

# WHEN A SOLDIER APPRECIATES HIS TOBACCO

Every soldier gets lonely and homesick—sometimes. The heart that beats beneath bronze buttons and khaki is still only human, of course. And when one of our boys gets that lump in his throat which he just can't swallow, there seems to be nothing that helps quite so much as a good, cool, soothing smoke—the kind of smoke he used to have back home.

Good smokes have been pretty scarce in the trenches. But we've made it so easy for the folks at home to send you the right kind the boys want that now there's really no excuse any more for them to be without them.

Twenty five cents sent to our Tobacco Fund will purchase almost twice as many smokes as you can buy your self over the counter. They come packed in a nice little kit, ready for send-

ing; and in that—it is a post card, stamped and addressed to the person who gave the quarter.

The French and American governments and the Red Cross help us do this. The tobacco is admitted duty free over there and the American stamp brings back the message to you, direct from the happy man who received your smokes.

And when you read that soldier's message, you will say that it is the biggest quarter's worth of satisfaction you ever got for the money. Try it and see for yourself.

Bathhouse John is turning to poetry, which is one effect of political basianism that has never hitherto had to be reckoned with.

Here's 45 cents worth of tobacco which is sent you your quarter:

- \* A package of Tuxedo tobacco and four books of cigarette papers.
- \* Three pouches of Bull Durham tobacco and three books of papers.
- \* Two packages of Lucky Strike cigarettes, twenty cigarettes in each package.
- \* A return postal card addressed to the contributor on which the soldier will pen his appreciation and gratitude for the gift.

# WHITE SOX TRAINING FOR WORLD'S SERIES

### Exhibition Games with Cleveland Indians Provide Light Practice

By H. C. Hamilton  
(United Press staff correspondent)

Chicago, Oct. 2.—The White Sox, minus first baseman Collins—hit Cleveland today as it was a high spot. After an exhibition game at Cleveland, the White Sox and Indians boarded a train for Chicago for another game before the big series begins.

The exhibition games will not be easy for the White Sox, for they are scheduled for hard practice right up to the minute of the battle with the Giants. Thursday they will assemble at White Sox park and will put in the morning going over their plans for the big struggle. Friday will be an off day. Collins, Cicotte and Ed Gleason were at Philadelphia this afternoon, probably to look over the Giants, although Clarence Rowland denied he wanted any great amount of information about his opponents. Collins lives in Philadelphia and went there as a sort of holiday, according to Rowland, taking Gleason and Cicotte. They were to leave Philadelphia at 4 o'clock, going direct to Chicago, where they will join the club tomorrow.

Eddie Cicotte, Red Faber and Claude Williams will get their final preparation for the big games tomorrow. Each of them is scheduled to work three innings against the Indians. Every regular will be in the lineup.

Rowland has not made up his mind as to the pitcher for the opening date, although it is generally considered the Sox will face the shorts of Eddie Cicotte. Rowland considers it not improbable that some other hurler will prove himself equal to taming the Giants in the first contest, giving him the opportunity of reserving Cicotte for use on the first day away from home. It has been pointed out, however, that it would be possible for Cicotte to work both the opening game at home and the opener in New York, so Rowland's uncertainty may be counted as a negligible factor.

He has practically made up his mind to start McMullin at third base in the big game, with Weaver at shortstop.

# SPURIOUS TICKETS FOR WORLD'S SERIES

## Counterfeiters at Work—Council Passes Ordinance Forbidding Scalping

Chicago, Oct. 2.—The 1917 model counterfeit doesn't bother with such trifles as \$20 bills or \$10 gold pieces. He goes right out and tries to bunco the public with phoney world series tickets—according to the national commission.

The commission let the world know today that the big city slickers can't put everything over on it.

Baseball patrons are warned against purchasing world series tickets except through the regular channels, read an announcement by the commission.

"It has been reported that a plan for counterfeiting world series tickets is under way. This information is believed to be correct."

The commission also admitted its ability to Sherlock Holmes the festive

speculator.

