German Spies Operating at Vancouver Barracks and Precautions Taken

Vancouver, Wash., Oct. 26.—German spies are operating in the army post here according to evidence gathered today.

A number of army mules have been stabbed with a pointed instrument, making it necessary to kill several. Efforts have been made to poison the water which supplies the barracks, and it is persistently reported, poisoned bread has been found.

The post commander today flatly denied that a German had been shot as he tried to gain entrance to the barracks bakery.

Colon Jones, post commander, admitted today that army authorities were conducting a vigorous investigation of alleged attempts to poison the camp's source of water. Repeated attempts to poison the water are said to have been made.

Evidence indicates that the plotting is the work of German agents within the military reservation. Evidently the plotters are soldiers or employes at the post. Although Colonel Jones refused to make such a statement, it is understood from the various precautionary measures the army authorities take this view.

Asked concerning the report that a spy was shot as he entered the post bakery, Colonel Jones said: "Although we are doing everything in our power to put an end to this work, we have not reached a stage where we shoot spies and then conceal the killing."

A meeting was held at the school house Friday eve in connection with the government project of food conservation.

"UNCLE IS CALLING" THE SECOND LIBERTY LOAN

Uncle is calling—he asks for a loan. You have heard of your 'Uncle' before. But listen: this Uncle is really your own. Not the one with three balls at his door! Uncle is calling—he'd just like to know if you'll lend him some money to fight. And remember, he's got to have money to go. Lend him something, if only a mite! Uncle is calling—you'll answer him, sure. He has needs that have got to be met. He'll pay you good interest, your money's secure. And remember, you owe him a debt! Uncle is calling—he's called one before. Every nephew should fight or chip in. Won't you stand by your Uncle—your Country AT WAR! If not, don't expect him to win! Uncle is calling—oh, don't turn him down! He has guarded our interests so well. A loan to your Uncle—not a tax to a crown. For FREEDOM your dollars will tell! Uncle is calling—to you and to me. And he's waiting to hear what we'll do. This loan will protect our great land of the Free. And preserve as the Red, White and Blue!
