A. Tyrrell of New York as follows:
"I can truly say that I have
had the very best results in my ex-
perience with the 'J. B. L. Cascade.' You
certainly have struck the keynote of
'many diseases.'

By means of the 'J. B. L. Cascade'
simple warm water cleanses the lower
intestine the entire length, removes all
the poisonous waste therein, and keeps
it clean and pure, as nature demands
it shall be for perfect health.

You will be astonished at your feel-
ings the morning after taking an in-
ternal bath with the 'J. B. L. Cascade.'
You will feel bright, brisk, confident
and as though everything is
working right—and it is!

It absolutely removes constipation
and prevents auto-intoxication.

THE MARKETS
\*\*\*\*\*
No changes are noted in the mar-
kets Monday morning.

There is something of a flurry in
the onion market, but just at present
there is no telling which way the mar-
ket is going to jump. There is some
pretty strong evidence that speculators
are storing onions not only in
this state but especially in California.
And then with this storing proposition,
comes the uncertain feeling that pos-
sibly Hoover will take a shot at the
food speculators and put a price on
onions about November 1. Hence the
onion market is one of the uncertain-
ties.

AUBURN BENEFIT DANCE SUCCESS
The dance at the band hall Saturday
night for the benefit of the Aurora
auxiliary of the Red Cross was a
success financially as well as socially.
More than 125 tickets were sold and
the hall was crowded with people from
half a dozen towns and surrounding
country and the dancers enjoyed the
occasion thoroughly.

Four Fairbanks Smiles

"He would make a horse laugh," said an admirer of popular Douglas Fairbanks recently. Whether this is so or not there is no doubt about the fact that the horse in this picture enjoys being in the company of the popular film star and his leading lady, Ellen Terry. It sounds like a puzzle when the assertion is made that there are our smiles in this picture. "The Man From Palmyra Post."

There is something of a flurry in the onion market, but just at present there is no telling which way the market is going to jump. There is some pretty strong evidence that speculators are storing onions not only in this state but especially in California. And then with this storing proposition, comes the uncertain feeling that possibly Hoover will take a shot at the food speculators and put a price on onions about November 1. Hence the onion market is one of the uncertainties.