"Plans have been formulated whereby the management can trace the tickets that have been resold," it announced. "The management reserves the privilege of refusing admission to any persons on tickets purchased from speculators."

For the information of the commission speculators are said to have been offering grandstand seats at downtown hotels last night—face value \$4.50 for three games—for the insignificant price of \$3.

The city council last night passed a special ordinance against ticket scalpers and added a resolution instructing the White Sox to ban the stuffing out of the Giants for the honor and glory of Chicago.

**Chuck Wiggins Won.**  
Toledo, O., Oct. 2.—Chuck Wiggins, Indianapolis lightweight, won from Joe Chip, Allentown, Pa., in a 12-round engagement here last night. The hoosier fighter won every round except the eleventh.

New York, Oct. 2.—Billy Miske, St. Paul's machine gun hitter, will meet Charley Weiner for the second time tonight at the Broadway Sporting Club. Miske's showing against Carl Morris has boosted his standing among the heaviest.

**Smith to Meet Dempsey.**  
San Francisco, Oct. 2.—Gunboat Smith and Jack Dempsey will meet at Recreation Park tonight in a four round bout. Smith is the favorite in the betting. The referee has not yet been agreed upon.

**Martin Is Leading.**  
San Francisco, Oct. 2.—Speed Martin who was turned back to Oakland recently by the St. Louis Browns, is leading the Coast league pitchers, according to averages announced today. He has won six and lost three games, with an average of .607. Erickson, of San Francisco, whose average is .559, is second, but he has participated in 41 games and won 27.

# GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cream. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—eyes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

# Famous Singer May Buy Farm In Valley

Mrs. Alma Webster Powell, the prima donna who sang at the state fair was in Oregon impressed with the Oregon climate and remained in the city several days as the guest of Mr. and Mrs. J. O. Hall. She not only was greatly interested in this part of the west but expressed her intentions of returning next summer and investing in Oregon property in this part of the Willamette valley.

Mrs. Powell is the owner of an 800 acre farm in Massachusetts devoted to the raising of fine stock and for this reason was interested in the stock exhibits at the state fair.

Through arrangements with the war department, Mrs. Powell will go to France this winter to give song recitals for the soldiers. Besides being a famous singer she holds the degree of LL. B. from the University of New York and the degrees of A. M. and Ph. D. from Columbia University, New York City.

# Wittenberg-King Plant Gathering Employes for Beginning Season's Run

Beginning next Monday, Manager Walker of the Wittenberg-King company will have charge of the plant on North Front street and may be seen at the plant by those seeking employment. Everything is almost ready for the operating of the plant and within a week or ten days as soon as employes are secured all will be ready for business.

Just at present prunes are being taken in and shipped to The Dalles plant. Large quantities of prunes are also being placed in cold storage here.

It is expected at least 125 will be employed in the work of evaporating fruits this fall and within another

# OLD FOLKS NEED "CASCARETS" FOR DIVER, BOWELS

Salts Calomel, Pills Act on Bowels Like Pepper Acts In Nostrils

Enjoy Life! Don't Stay Bilious, Sick, Headachy and Constipated

Get a 10 cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic, and the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. You may occasionally whip the bowels into activity, but a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

# Secretary McAdoo Appeals For Boys In France

Indianapolis, Ind., Oct. 2.—William G. McAdoo, secretary of the treasury, today called upon a great crowd which filled Tomlinson hall "to give the boys who have given their lives the means of defending themselves," in appealing for support of the second liberty loan.

"We want to let the boys, who are giving their lives, know that the line of communication three thousand miles wide and imperilled by the deadly submarine, is protected," he continued.

"We want them to know that America will protect them with the entire resources of this country; that if need be, we will surrender every dollar of property we have to the government.

"We must be willing to sacrifice all our money for them, we know they are willing to sacrifice their lives for us."

The secretary pointed out that the government does not ask a dollar except in return for a safe investment.

"If one single loan offered to the American people should fail, it would be a more fateful disaster than the loss of a great battle," McAdoo asserted.

