

New collars for 6,666,666 men. All for \$1,000,000

6,666,666 men is about 20% of the adult men in the United States. Take \$1,000,000 and you could buy a brand new collar for every one of them. So much for collars, but—

Do you know that there is a cigar whose smoking qualities are insured by a \$1,000,000 investment? And often a still greater investment. It's the OWL Cigar—the million dollar cigar.

OWL-taste—and OWL-fragrance are backed up by \$1,000,000 worth of reserve leaf. This \$1,000,000 worth of leaf is stored in great warehouses where it is time-cured to just the right point of "readiness". Time-cured for many months.

Doesn't this give you confidence in OWL'S ability to make good with you? Let OWLS prove their right to be in your vest pocket always. If we could be there when you buy your first OWLS we'd say—Thank you!

SOCIETY

BY ALLIE THOMPSON

MRS. MERRILL B. MOORES (Gertrude Jones) of Portland, who has been passing a few days in Salem as the guest of her sister, Mrs. George William Gray, during Mr. Moore's absence in eastern Oregon on a hunting trip, returned home today.

Mrs. Paul L. Schmidt was hostess on Friday for an informal and delightful sewing bee, when a dozen or so friends dropped in and enjoyed the afternoon.

Her guests were for the most part members of the La Coudre club who assembled for their first meeting this season. At the refreshment hour Mrs. Schmidt was assisted by Mrs. Louis Josse and Mrs. Harry Wenderoth. Those included in the club are Mrs. Louis W. Josse (Harriett Baker), Mrs. W. C. Welch (Mary Eckerlin), Mrs. Walter Spaulding, Mrs. Harry Wenderoth, Mrs. Roy Mills, Mrs. Clifford Farmer, Mrs. Paul Johnson, Mrs. Harry Wenderoth, Miss Nancy Skaffe and Mrs. Schmidt.

Additional guests were Mrs. William Walton, Mrs. Frank T. Schmidt, Mrs. Ardee Wallace, Mrs. George Biches, Mrs. Leo Page and Mrs. Linn Smith.

Mrs. W. Carlton Smith left the latter part of the week for American Lake to join Lieutenant Smith, who has only recently returned from Fort Riley, Kansas, where he has been stationed for the past few months.

Mr. and Mrs. Anderson Cannon (Mabel Jones) of Portland, are being showered with congratulations upon the arrival of a daughter born yesterday.

Lieutenant Allen Byron arrived in Salem on a short furlough Saturday night and was the guest of friends.

A group of little girls revelled in the gaieties of a Halloween party given on Tuesday afternoon for little Helen Harriett Darby at the home of her parents, Mr. and Mrs. W. H. Darby, on Center street.

Miss Nellie Caschere assisted Mrs. Darby in entertaining the little merry-makers, and their afternoon was made happy by games and stories suggestive of the occasion.

Those enjoying the frolic were Elizabeth Lewis, Maxine Glover, Harry Alice Gill, Mabel Cupper, Florence Watson, Doris Clark and Dorothy Twee Dale.

Visiting at the home of Mr. and Mrs. William Staiger over the week end was Frank Little of Portland.

The most important affair in the musical circles for some time in Salem was the inaugural pipe organ recital given by Dr. Frank Wilbur Chace, director of music, Willamette University, in the First Congregational church, Salem, last Tuesday night. The new pipe organ has seven speaking stops, each with a beautiful quality of tone. Every number on the programme was excellent and showed the wonderful ability of Dr. Chace as an organist. His numbers showed that he possesses the rare gift of intelligent interpretation and poetry of expression. Dr. Chace is one of the best organists on the Pacific coast. He has played pipe organs at both the San Francisco and San Diego fairs.

