PATRONIZE YOUR NEIGHBORHOOD STORE

It's the Faithful and Dependable Friend That Always "Comes Through"

You never miss the water—until the company repairs the mains. You don't realize what a great convenience it is in the house until you turn the faucet and the only result is a glug! glug! as the water bids you good bye and settles back in the pipes. It is the same with your neighborhood store. You don't realize what a convenience it is until it is no longer available. You go or send to it for any little thing you need in a hurry especially in the morning, when you have overlooked something needed for breakfast. In order to keep it handy you must patronize it. Else some morning when you want bread, butter, eggs, coffee, something in a hurry for breakfast, you will "turn the faucet" and all you will get is glug! glug! for the convenient little neighborhood store will not be there.

We carry only the Best; so you are perfectly safe in buying your Thanksgiving Fixins from us.