"The thing that is underneath every war and without which war cannot progress; without which national security cannot be secured, and without which the wheels of government stop; without which all the affairs of American life could not live, is money."

year, the capacity of the plant doubled. After the work of evaporating prunes is under headway, the Wittenberg-King company will put its men in the field contracting for loganberries at four cents and strawberries at five cents a pound.

# CLOSED SHOP IS ONLY MATTER NOT SETTLED

All Other Matters In Dispute In Portland Strike Have Been Agreed On

Portland, Or., Oct. 2.—Only adjustment of the closed shop demand prevents settlement of the shipyard strike here it became known today. Other issues have been adjusted at the almost continuous conference between strike leaders and shipyard heads.

G. Y. Harry, federal mediator, however, is more hopeful than ever of an early settlement, he predicts that the men will be back at work within a few days.

**Working at Astoria.**  
Astoria, Or., Oct. 2.—The shipyard and lumber workers strike here has been practically broken, mill and shipyard heads claimed today. All mills are running as usual and men are returning to the shipyards each morning. The yards will have full crews by the end of the week, the managers declare.

# Afraid to Eat

Wealthy Dyspeptic Dies of Starvation

An inquest was recently held upon a wealthy man who had died of starvation. He was a victim of digestive trouble and afraid to eat because of the pain which always followed. This tragic proof of the folly of dieting should serve as a warning to those readers who experience pain and unpleasantness after eating. It should be remembered that indigestion, dyspepsia, heart burn, flatulence and wind are usually symptoms of excessive acidity and food fermentation. The acid retards digestion, turns the food sour and causes fermentation and wind. Unusually, therefore, it is acidity which is the root cause of practically all forms of digestive and stomach trouble, and that is why physicians advise sufferers to take Bi-nesia after meals. Bi-nesia is not a drug or a medicine, but an antacid and food corrective which can be obtained in either powder or tablet form from high class chemists everywhere. A teaspoonful of the powder or 2 or 3 of the tablets taken in a little water after meals is sufficient to instantly neutralize acidity and prevent all nastiness of the food fermenting; and if dyspeptics would only adopt this simple precaution they would soon find drug taking and dieting unnecessary. Bi-nesia would enable them to eat hearty meals without fear of pain to follow.

Washington, Oct. 2.—A compromise wage advance offered the bituminous coal miners in the joint conference here today was rejected by the United Mine Workers. Efforts to reach a satisfactory adjustment will continue.

# Coast Guard Vessel Rammed and Sunk

Washington, Oct. 1.—A coast guard vessel on patrol duty off an Atlantic port, was rammed and sunk today, the navy department was advised this afternoon. The name of the vessel ramming the patrol boat has not been announced.

The accident occurred early today. Every effort is being made to ascertain the identity of the ship which crashed into the patrol boat.

The navy department was advised later that there had been no casualties, though a patrol boat carries about 125 men.

# COL. WILLIS GOES EAST

Lieutenant-Colonel Percy Willis, U. S. A., arrived here yesterday from the Philippines, accompanied by Mrs. Willis. They are on their way to Boston, where Colonel Willis has been assigned to duty in the coast artillery corps, to which branch of the service he belongs.

Colonel Willis was appointed to the army from Salem, Or., in 1901. He had been a major in the Second Oregon and saw service in the Philippines in the Spanish-American war. Colonel and Mrs. Willis are guests of Colonel Willis, brother, Eugene Willis, 663 East Ninth street. Colonel Willis will probably leave for his new post of duty the last of this week.—Oregonian.

# Food Prices Double Because Nation-Wide Strike Paralyzes All Industry

(By Charles P. Stewart)  
(United Press Staff Correspondent)

Buenos Aires, Oct. 2.—Food prices, already doubled by the general strike, tripled today when the last line of communication between the city and the outside world was closed by strikers. Decision of stevedores, who joined the strike, tied up the entire port of Buenos Aires. All railroads are already stopped.

The government still withheld a declaration of martial law throughout the nation. Such a step had been advertised as likely to be effective yesterday. No explanation was given of the delay.

Great suffering has been caused among the poorer classes by scarcity of food, particularly milk.
