HOURLY SMASHES ROUND TRACK RECORD

Went Mile and a Quarter In 2:02—Other Sport News and Gossip

Laurel, Md., Oct. 19.—Hourless took a nice run in the equine hall of fame with Maud S., and other immortals of the speed track today—the greatest horse that the American turf has seen in many years, according to the 22,000 enthusiastic race followers who yesterday saw the matchless Belmont 3 year old defeat Omar Khayyam. Moreover, Hourless shattered the circular track record in achieving victory, making the circuit of a mile and a quarter in 2:02—a second and three fifths clipped from the mark the great Rosebud once set.

The Red Cross profited \$10,000 by the race. Nearly \$71,000 was wagered in the mutuels on the struggle.

Great Bout Tonight

New York, Oct. 19.—Benny Leonard, lightweight champion, sets out tonight to conquer a new world. New York is expected to witness the greatest bout of the year when the Haricite meets Jack Britton, veteran welter. Britton is practically of championship caliber himself and has always claimed a fluke in the fight by which Ted Lewis grabbed his title. He will weigh 139 pounds and insisted today that the effort had not weakened him. Leonard will make probably 133 as usual.

Both men are firmly confident, Leonard not talking of anything but a knockout.

Football Tomorrow

Chicago, Oct. 19.—The old battle of weight against speed will be revived tomorrow when Wincon and Illinois eleven meet in a scrap that may have a direct bearing on the western conference football title.

The Badgers will have the advantage of at least eight pounds to the man and is expected to use a smashing attack. Their opponents are expected to depend on open play and the forward pass. The winner is conceded a good chance of copping the 1917 championship. The game will be played at Urbana, Ill.

Portland May Quit

Los Angeles, Cal., Oct. 19.—"It's a safe bet—planes to peanuts—that Portland will be out of the league next season," according to one Pacific Coast league highup's way of thinking. Moreover, this same personage has a "hunch" that the season will be shortened some five weeks, all of which, he says, will come to pass at a special meeting of the league, planned for San Francisco one week after the close of the season. Johnny Powers, Tom Darnody and Henry Berry conferred here and confirmed plans for the meeting today.

Shut Out of Portland

Portland, Oct. 19.—Because of his failure to live up to his fight contract, Jimmy Dundee, Oakland bantamweight, today is barred from appearing in Portland under a decision of the city boxing commission.

NASTY MEDICINES BAD FOR CHILDREN

It is not often a child requires medicine of any kind. If the bowels are regular and promptly disposed of undigested matter discarded by the stomach, the general health is very apt to be excellent. In any case, pills, powder, and nauseating or unpalatable compounds should never be given to children. Any therapeutic virus such as scarlatina may be largely nullified by the youngsters' natural antagonism.

For most children a mild, laxative, administered occasionally, is all that is needed to assure normal regularity and good health. Dr. Caldwell's Syrup Pepsin is a pleasant-tasting combination of simple laxative herbs with pepsin, free from opium or narcotic drugs and acts gently yet effectively; children like it and take it readily, so that it is the ideal remedy for the family medicine chest.

It is sold in drug stores and five cent bottles. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 436 Washington St., Monticello, Illinois.

Will Re-Count Iowa's Vote On Prohibition Wets Seem to Have Won

Des Moines, Ia., Oct. 19.—Attorney General Hayer has ordered a recount of the votes cast October 15 on the prohibitory amendment. The attorney general wired all county auditors calling attention to code section 1171, which provides that in special elections the vote must be canvassed by the county board. Unless such action has already been taken, the board should be reconvened and a recount made of every ballot cast.

Letters are being sent out from dry headquarters to the prohibition leaders in each county informing them of the attorney general's action and urging them to be present at the recount and see that the law is complied with.

Unofficial returns give the vote against the amendment as 887. This is not likely to be overturned unless grave errors are discovered on a recount.

Four Thousand Rifles at Camp Lewis This Week

Camp Lewis, Tacoma, Wash., Oct. 19.—Four thousand rifles are due at camp this week for the use of infantry regiments of the national army here. While these will not be sufficient to outfit the two brigades, they will make it possible for each infantryman to spend a part of each week on the rifle range. With the arrival of the guns, target practice on a large scale by the 181st and 182d brigades will begin. Lessons in the mechanism and care of the army rifle, sighting and aiming in various positions will be given before the men are sent to the range.

"We want to make every man a sharpshooter," said Brigadier General Styer today. "General Pershing has sent word from France that small arms firing is one of the most important details in the making of an effective fighting force and it will be our business to make the men the best shots possible."

FITZSIMMONS FIGHTS

been summoned from Glen Ellyn, N. J. Fitzsimmons was born in Cornwall, England, 57 years ago. He went to Australia when a boy and built up his wonderful physique as a blacksmith. After winning the boxing championship of that continent, he came to the United States in the early 90's.

In this country he won the middleweight title from Jack Dempsey, the light heavyweight title from George Gardner, and the heavyweight belt from Jim Corbett. He lost the latter championship when he was knocked out by Jim Jeffries.

Jeffries Pays Tribute.

Burbank, Cal., Oct. 19.—Big Jim Jeffries, the man who rose to the world's heavyweight championship when Bob Fitzsimmons fell before his mighty fists today is in Bob's corner, "pulling" for him in his biggest fight, against death.

Jeffries plainly was affected when a United Press correspondent told him his old friend and one time opponent lay dying in Chicago. He hadn't heard, engrossed in his farming here, doing his agricultural "bit" for Uncle Sam.

In the waters just adjacent to the gulf of Riga. Berlin claimed to have bottled up these vessels completely. Petrograd indicated a belief in the marine department that there might yet be escape.

Not only do the Germans now control Oesel and Dago islands, but they have apparently seized also the island of Moon, thus occupying all of the barrier islands at the mouth of the Gulf of Riga. From these as bases, it was believed here today, Germany plans a powerful naval campaign to bottle up the entire Russian fleet in the Gulf of Finland, or further than that, a powerful offensive against Viborg, Revel, Cronstadt and Petrograd itself. Such a naval offensive against the Russian capital has been preparing for months.

All Petrograd dispatches received here have emphasized that the German fleet has conveyed but very few troops if any. Presumably the invading force on Oesel, Dago and Moon was of sailors. Germany cannot now spare a single man from any battle front for the Russian campaign and this fact a factor which encouraged observers here to optimism.

Latest dispatches indicated the German naval fleet was composed of approximately sixty vessels—three times as great a force as the Russian defending squadron.

German Torpedo Boat Lost.

Petrograd, Oct. 19.—Two German torpedo boats were sunk in the Moon sound mine fields yesterday, an official statement announced today.

Presumably the evacuation of Revel was decided upon when the Germans first achieved success in their naval campaign off the Riga gulf.

Today Premier Kerensky returned from his recent attack of influenza and presided at a council of his ministers.

Austrian Regiment Deserts.

Washington, Oct. 19.—An entire Austrian regiment with officers at its head and carrying its own arms has surrendered to Roumanians along the Ruscumanian front, according to cables received today.

The report stated that the regiment was composed almost entirely of Mohammedan Serbs from Bosnia. The colonel declared that they were all Jugoslavs and surrendered voluntarily in order to enlist in the Yugoslav legion now being formed out of the reorganized Serb army.

No Cable Advice.

Washington, Oct. 19.—Russia embassy officials stated today they are entirely without official cable advice regarding press reports that the provisional government has decided to move the capital from Petrograd to Moscow. The evacuation of Revel, reported to the embassy by the United Press, occasioned much pessimism at the embassy, which admitted the military situation in the Baltic region.
