MAKES WRINKLES GO "AS IF BY MAGIC" Want to banish every wrinkle from face, neck, hands—easily, quickly, comfortably. Try the famous "Saxolite" formula.

Just dissolve one ounce powdered saxolite in one half pint witch hazel—that's all. Bathe your face in this immediately every wrinkle and crease are affected, even the deepest. You are perfectly astonished, and delighted with the result.

There are some compensations of being a soldier in France. W. P. Perlich in writing a brother Elk says: "I am feeling fine and like the army better than I thought I would."

Mr. Perlich is in the transportation department and was one of the first Americans to arrive in France. He was on the Saratoga at the time it was rammed in New York harbor.

Cochi, the friendly wanderer, who fled from New York City to Italy does not escape the penalty for his crime because the Italian law forbids extradition. He will be tried in Italy, which is in violation of the constitution of the United States.

Recently the Capital Journal chronicled the kick of a Pendleton man against the local telephone company in which he showed anger and also a pungent disposition.

The complaint says: "As I have had considerable experience with the marvelous inefficiency of this company I also gave the telephone number of the person to whom the telegram was addressed, hoping thereby to aid in getting the message delivered and avoid delay."

I called the manager of the office later when I found the telegram had not been delivered and a soft-spoken person promised to investigate. I suppose he is investigating yet since I have heard nothing from him.

A few days later I called again, and another shock absorber listened to my complaint, and evidently acted on the principle that a pleasant word is all that was necessary to bring around a dissatisfied customer."

The complainant admits he has suffered material damage but wonders if the company intends to hold the small sum of money he paid it for work it did not do, in order to help swell its excess profits in the interests of the government.

Small allied war dispatches dated "somewhere in France" give place to German dispatches dated "somewhere in America!" The answer rests with the liberty bond buyer.

CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Signature of J. C. Hart

Willamette Valley News

Independence News (Capital Journal Special Service) Independence, Oct. 26.—Mrs. H. L. Fitcher and little son left Monday for Utica, New York, where she will visit with relatives for a few months.

Tom Hart and wife returned home the first of the week from Eugene, where they have been visiting relatives.

Mrs. Anna Walker of Salem visited with friends here the first of the week. J. S. Cooper and T. J. Fryer motored to Lebanon Tuesday.

Anna Kennedy of Portland is visiting at the home of her mother, Mrs. E. Jones.

Mrs. Florence Whitinger left for Eugene Wednesday, where she will spend a few weeks with relatives.

Miss Bertha Collins went to Portland the first of the week to visit with relatives.

Tom Hart and wife were Salem visitors Tuesday.

Mr. and Mrs. J. S. Bohannon went to Portland the first of the week. Mr. Bohannon will serve on the jury in Portland.

U. H. Percival was in Dallas, Texas, Monday.

Homer Woid and family motored to Dallas Sunday; they were accompanied by Mrs. Robinson, Mrs. Wood's mother.

Mrs. Ida Percival was in Dallas, Texas, the first of the week.

Mrs. Bertha King returned home from Corvallis last week where she has been clerking for the past year.

Row Collins spent a few days in Portland last week.

Mrs. Gladys Collins, stenographer for the Independence Creamery, has resigned her position with the creamery company here and will leave for Portland, where she has accepted another position.

Mr. and Mrs. J. R. Collins are visiting with Portland relatives.

With some of us it is "conservation week" all the time. If the well-filled brother or sister wants to be convinced of this come and sit down with us at our daily tables.

Potato digging is now on and there seems to be a lack of help. If somebody wanted a job of this kind he could sure find it here right now.

Claudia White is visiting in California.

Abbie and Minnie, children of Mr. and Mrs. Geo. Bohannon are attending the private school of the German Lutheran church in Salem.

Mr. L. E. Brown and family of Alberta, Canada, have moved onto the farm lately vacated by Albert Jackson. Mr. Brown purchased the property of Dr. W. J. Patterson of Salem.

