sales Corporation, has resigned with the intention of taking up government work in connection with the war.

Mr. Gould's energies, while with the Maxwell company, were devoted to the service branch of the business, which he organized on a highly efficient basis. Before coming to the Maxwell in 1913 as manager of service, Mr. Gould was in steel construction work. Prior to that he had been assistant superintendent of the Standard Oil company, with which corporation he was associated a number of years after his graduation from Yale.

In his college days Mr. Gould was famous as an athlete. He played end on the Yale football team three years, including 1900, when Yale won its greatest victories on the gridiron. In 1901 he was captain of the team.

Subsequently he coached the Annapolis football team for two seasons. As a member of the executive staff of the Maxwell company, Mr. Gould won the respect and friendship of everyone with whom he came in contact and expressions of regret were general and sincere when it was learned that "Charley" Gould was leaving.

As he was telling his associates goodbye, Mr. Gould said:
"I am leaving the company because I felt it my duty to do my bit. I want everyone to know how much I have enjoyed working with them and to express to all my thanks and appreciation for their helpful co-operation."

WANT AIRSHIP LUMBER

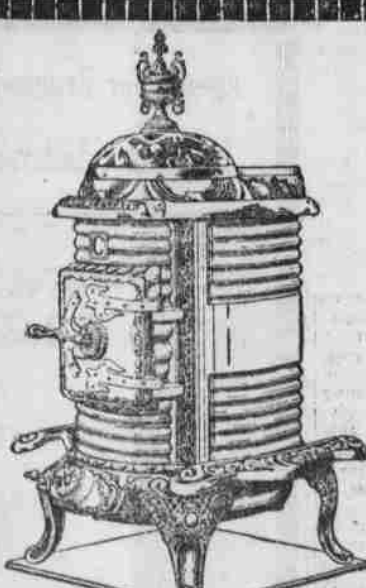

Aberdeen, Wash., Sept. 15.—Shortage of help in all logging camps has reduced the output of airplane spruce in this district, mill men agree here today.
Federal authorities have placed orders for airplane stock with every plant in this district. The mills have been instructed to ship east at once all the airplane lumber they have on hand, regardless of quantity.

ANOTHER WOMAN MAYOR

Umatilla, Or., Sept. 15.—The first city administration in the country composed entirely of women has a new mayor today.
Mrs. Laura Starcher, the first mayor, resigned when she moved to Parma, Idaho. And, of course, the council wouldn't elect a mere man to take her place. Her honor, Mrs. Helen Duncan, is the new executive.

In the Civil War America fortunately escaped a labor problem. In this war America has a labor problem, but it is being handled by patriots of bigness and brain.
