HAVE TWO OBJECTS TO RAISE WHISKERS FIRST OF THESE

The Other to Get Their Picture, Whiskers and All, in Oregonian

The business matters coming before the Public Service commission are not as a general thing highly humorous. This is quite natural, for grade crossings shade more toward tragedy and car shortage is decidedly serious. However, an occasional letter comes in from some one, generally someone who has a kick coming, or thinks he has, against some public utility company.

Such a letter was received yesterday, coming from Pendleton and being written by Charles H. Rudd, Charles was evidently mad clear through when he hit the type writer and poured out his woes, troubles and anger. He alleges that he wanted a phone moved by those in charge of the phones in that city. He asked the young lady who chews gum and hands out information and bills for the public what was the date of his phone being placed in his office, and was told it was October 2, 1916. He wanted this information so as to avoid paying an unwholy toll to a heartless corporation for moving his phone. The price for the same being arbitrarily fixed at \$3.50, and as the date was September 30, he was wise to inquire, as it meant \$1.75 a day if he did not wait. However he was in a hurry for his phone and as the company could not get an extra jam at him if it was moved after October 2, it was in no special hurry to move it. Its manager, name Butcher, told Mr. Rudd, so he says, it would be several days before the phone could be moved as there were 75 or 100 other phones to be moved ahead of his.

Mr. Rudd admits telling the manager WANTED—Position in town, by young man. Phone 1737K. 10-30

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, Feverish and Sick, Give "California Syrup of Figs"

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for that bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

that he was lying. He confessed the said manager threatened to throw him out of the office, and to use his own words added: "I told him about his petty larceny trick of charging \$3.50 for moving the phone. The big stiff who is six feet tall and weighs 200 pounds threatened to whip me and throw me out of the office, which would have been worth going far to see. I admit that I have no great accomplishments to my credit but can truthfully and conscientiously say that I have not yet met a corporation stool pigeon who could throw me out of a place, let alone whip me."

Mr. Rudd gets considerable other stuff that was bothering him, off his chest and concludes a strong and vigorous plaint with a few thoughts on the commission, and on Oregonians and their ambitious desires generally. He concludes a remarkably frank statement of private opinions thus:

"After living in Oregon two years I realize that there is a class of people in Oregon, who seem to come here for only one purpose and that is to see if they can live here fifty years without starving to death and how long the whiskers will grow on the long species, being that if successful, that some time after death, the morning Oregonian, if short of good news, might print their pictures on the last page, whiskers and all."

As a parting shot at the commission he adds: "In the first letter I wrote you in regard to the power company, I stated that it

Another 100 Per Cent Picture The World's Biggest Motion Picture

THE WHIP by Cecil Raleigh and Henry Hamilton, produced by Maurice Tourneur

It is modern. It is about people of today. It is a thrill in every reel. It is clean. All men, women and children with red blood in their veins will want to see it.

Friday, Saturday and Sunday LIBERTY

Farm and Crop Improvement

Our policy of backing up the Farmer whenever possible is one which we believe not only helps him help himself—but which contributes to the good and welfare of the community as a whole. We are interested in seeing greater acreage under cultivation in Marion County; in seeing improved methods for producing and handling; in the betterment of cattle, hog and sheep herds.

Your money on deposit at the United States National Bank helps us carry on this good work safely to both you and this institution.