That's the woman's dread when she gets up in the morning to start the day's work. "Oh how my back aches!" GOLD MEDAL-Haarlem Oil Capsules today ease the backache of tomorrow—taken every day ends the backache for all time. Don't delay.

What's the use of suffering? Begin taking the GOLD MEDAL-Haarlem Oil Capsules today and be relieved tomorrow. Take three or four every day and be permanently free from wrenching, distressing back pain.

GOLD MEDAL, Since 1006 GOLD MEDAL Haarlem Oil has been the national remedy of Holland, the government of the Netherlands having granted a special charter authorizing its preparation for sale.

RED CROSS BULLETINS Willamette Chapter, American Red Cross Business Office and Supply Department, Room 418 U. S. National Bank Building

The patriotic spirit is in the land and the women of Marion and Polk counties intend to do their share that every soldier, whether in France, or in one of the sixteen cantonments, shall receive a Christmas remembrance.

In response to the call for Christmas packages, the women members of the auxiliaries are responding nobly. The khaki colored handkerchiefs have been received by Willamette headquarters and the tablets and envelopes are also ready for those who wish to wrap their packages early to get into the first shipment November 1.

Ferrydale did something rather out of the usual by sending to headquarters one of the old-time contractors and the soldier that gets it will have a reminder of a generation ago.

The work of Willamette Auxiliary is growing so fast that Mrs. Rollin K. Page and Mrs. B. O. Schucking are now giving their entire time to the work instead of alternating and giving but a few hours each day.

Fargo auxiliary sent in a few days ago 12 dozen towels, 2 dozen wash cloths, 1 pair wristlets and 1 pair mittens.

Good Samaritan auxiliary latest returns includes 90 four tail bandages. The First Methodist auxiliary of Salem sent in 37 bed socks and 3 dozen handkerchiefs.

Fruitland News Items (Capital Journal Special Service) Fruitland, Or., Oct. 26.—Wm. Donaldson is having some tractor plowing done by R. H. Wolf.

E. D. Bray of the Auburn district district was out here buying or trying to buy potatoes. Most of the farmers that the price offered was too low.

Joe E. Miller has returned from Douglas county.

Wednesday p. m. several ladies of the local Red Cross met at the home of Mrs. A. H. Runner and did a lot of sewing.

Joe Feigel is employed at the Capital Journal office.

Harlan Bronson has gone to southern Oregon to work on the Pacific highway.

The school clerk has finished taking the census. There are 28 boys and 24 girls of school age which is 4 more than the enumeration a year ago.

On account of the busy times the clerk went to the night part of the time getting people out of bed almost.

The cockscrew person who is so after mistletoe.

That infamous diplomatic Judas von Serofoin, did not have the honor and courage to go and hang himself as did his ancient proto-type.

The food conservators have not, as far as I know, suggested two meals a day instead of three. It might be worth while to try it. Many have tried the two daily meals instead of three and report no physical detriment, but rather benefit. And it would save the sisters one extra mess of dish-washing and the trouble of an extra meal. Who will get in and campaign on this phase of conservation? Would these be as much food eaten in two meals as in three? In some cases perhaps, yes. In general, no.

With some of us it is "conservation week" all the time. If the well-filled brother or sister wants to be convinced of this come and sit down with us at our daily tables.

While we do not eat on tinned corn flakes and the east wind will certainly appear that we will never die of surfeit.

Potato digging is now on and there seems to be a lack of help. If somebody wanted a job of this kind he could sure find it here right now.

Clara White is visiting in California.

Abbie and Minnie, children of Mr. and Mrs. Geo. Bohannon are attending the private school of the German Lutheran church in Salem.

Mr. L. E. Brown and family of Alberta, Canada, have moved onto the farm lately vacated by Albert Jackson. Mr. Brown purchased the property of Dr. W. J. Patterson of Salem.

WILL GO OUT TOMORROW NOON Unless Settlement Is Reached Walkout Will Begin Saturday Night

San Francisco, Oct. 26.—Unless a settlement of the controversy between the electrical workers union and the Pacific Telephone and Telegraph company is reached by noon tomorrow, officials of the union will begin at that hour to telegraph strike calls to all locals on the Pacific coast.