Last Tuesday's programme: National anthems, America, Great Britain, Russia, France, Belgium, Japan, Italy, Serbia; "The Holy Night" (Noel); "Told at Twilight" (Hueter); "Scherzo" (Hofmann); "The Curfew" (Horsman); "Marche Religieuse" (Guillanot); "Symphony in B Minor" (Schubert); vocal solo "Life and Death" (S. Colridge-Taylor); Archie Smith; "Andantissimo—In D Flat" (Lemare); "Will o' the Wisp" (Nevin); "Variations on an American Air" (Plagier); "Pilgrim's Song of Hope" (Battiste); "Shimmer Song" (Nevin); "The Tragedy of a Tin Soldier" (Gordon Balch Nevin); march and chorus from "Tannhauser" (Wagner)—Sunday Oregonian.

Mrs. Agnes Knoll of Long Beach, Washington, has returned home after visiting her grandmother, Mrs. R. E. Nichols of North Front street.

A meeting of the Junior Guild of the St. Paul's Episcopal church will be held tomorrow afternoon at the home of Mrs. Thomas Williams, 1027 Fir street.

Two former Salem girls, Miss Mary Piggler and Miss Grace McGregor, came up from Portland for the week end and were the guests of relatives. They were accompanied by Miss Jean Patterson, also of Portland.

Since Miss Helene Dalrymple of Portland formerly made her home in Salem and is well known here the following from the Portland Journal will be of interest to many:

"Announcement has just been made of the marriage last Wednesday evening of Miss Helene Dalrymple and Lieutenant L. E. Chaffin. The news was so have been kept a strict secret until announcement was made this week at tea given for the bride, but friends discovered the fact and so the wedding was admitted by the couple. The ceremony was read at the residence of Rev. William G. Elliott in Irvington at 3:30 o'clock Wednesday evening with only two witnesses, Miss Adda Lewis and Laird Woods of Dallas, Or., the latter a cousin of the bride. Mrs. Chaffin is counted one of the prettiest young women in Portland and is popular in a wide circle of friends. She is the daughter of Mrs. A. M. Dalrymple. She was married in a most becoming gown of Delite blue velvet with white fox fur and hat. Lieutenant Chaffin is a Portland boy and also has many friends in the city. He is attached to Company D of the Third Oregon now known as the 102d infantry and left Friday for New York. Mrs. Chaffin will leave shortly after the first of the month for New York to be with her husband until his departure for France. A number of affairs are planned in compliment to her for the first of the week before she goes east."

they declared the new scale would definitely end the recent strikes and other difficulties in the ship building trades on the Pacific coast.

Advices from northwestern cities today, however, indicated that this is not certain. President Dan McKillop of the Seattle Metal Trades Council declared after reading the scale that he doubted whether the shipbuilding workmen would continue at work and added that he would not advise them to do so.

"In my opinion this decision is an insult," said McKillop. He added that in a great many Seattle shipyards the men are already receiving more than the scale provided in the new agreement.

Dissatisfaction with the new agreement was also expressed by some Portland union leaders, but San Francisco and Oakland leaders were believed to be generally favorable to it.

MEDIATORS HAVE

(Continued from Page One.)

Wage Fixed By Board.

The minimum scale, uniform for the Puget Sound, Portland and San Francisco Bay districts, which is to prevail at Los Angeles also, is as follows:

Minimum Wage Fixed.

Journeyman machinists, molders, blacksmiths, anglesmiths, pipefitters, boiler-makers, shipfitters, pressmen, angle and frame setters, riveters, chippers and chalkers, acetylene welders and electrical workers, \$5.35 per day.

Painters and plate hangers, \$5.

Sheet metal workers, copper-smiths and flange turners, \$6.

Heaters, foundry carpenters, furnace-men and punch and shearmen, \$4.50.

Pattern makers, \$6.50.

Planer men, counter sinkers, drillers and reamers and holders, \$4.20.

Machinist specialists, \$4; rivet heaters \$3.15, and laborers, \$3.25.

Helpers' Wages \$3.60 to \$3.90.

