Seven Hundred Dollars Not Received at Carnival; Will Benefit Red Cross

The sum of \$700 was realized for Willamette chapter by the ladies who were in charge of the Carnival of Nations at the armory last Saturday and Saturday evening.

It was through the united efforts of all the Red Cross auxiliaries, \$27,000, as well as the women's organizations that this amount was secured, and it was also through the untiring efforts of these patriotic women that the 1500 or more who went to the armory Saturday were given a first class entertainment. Not only were the shows worth more than the price asked, but the refreshments were up to the standard of the various nations represented.

The receipts from the booths were as follows: State hospital, \$91.10; Three Links auxiliary, \$27.60; G. R. auxiliary, \$11.00; Welsh booth, \$10; Nemo auxiliary, \$20; Belgium booth by First Christian church, \$21.50; Presbyterian church, Scotch booth, \$15.65; Ilnahe auxiliary, representing France, \$50; First Methodist church auxiliary, representing India, \$15; Woman's club for Egypt, \$23.65; Hon. or Guard girls for Holland, \$6.75; First Baptist church auxiliary, Chinese booth \$20; Eastern Star, English booth \$25; Italian booth, represented by St. Joseph's auxiliary, \$35; donation from Piety Hill, \$10.

The "Kick-Off" Banquet at Marion Hotel Tonight

The crash and boom of the first heavy guns in the drive for Salem's new hospital will salute the circumstance at the Marion hotel this evening at six thirty, when the generals, colonels, captains and campaigners in general will gather for what has been aptly denominated the kickoff banquet.

General Isaac Len Patterson will open the fireworks as chairman of the executive committee, and has been picked as presiding officer for the occasion, or toastmaster, or whatever the proper main guy at such an affair ought to be called.

Frank G. Deebach will have the honor of being the first to carry the ball, and will open up with a line of talk calculated both to enthuse and to instruct the campaigners. The burden will then be shifted to the shoulders of Robert S. Gill, who will give a correct imitation of a man trying to sprinkle a situation with pepper and ginger to see whether or not it will sneeze.

After this gas attack, heavy artillery will be employed in the person of Dr. R. E. Lee Steiner, who is slated for the job of sending the boys away to victory, full of vim, fire, zeal and determination. Colonels and team captains will be called upon also, to tell how good they and their several teams are, and in general to contribute anything they can under the head of the good of the order. Albert Egan will furnish the vocal music for the occasion, and Cooke Patton will be on hand for the comedy, least the meeting take on too gloomy and lugubrious a hue. This pair has lined up a strong combination of songs and stunts, calculated to show the boys a good time, and that nothing is impossible.

Thirty minutes will be left at the end of final instructions and the distribution of campaign material among the workers. Thereafter the meeting will adjourn in a body to the armory, to listen to Senator Chamberlain's address on the national situation.

Court House News

In the suit of W. Wiener against R. J. Hendricks, Carl Abrams and others an answer was filed this morning. The action is a foreclosure suit involving about \$2500. The defendants set up that a payment of \$10 had been made on the interest, and a further defense and plea in abatement, allege that Carl Abrams, one of the defendants, is now with the army in the service of the country and cannot appear and answer. On this ground it is asked the action be dismissed.

The suit of R. H. Coulson against Imagine Kirk was dismissed.

SOCIALIST CANDIDATE IN NEW YORK CITY DISLOYAL TO COUNTRY

Ends Campaign With Rally In Which Only Seditious Utterances Are Heard

New York, Nov. 5.—Pacifism is squarely arrayed against supporters of the government in New York's mayoral election tomorrow.

Morris Hillquit, socialist candidate, concluded his campaign at a big mass meeting in Madison Square garden, where the crowd yelled "we want peace," and where the names of Roosevelt, Morganthau and Dr. Henry Van Dyke were hissed and booed.

John Purroy Mitchell, mayor, running on the fusion ticket, ended his fight with more charges against John P. Hyland, Democratic candidate. He reiterated his accusation that Hyland conspired with disloyal Germans to aid the Kaiser in America.

Hyland's supporters, charging Mitchell with gross extravagance in office, also announced today that the "Mitchell fusion committee" had employed 1,000 thugs to terrorize voters at the polls tomorrow.

District Attorney Swann asserted he had statements from several men who had been hired for such "strong arm" work.

William M. Bennett, regular republican candidate, claimed victory in every borough today.

With no strong support, Bennett has waged his campaign from the back seat of an automobile, making speeches on street corners.

Federal agents who attended Hillquit's rally at Madison Square garden reported today that it bordered on the incendiary. When the enthusiasm was at its height, Hillquit shouted: "Look out; it's dangerous to criticize."

La Follette's name was cheered repeatedly. Hillquit got his biggest ovation when other socialist speakers mentioned his refusal to buy Liberty bonds.

Hillquit this afternoon claimed he would poll at least 250,000 votes in tomorrow's election.

Socialist headquarters announced this was based on a systematic canvass of all boroughs.

In the 1000 block east, 250,000 would elect Hillquit on his "immediate negotiations" platform.

Mayor Mitchell's headquarters declared this afternoon the mayor would be elected by a margin of from 30,000 to 50,000.

The socialist claims were scouted at Tammany hall and on the Broad street curb, where betting was 3 to 1 on Hyland to win.

"All we have to do is to hold our regular vote and victory is certain," said a Tammany leader. "We will go to the election of McCull's vote in 1912."