This was announced this afternoon by John Morgenthaler, district president of the union.

The conference between representatives of the organized telephone operators of the northwest and the electrical workers and D. P. Fullerton, general manager of the company, which was in progress at 1 p. m., will be the final conference, Morgenthaler said. Unless there is some definite result from this parley, he indicated that negotiations would stop.

Morgenthaler would not state whether any progress had been made at today's conference which began an hour before noon. He promised, however, to issue a complete statement of the situation about 2:30, after the conference had closed.

The district president estimated that by 8 o'clock tomorrow night the wired strike calls would be in the hands of all locals on the Pacific coast, should the locals be called. The walkout will then begin at midnight Saturday night.

Today's conference between the telephone operators, representatives and Fullerton was the first time the telephone company has ever dealt with organized operators in its employ.

A strike such as is contemplated would seriously cripple or possibly paralyze telephone service on the coast and in consequence would seriously affect business.

No changes are noted in today's markets. There was a weakness a few days ago in the egg market, but that seems to be only temporary.

There seems to be some backwardness in quoting turkeys by the Portland commission houses. As usual, there is a holding back, find out just where the price will be established.

PRIZE IS OFFERED FOR THE BEST ESSAY "What We Can Do to Help Win the War" Is Subject To Be Treated

As a means of stimulating interest in the food substitution campaign, as well as a patriotic contribution to the service of the country, Russell Hawkins of Tillamook is offering two beautiful Shetland ponies, the pick of his herd of imported pure-breds.

These ponies are to be given as prizes in a state-wide essay contest for the schools. The subject of this essay is: "What We Can Do to Help Win the War." W. B. Ayer, of Portland, federal food administrator for Oregon, has contributed the cost of transportation of the ponies to the railroad station at or near which the winners reside.

One of these ponies will be given for the best essay written by students between the ages of 15 and 19, inclusive, who are in high school, or in private or parochial schools paralleling high schools in general requirements as to age and scholarship.

The second will include children from 11 to 14 years of age. If any children are still in the grades and over 14 years of age, they had probably best be included in this class. The third class will be for children 10 years of age and under. In all cases private and parochial schools are to be included on a similar basis.

Each county will be permitted only one essay in each class in the state contest. Each school district will be permitted but one essay in the county contest in each class. Each school room shall be permitted one contestant only in its class in the contest within the district. In county schools where one teacher teaches all the grades, this would mean that such school would have one contestant in each class covered.

The essays are to be written during the week of October 28-November 4, but, in order to give remote school districts plenty of time, the contests will not be closed until November 17. Contesting essays must be in the hands of the county school superintendents by November 17. The date has not been set for closing the state contest but plenty of time will be allowed for visiting counties to judge their contestants and to forward to the Oregon Food Administration headquarters at Portland the winning essays.

Plenty of material for the composition of the essays may be found printed on the National Food Administration Home Cards, used in connection with the food "Service by Substitution" campaign and from articles on the food conservation movement in the newspapers and magazines. It may be that some patriotic citizen may offer special prizes for winners in the Marion contest in order to stimulate interest among the children of the schools of this county and encourage them to enter into the campaign for the big prizes.

High School Students Get Food Pledge Cards The food conservation, or rather the food substitution campaign, is now on in earnest as the high school students have been given pledge cards and are to carry them home and secure the signatures of their parents or the heads of the families. Then after bringing back to the school the pledge card properly signed, the student may carry home a window sign which shows that the family has agreed to co-operate with the government on the food proposition.

And if the sign is not in the window it is a pretty sure indication the family living there is going to eat meat on meatless days, wheat on wheatless days and all the sugar they want, regardless of the wishes of the food administration.

The pledge is as follows: "I am glad to join you in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administration in my home, in so far as circumstances permit." The membership window card will now tell the story. The housekeeper is either for or against the government.

Dr. Wm. Mayo, President of Surgeons' Congress Chicago, Oct. 26.—Dr. William Mayo of Rochester, Minn., was elected president of the 11th Congress of Surgeons here late today.