Helpers are divided into two classes as follows:

Machinist, pipe fitters, sheet metal workers, ship fitters, electrical workers, molders' helpers, \$3.60.

Blacksmiths, copper-smiths, slab, plate hangers, hook tenders, flange fire and machine hangers and casting cleaners, \$3.90.

In yards where wooden ships are being constructed, the minimum rate for caulkers is fixed at \$6.50, shipwrights, joiners, boat builders and millmen, \$6, and laborers and helpers, \$3.25.

These scales are based upon the increase in the cost of living since the beginning of the war, the board decision explains.

May Be General Strike.

Portland, Or. Nov. 5.—Another general shipyard walkout loomed as possible today as dissatisfaction over the findings of the federal ship yard labor adjustment board grew among the men.

Union leaders declared to board's decision was practically a defeat. The only cheering feature they saw out of the entire affair was the recognition of organized labor to the extent that employers have admitted they must deal with the unions.

The board found living costs increased 36 per cent and then jumped up our wages approximately 10 per cent, said one union head.

The unions will take no action until delegates arrive from San Francisco and submit their report to the executive board of the Metal Trades Council. An appeal direct to the president is believed likely.

Dissatisfaction at Seattle.

Seattle, Wash., Nov. 5.—Employees of the various Seattle shipyards went to work this morning, but in a disgruntled manner, as the result of the federal minimum wage scale, announced in San Francisco yesterday which in many instances is lower than the current scale being paid in Seattle.

In view of the fact that several thousand shipyard workers face a reduction in wages, Dan McKillop, president of the Metal Trades Council, announced today that the men undoubtedly would refuse to work and that he would advise them against accepting the

Women's Raincoats and Umbrellas

Variety is the "keynote" of our selection of Raincoats and Umbrellas, articles which in this climate are absolute necessities.

A meeting, he said, would be called today to discuss an appeal to President Wilson.

"This is an insult," McKillop said, "and it is up to the men if they continue work."

Beauty devotees are enthusiastic over the beautifying qualities of mercolized wax. Nothing discovered within recent years accomplishes so much, so quickly, without harm, at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding complexion defects, it removes them. It actually takes off the aged, faded, sallow, freckled or blotchy surface skin—gently, gradually, causing no inconvenience. It is nature's way of removing complexion troubles. When the natural process is retarded because of deficient circulation or nerve tone, mercolized wax comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried mercolized wax, get a ounce of it at the drug store, use at night like cold cream, washing it off in the morning.

TO HELP NATURE SPEED A BAD COMPLEXION

An Economical, Delightful, Light Place to Trade

PATRIOTIC ECONOMY

The highest authority in the land says "The American People Must Economize."

Economy, however, does not consist of hoarding money, but of spending wisely. Should every American cease to spend, this country would soon be in a state of pauperism.

This country needs your active support; patriotism demands that you do something yourself to release other hands for other work.

Woman's sword is her needle—make your own clothes at home. Every productive effort on your part is an act of patriotism.

The materials cost only a trifle, but when the work of your hands is applied to them, you have things of beauty and of dollar and cents value far above your original outlay.

WOOL SERGES—69c, 88c, \$1.25, \$1.50, \$1.75, \$1.98, \$2.25, \$2.50, \$3.00 per yard.

O. A. C. Commercial Club in Social Session

Corvallis, Or., Nov. 5.—The Commercial club of O. A. C. spent an enjoyable evening Friday Nov. 2, in the commercial wing of the agricultural hall. The get-together function was purely to get acquainted. A program consisting of talks by the members of the faculty of the commercial school, Dean Fawcett, members of the board of regents and some of the students. It is the first function of the kind held for some years. The remainder of the evening was spent in dancing and talking.

There are 261 students enrolled in the school of commerce and over a thousand of the other students are taking one or more subjects in this department. Dean Fawcett mentioned in his talk that he hoped it would not be long before the school of commerce had a building of its own.
