Sucos Aires, Oct. 1.—President Irigoyen regards Germany's explanations were mose satisfactory and will firmly adhere to a course of neutrality for Argentine, according to a detailed outline of his peatiton, made public today by the national juvenile committee, which favors a rupture with Germany.

The statement contained the first explanation by Irigoyen himself as to his views on Argentine secontine and announced he would soon call a congress of American neutrals to decide South America's attitude on the war. It was a detailed narrative of an interview which the committee had with the president on September 26, in this conversation President Irigoyen in sisted that Argentina could have interfered in the Surgele without being conversation President Mirgoyen insisted that Argentina could have interfered in the green which the committee had with the president on September 26, in this conversation President Irigoyen continued to the president that Argentina could have interfered in the green which the committee had with the president on September 26, in this conversation President Irigoyen insisted that Argentina could have interfered in the struggle without being with the president on September 26, in this conversation President Irigoyen insisted that Argentina could have interfered in the struggle without being with the president on September 26, in this conversation President Irigoyen insisted that Argentina could have interfered in the struggle without being with the president on September 26, in this conversation President Irigoyen insisted of the structure of the stru
