## FORMER SUPPORTERS OF LA FOLLETTE NOW URGE SENATE TO EXPEL HIM

Milwaukee, Wis., Oct. 3.—Men who worked and helped to pay for Senator Robert M. La Follette's election last November today demanded his impeachment and expulsion from the office to which they elected him.

Every active member of the executive committee of the Wisconsin Republican state central committee concurred in a telegram urging such action by the United States senate. Chairman West of the general committee also concurred in the telegram. W. B. Heinemann, chairman of the executive committee, signed the telegram.

The following telegram, dated Oct. 2, was sent to Chairman Pomeroy of the senate committee on privileges and elections and a copy to President Wilson:

"As chairman of the executive committee of the Republican state central committee, which organization was largely responsible for Senator La Follette's re-election last November, and

all members of this committee concurring, except two who have enlisted, and are in the service of their country and their present address unknown, I appeal to the United States senate to impeach and expel Senator La Follette for treasonable and seditious utterances and disloyalty to our government.

"Wisconsin is loyally behind the government in this war and will do her full share and we ask that Wisconsin be spared further humiliation in having Senator La Follette misrepresent the state.

"Please see that this appeal reaches the proper committee and my committee, if called upon, shall undertake to supply what evidence is necessary to prove that Senator La Follette's utterances have had poisonous influences.

(Signed) "W. B. Heinemann, Wisconsin State Central Republican Committee."

**PERSONALS**

H. S. Wills is visiting in Seattle.

Mrs. Jessie Johnson is visiting in Tacoma.

Mabel Gilroy left yesterday for Missoula, Mont.

Mabel Reed left for North Yakima Tuesday evening.

Work will begin on the Mission street end up to Mill street and then from State street to Mill. The paving will be asphaltic concrete, similar to that put down by the city on the Fair grounds road.

Mr. and Mrs. G. E. Terwilliger, graduate morticians and funeral directors, 770 Chemeketa St. Phone 724.

Terwilliger Funeral Home (home of the lungmotor) residence parlors, home like. Lady embalmer. Phone 724.

Dance at Cotillion hall Sat. eve.

Beautiful satin finished mahogany Sterling player piano, operated by electricity, in perfect condition. Priced with rolls and cabinet \$375, terms to suit. A wonderful bargain. See Mr. Sawyer at E. L. Stiff & Son's, 448 Court St.

The Cherry City Bakery manufacturing Holsom bread had rather a hard run of luck a few weeks ago. It seems that a mixed car load of flour was shipped them about four weeks ago. A week or so later there was some complaints regarding Holsom bread and the bakers at once began to look for the trouble, which was rather a difficult proposition considering the amount of materials used. The trouble was to find out whether it was the flour, the yeast or the salt or whether some foreign substance was getting into the mixture. After a week's experimenting it was finally located in the one shipment of flour. However, for the past two weeks, Holsom bread has been up to the standard established when the Cherry City Bakery first opened.

A free lecture on Christian Science will be given tomorrow night at 8 o'clock at the Grand Opera House, by John Sidney Brauer, M. D., of London, Eng., member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. It will be under the auspices of First Church of Christ, Scientist, Salem, Or., and the public is invited.

## Monthly Meeting of Board of Control Has Little Before It

The monthly meeting of the Board of Control was held this afternoon but only matters of minor importance were before it. The salaries of all employees in the state printer's office were increased 10 per cent. The daily cost of this department is now \$51.10 and the increase makes it \$56.50.

Reports of the various institutions were read showing the conditions and needs of each. At the institute for the feeble minded there were 224 at the beginning of last month since which two have been received and 10 discharged. The per capita cost of maintenance was \$17.99. The reform school had 111, received 17 and discharged 10 and the cost of maintenance was \$21.73.

The tuberculosis hospital had 79 received 7 and discharged 10, and the per capita cost was \$36.05.

The industrial school for girls had at the beginning of September 40, received 8 and discharged 4 and the cost was \$14.

Several matters were held in abeyance pending the presence of State Treasurer Kay who is in southern Oregon.

## Oregon Folks Are Acquiring Autos

The report from the automobile department shows a wonderful increase in the number of autos. During September of this year there were 1,329 registrations of autos as against 867 during the same time in 1916. From January first to September 30 this year the total registrations were 32,714 almost equalling the registration for the entire year of 1916, which was 33,917. The growth in motorcycles was as well, being 74 for the month of September, as against 36 last year. The fees received from auto licenses for the year up to September 30, amounted to \$189,835.50 as against \$141,374, last year during the same months. The fees for the month of September this year were \$6,449.50 as against \$3,778 last year.

## DR. CARL G. DONEY TALKS TO WORKERS

### Salem Central Labor Council Organizes Branch of National Alliance

Tonight at eight o'clock at D'Arcy Hall a meeting of the Central Labor Council will be addressed by President Doney of Willamette University on the topic of the working man and the war.