"The election of Hyland is as certain as anything political ever was," the Mitchell headquarters also treated the socialist claims as absurd and the "product of hysteria."

Southern Pacific Taxes Reduced by Board

The Board of Control met this morning in the tax commissioner's office and after authorizing some minor changes in the building at Champeong made necessary by the fact that logs cannot be peeled at this time of the year, the changes being recommended by Judge D'Arcy who has charge of the erection of the building, took up the matter of public utility taxes and especially the O. W. R. & N. and the Southern Pacific.

The Southern Pacific assessment for the year had been tentatively raised about \$400,000 and this was reduced about \$800,000 making a net reduction of about \$400,000. The board went into the matter pretty thoroughly and decided the reduction was only fair to the company, as it was made on the Eugene-Cosco Bay branch which is a losing proposition and will continue to be such for some time yet. The board expressed itself as being unwilling to add heavily to the expense of opening up new territory by the railroad, and so discouraging the good work. It was for this reason alone the reduction was made. As it is the Southern Pacific will pay taxes on about \$44,000,000, the amount being \$651,000.

On the other hand the O. W. R. & N. was raised about \$800,000, making a net raise for the two corporations of \$400,000.

Some minor matters completed the work of the session.

Law to Segregate Races Is Not Valid

Washington, Nov. 5.—The supreme court today declared unconstitutional the Louisville, Ky., ordinance, which sought to segregate white and negroes into different districts. Similar ordinances in Baltimore, St. Louis, Richmond, Va., and other cities are reversed. The Kentucky state courts were overruled. The court held that the ordinance was invalid because it was a straight out arbitrary violation of the rights of a certain class of citizens.

"There exists a situation which, however, the law is powerless to remedy," said the court.

Liberty Army Men Breakfast In Salem; From Southern California

National army men to the number of 292 were served breakfast this morning at the armory by Willamette Chapter, American Red Cross.

The men were from southern California and were the last 15 per cent of the first draft. From Ventura county were 62; Santa Barbara county sent 74; San Luis Obispo county had 26 in this final 15 per cent; Monterey county sent 67; Santa Cruz county, 22; San Benito county 15 and Santa Clara county 32.

Many Mexicans and men of Mexican blood were in this troop train but they seemed to take the whole matter in sort of a philosophical way as well as those of American birth.

The Southern Pacific train arrived at 8:25. The men were marched down State street to the armory and were off again at 9:30. Having had considerable experience, the Red Cross women assisted by the men who had charge of the morning before, gave the men their breakfast within five minutes after their arrival at the armory.

One hen captured at Sisson and two dogs were the mascots. It was an orderly crowd, according to H. C. Findley who travelled with them from San Jose. While on the Oregon branch of the S. P. they were in charge of Carl Taylor, travelling passenger agent.

The best treatment has been accorded the boys at all points. Mr. Findley said, Salem was the third town in which the whole 292 were seated at once. The men had supper at 8 o'clock last night at Ashland and are expected to reach American Lake about 6 o'clock tonight.

No more troop train are due to pass through the city until the second draft some time next year.

TRAIN IS ATTACKED BY GANG OF I.W.W.'S

Two Cars Cut Off and Then Attacked Soldiers Beat Them Off with Clubs

Marysville, Cal., Nov. 5.—Twenty-five armed men, alleged to be I. W. W.'s, attacked a troop train on the Western Pacific railroad in the Feather river canyon, cut two coaches from the train and were only beaten off by the soldiers using clubs, after a stubborn fight. Although the attack occurred Sunday, word of it did not reach here until today. The attackers fled to the hills and to-

GIVING UP FARMING AUCTION SALE

MR. HOOVER SAYS: Cut down the use of Meats, White Flour and Sugar. Eat more Fish, Whole Wheat and Corn Meal. By so doing help win the war.

YOU CAN DO BETTER AT MEYERS GOOD GOODS

day passes from Oroville and Marysville are on their trail. As far as is known here, none of the soldiers was seriously injured. The train, which was a special of fifteen coaches, all carrying soldiers, had been searched, military authorities evidently feared an attack.

When it reached a point fifty miles from her a stop was made at a siding. Without being noticed, the attackers pulled a coupling pin, cutting two cars from the train and the engine with 13 coaches moved on a mile before it was discovered two cars were missing.

In the meantime 25 men boarded the two "stalled" coaches and a fight started, in which the soldiers had all the best of it. Using clubs, the Samnies beat off the attackers and when the main train, which was returning at top speed to pick up the coaches, came into view the alleged I. W. 's fled. The stranded coaches were picked up and the train proceeded, reporting the fight at the first station.

As soon as word was received here, passes started from her and Oroville. No word has been received from them. The identity of the troops was not revealed.

British "Tank" Captured Bosche

London, Oct. 12.—(By Mail)—This is the way a British tank crew took the prisoner. "Our tank mired down in the mud between the lines," said the lieutenant "and we skipped out into a nearby abandoned trench. We saw a Fritz wandering around all alone, apparently dazed, and yelled to him to come in. There was such a row of the men he couldn't hear so one of the men went out to bring him in out of danger. He was in an awful state—trembling all over—but we gave him some cigarettes and he bucked up."

WHERE WATER IS PLENTIFUL. C. J. Lewis had a well drilled on his ranch west of town last Saturday. It was put down 32 feet in the first two hours. At that depth a large vein of water per minute was found. It was impossible to drill any further. Mr. Lewis expected to drill at least 100 feet and was agreeably surprised by the results. —Aumsville Record.
