Lloyd W. Ivis of Company B, 4th Engineers corps, stationed at Vancouver writes his mother here that his company has moved into the new barracks at Vancouver and that it feels mighty fine to have steam heat and to sleep in a bed with real springs. He writes that he hopes to secure a furlough of a few days between Christmas and New Year.

The Woman's Association of the First Congregational church has arranged a unique social for next Tuesday evening, Nov. 27. An old fashioned box social will be held at six o'clock. The ladies of the church will furnish boxes of dainty lunches and every one will contain the card of the lady who arranged it. The boxes and baskets of lunch will be collected and auctioned off to the men the highest taking the box. The winner of the box will then have the privilege of eating the lunch with the lady who prepared it. Coffee will be served by the ladies of the church. An impromptu program will follow the luncheon.

## QUICK RELIEF FROM CONSTIPATION

### Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for one or two little Dr. Edwards' Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Roy Barth, formerly with the state bank examiner's office has been given a commission as first lieutenant, and will probably go in the service as an assistant paymaster. He is among the Oregon men who have been taking the training at the Presidio for an officers' commission. Before leaving for the Presidio, Mr. Barth took the examination for the paymaster's department.

Table Queen bread delivered fresh, daily, 3 loaves 15c. Phone 176.

Tax Commissioner Galloway arrived home today from Atlanta Georgia, where he attended a meeting of the National Tax Association. Forty-two states were represented and steps were taken toward making more uniform the tax systems of the states. He also attended a meeting of the Council of States on the Relation of the States and the Federal Government on Matters of Taxation.

Odd Fellows Notice—All members of Willamette Encampment are requested to meet at their hall Sunday at 2:30 p. m. Special business. Chief Patriarch, 11-24

The Potato Growers Association will meet Saturday afternoon at 12:15 o'clock at the auditorium of the Commercial club to discuss the potato situation in this section of the Willamette valley. An address will be delivered by county agriculturist Brown and others interested in potato growing. While other industries of this section have been receiving special attention, it seems that the potato industry is just dragging along and there is need of an active organization whereby the growers may secure better seed and work together to improve the stock. The need of proper grading will also be discussed at the meeting Saturday afternoon.

D. A. White the veteran commission man is of the opinion that some one should suggest to Mr. Hoover that food conditions would vastly improve if the Federal Food administration would put a stop to the gambling in corn. While the food administration has been interested in the wheat proposition, it has entirely overlooked corn. The result is, Mr. White says, that the speculators have been busy with corn until now it is worth retail in Salem \$2.50 a bushel. While the commission is urging people to eat less wheat, the fact is that the speculators in corn have forced the

prices so high that corn products are more expensive than wheat. And as corn is forced by speculation to such a high price, almost all of the poultry in the country is being fed on wheat and wheat products as they are cheaper. At present there isn't any corn meal to be had in Portland, and even then the price makes it pretty expensive for feed of any kind. In other words, Mr. White feels that the speculators in corn have forced the price so high that it is necessary to use wheat and wheat products.