Other officers elected were: Dr. James B. Egleston, of Seattle, Wash., first vice president; Dr. F. N. G. Starr, Toronto, Ont., second vice president; Dr. Franklin H. Martin, Chicago, secretary general; Dr. A. B. Knaveel, Chicago, secretary; A. D. Ballion, Chicago, treasurer.

Wood Is Plentiful But Coal Is Scarce There is no great scarcity of wood, says the wood man who knows general conditions. He says there is the average amount in the city and that no high prices are in sight unless there happens to be a severe winter. About the average number of people have been forehanded enough to lay in their winter's supply. Just now he says the second growth is worth \$5.25 to \$5.75 a cord and old fir, \$6 to \$7 a cord. This is about \$1 higher than a year ago, which isn't so bad he says, considering everything.

The coal proposition is somewhat different, he says. The Coos Bay miners have been on a strike for a month or more. The Wyoming mines were tied up several months ago through a miners' strike, but by the time the miners got to work, there came the scarcity of

SALTS IF KIDNEYS OR BLADDER BOTHER Harmless to Flush Kidneys and Neutralize Irritating Acids—Splendid for System

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes some times with a scalding sensation and is very profuse again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant effervescent lithia water drink, which quickly relieves bladder trouble.

MAKE FINAL DRIVE FOR LIBERTY LOAN Supreme Effort Being Made to Bring Salem Up To Required Quota

The fact that Salem was falling behind in its quota of subscriptions for the 2nd Liberty Loan was forcibly brought to the attention of the people of Salem at the mass meeting held last night at the Salem Commercial club. Salem's quota is \$700,000 and the fact was brought out that at the close of banking hours yesterday, the total amount subscribed had been but little over one half of this amount.

Postmaster August Hackett presided and introduced the speaker of the evening, J. D. Neale of the Lumberman's Trust company of Portland. In his address, Mr. Neale brought out plainly that a liberty bond was better than ready money as a business proposition as it drew interest and could be any time converted into cash.

As he had handled the Liberty bonds for his bank, he had some interesting items of general interest.

Short talks were made by H. W. Meyers, T. B. Kay, John H. Albert, Walter A. Denton, M. L. Meyers and others interested in the canvass being made today.

Walter A. Denton, W. D. Evans and A. O. Hartman were appointed a committee to be on hand at the Commercial club this morning to give out application blanks and assist in every way those who reported to assist in the house to house canvass.

Judging from the number who applied for the blanks this morning, the indications are that today will show a wonderful increase in Salem's subscriptions to the 2nd Liberty bond.

POLK COUNTY FARM HOME IS DESTROYED BY BLAZE Dallas, Or., Oct. 26.—The farm home of Mr. and Mrs. L. A. Guthrie, three miles southwest of this city, was destroyed by fire Monday night with all contents. The fire was caused by the explosion of a gasoline lamp and gained headway so rapidly that the members of the family fled in their night clothes. The fire was prevented from spreading to the barn and outbuildings only by the efforts on the part of neighbors, who rushed to the scene of the blaze. Mr. Guthrie carried \$120 insurance on the residence and contents and will begin the construction of a new home at once.

cars. There is not any too much coal on hand just at present.

If Food Disagrees Take Bi-nesia Nearly everybody suffers at times after eating. Many can rarely eat without suffering the most excruciating agony. Some people call this indigestion, some dyspepsia, others gastritis; but no matter what you call it, no matter how many remedies or how many doctors you may have tried— instant and almost invariably relief may be obtained by taking in a little hot water a teaspoonful of a simple neutralizer, such as Bi-nesia. This instantly neutralizes the acid and stops food fermentation, the cause of nine tenths of all stomach trouble, and thus enables stomach to proceed with digestion in a painless, normal manner. Care should be taken to insist on getting the genuine Bi-nesia, which owing to its marvelous properties, is now sold by druggists everywhere under a binding guarantee of satisfaction, or money back.

Children Cry FOR FLETCHER'S CASTORIA JOURNAL WANT ADS PAY