The occasion is the organization of a local chapter of the National Alliance for Labor and Democracy, of which Samuel Gompers, president of the American Federation of Labor, is the head.

Delegates will be present from every labor union in the city and all working men and women are invited to attend and participate in the organization of the league.

The purpose of the Alliance is to inspire a larger degree of patriotism among the working people and to direct the activities of those who desire to prosecute the war to an early and successful termination.

## MORE LIBERTY MEN ENTRAIN FOR CAMPS

### One Hundred and Seventy Thousand Ordered Into Active Service

By George Martin. (United Press Staff Correspondent.)

Washington, Oct. 3.—One hundred and seventy thousand more drafted men throughout the country began entraining today for encampment camps.

The railroads estimate the movement of this third increment of 25 per cent will be completed Monday evening. The fourth and last group will be beginning October 17. By October 25th America's first draft army of 687,000 men will all be in camp.

Coincident with the start of the third increment today, the railroads' war board sketched a fact skeleton of the gigantic troop movement job it has accomplished in face of its greatly increased normal business and tremendous war traffic.

Including national guard, regular and national army men, the roads have moved 720,000 men from their homes to camps and points of embarkation.

All of these forces—except the first five per cent movement—have required special train service involving the use of 12,500 passenger cars, including 1500 pullman and tourist sleepers; 2,000 baggage cars and 4,500 freight cars.

Special schedules had to be co-ordinated with regular ones out of 4,331 towns and cities.

The longest haul made in the national army movement thus far was a special train of men from Yuma, Ariz., to Fort Riley, Kan.—1,314 miles in 48 hours. The shortest was that of the District of Columbia contingent to Camp Meade, Md., 25 miles.

All the national guard movements have been long. One battalion of engineers was moved from San Francisco to an Atlantic coast port. The trip lasted eight days in a special train. This included 506 men and 18 officers with ten sleeping cars, one baggage car, two kitchen cars and three box cars.

## RED CROSS BULLETINS

Willamette Chapter, American R. & Cross

Business Office and Supply Department, Room 418 U. S. National Bank Building

The surgical dressing department of Willamette chapter has been organized again and the work will once more be under way on the afternoons of Monday, Tuesday, Thursday and Friday of each week, from 1:30 until 4:30 o'clock. Mrs. Henry L. Meyers will be in charge. She will be assisted in the instruction work by Mrs. Frank Durbin and Mrs. M. L. Meyers.

This surgical dressing work is for all women who are interested in the Red Cross and feel they can best give their services in this line of endeavor. Besides the instruction each of the four afternoons of the week, there will be the actual making of surgical dressings, to be sent to headquarters at Seattle with the other work of Willamette chapter.

Notwithstanding there is no money in the treasury of Willamette chapter with which to purchase materials, there is considerable work coming. Within the past few days auxiliaries have reported as follows:

French Prairie: 2 pair pajamas and 22 knitted wash cloths.

Alpha of Woodburn: 3 dozen T bandages, 8 dozen four tail pieces, 7 dozen triangles, 7 suits pajamas.

Marion auxiliary: 4 pair pajamas.

Marion county Bethel auxiliary: 23 nightgales.

Women's Union auxiliary: 9 suits pajamas.

Presbyterian auxiliary of Salem: 4 1-2 dozen T bandages.

Fargo auxiliary: 53 nightgales, 2 pair wristlets and 13 crochet wash cloths.

## Senate Will Vote On War Insurance Bill

Washington, Oct. 3.—The senate unanimously agreed to begin voting on the war insurance bill at 5 o'clock tomorrow afternoon after rejecting an amendment appropriating \$25,000,000 to pay the rent of the families of officers ordered to France.

## Salem O. A. C. Student One of Five to Handle Cereal Investigations

(Special to Capital Journal)

Corvallis, Or., Oct. 3.—Albert Moier, of Salem, is one of the five O. A. C. students appointed by the office of Cereal Investigations, United States department of agriculture, to work with Oregon farmers to control snout diseases of wheat and other cereals. The men are all specialists in treatment of grains for snout and are now at work in the field in various parts of the state.

The purpose of the new policy of providing specialists to work with the farmers is to remove one of the leading causes of unsatisfactory yield and quality of grains. While the aim of the federal board authorities is to secure an increased acreage of 50 per cent, the additional purpose of obtaining larger yields of clean grain is held to be highly important. The cost of treatment is small, and almost the only obstacle to universal treatment is lack of exact information on the extent and effect of snouts in Oregon. The college students will provide some of the information and then assist the farmers in making the necessary treatment.

Some of the demonstrations will be held in the fields with individual farmer, but where a number can get together public meetings will be held for the purpose. Copies of the directions for removing snouts, as practiced by the farmer crops department at the college, will be distributed. The work will be pressed forward as fast as possible so that the fall planted grains, of which there promises to be an unusually large amount this year, may be freed of snout. The work will be renewed in the spring, so that an entire clean up may be secured. This will not only be a big gain in the national supply of cereals, but also result in additional profits to the individual growers.
