Champion White Sox Divide Spoils of Victory

Chicago, Oct. 19.—The world's champion White Sox plunged into a whirlpool of arithmetic and came up for air with each regular clutching a check for \$3,069.32.

That represented each one's bit for standing around while the Giants played themselves out of the title. The split was arrived at after considerable figuring. On full share was divided

among Bob Hasbrouck rookie, and several minor officials of the club. Hasbrouck got \$1000; Joe O'Neill, traveling secretary, \$1669.32; Trainer Buckner \$500; Hill, the "clubhouse boy," \$300; and Charles Kahn, ground keeper, and Johnny McCuddy, mascot, \$100 each.

Giants get Checks

New York, Oct. 19.—The New York Giants and Manager McGraw received their checks for the world's series. Each regular received the sum of \$2,466.21. It was reported that some of the men did not get a full share. Al Denaree will have to divide his share with Pete Kilduff, who was traded to the Chicago Cubs late in the season. Other splits also were made.

Ambassador Bernstorff Secured Suspect's Release

Chicago, Oct. 19.—Count von Bernstorff, former German ambassador, intervened to obtain the release of Gustav Jacobson, one of the four men on trial here for conspiracy to foment a revolution in India in 1915, when Jacobson was arrested in Manila, as a result of the alleged plot.

Master State Grange and Farmers' Union President Ask Farmers to Subscribe

Portland, Or., Oct. 19. To Local Chairmen, J. D. Brown, president of the Farmer's Union, and C. E. Spence, master of the state grange, have joined in the following appeal to farmers to buy liberty bonds. Give this widest publicity; have same read at local meetings:

"Dear Sir: As one who is engaged in agriculture, you know that out of the soil comes the basic wealth of the nation. The men who produce food and buy liberty bonds are the men who will help the boys in the trenches win this war. The farmer won the war of independence. He was the bulwark of the country in Lincoln's time. By the farmer is meant every man who is engaged in agricultural pursuits.

"A large part of the money derived from this liberty loan will go directly back to farmers and agricultural interests in payment for supplies for the armies of our country and for sale to the allied governments. All the loans made by our government to the allies, are for the purpose of enabling them to pay for produce of the soil and manufactures produced in this country. "This is a direct appeal to the agricultural interests of Oregon. We ask you to subscribe to the full extent of your ability, persuade your employees and help them to do the same, and actively advocate the sale of the bonds. If it should happen that you are not present pushed for cash, go to your banker and he will assist you in any extent. Your business is giving you a liberal return, and it is nothing less than your duty to assist the government that supplied the land from which you largely profit. Get busy as time is short and the allotment expires on October 27th.

"During the last liberty loan campaign, realizing that the farmers, live stock men, and others interested in agricultural pursuits at that particular time of the year, were not in position to subscribe, no direct appeal was made at that time to those engaged in agricultural pursuits to come to the support of the government with their funds. The government now, however, wants your support. You have realized prices for everything that the ground produces and all of the interests connected therewith, such as cattle, sheep, dairying and hogs, beyond probably your greatest expectations and these prices are due to war conditions. The government expects you to do your share, believing that the producers will not be found wanting. You are asked, therefore, to enter your subscriptions at once, for as large an amount of

Court House News

Four orders were made by the public service commission this morning. The Hancock Land company was given permission to construct and operate an industrial spur track connecting the O. W. R. & N. track with that of the Portland Railway, Light & Power company, the spur being on Goldsmith avenue.

The county court of Yamhill county on its own petition was required to construct a highway 60 feet in width along the easterly side of the O. & C. tracks, between the present location of the two points where the railroad crosses the county road between Amity

and Whiteson in said county. The O. W. R. & N. railroad company was authorized to install grade crossings at specified points near Blue Mountain station, Unatilla county.

The city of Roseburg was relieved from obligation to erect warning signs at railroad crossings on certain streets named in city's application.

Articles of incorporation were filed today as follows:
The Corporation Finance company, principal place of business Marshfield, Ore. county; capital stock \$10,000, object to buy for purpose of investment only, stocks, bonds, mortgages and other securities, and to borrow and loan

money on such securities.
The Oregon Federation of Patriotic societies, location Portland, source of income dues, assessments and contributions. Object to inculcate patriotic principles and encourage performance of patriotic duties.
FRENCH BEATEN BACK—BERLIN
Berlin, Via London, Oct. 19.—"Sanguinary repulse" of French attacks north of Valenciennes mill (chemin des Dames), and intense British artillery fire, were reported in today's official statement.
"In Flanders there was intense artillery northeast of Soissons and also formidable use of munitions on the eastern portion of Chemin des Dames," the statement said. "The French three

times attacked north of Valenciennes mill and were sanguinarily repulsed. "Twelve enemy airplanes were downed, six of these being a squadron of bombing planes which attacked Roulers and Indelnunster."
What a treasure the Kaiser missed in not having at his command the Baby Keets gang of kidnapers.

AN INSTANTANEOUS WRINKLE REMOVER

The average woman is always surprised to learn, after experimenting with all sorts of patent so-called "wrinkle removers," that the most effective remedy in the world is a simple face wash which she can make herself at home in a jiffy.
She has only to get an ounce of pure powdered, axolite from her nearest druggist and dissolve it in half a pint of witch hazel. Apply this refreshing solution to the face every day for a while. The result is charming—marvelous. Even after the very first treatment the wrinkles show less plainly and the face has a nice, firm, comfortable feeling that is thoroughly delightful and leads self confidence in one's appearance. This harmless home remedy is used by thousands of women to obliterate the unwelcome traces of time.
