Bi-nesia Stops Stomach Trouble Or Money Back

Recently a writer on the treatment of stomach troubles, who has claimed that practically all stomach trouble is due to acidity, decided to put his theory to the test. Every sufferer from stomach troubles was told to take a teaspoonful of pure Bi-nesia, 2 or 3 of the 5 grain tablets in a little water immediately after eating or whenever pain was felt. The test completely vindicated his theory; for immediate relief was indicated in nearly every one of the first hundred reports received, showing conclusively that the trouble had been due to stomach acid which, as is well known, is instantly neutralized by Bi-nesia. Since making this test, the well known manufacturing chemists who have specialized in preparing pure Bi-nesia exclusively for stomach use have arranged to place in every package of genuine Bi-nesia either tablet or powder form a binding guarantee contract of satisfaction or money back, proof positive of their belief that nearly every so called dyspeptic is really suffering from acidity and their confidence that genuine Bi-nesia will instantly neutralize stomach acid, stop food fermentation and thus relieve the troubles caused thereby.

ughly enjoyable program was presented by the following: Solo, Melba Davensport; reading, Mrs. W. Pettijohn; piano duet, Mrs. G. S. Higgins and Mrs. J. Watson; reading, Mrs. W. V. Johnson; piano and violin duet, Mr. and Mrs. S. Higgins. After the program refreshments were sold and altogether a sum of over \$15 was raised.

Through the effort of C. D. Query a piano has been acquired for the district. This supplies a long felt want and will greatly assist in future musical and social entertainments.

Weekly Report of Union Stock Yards

North Portland, Or., Dec. 12.—Labor troubles continue to exist in some packing house sections and have affected the market at the Portland Union Stock Yards. Local packers and shippers have made every possible effort to take care of the shipments without attempting a break in the market in any department. Consequently, we have shown an extremely light receipt for the opening market this week, indeed, they were not sufficient to meet the demand of small killers.

In the cattle department, steers got away at a little advance in prices over quotations and over prevailing prices at the close of last week, while cows sold just steady with last weeks quotations. All other classes continue steady. Finished steers just at this time would meet with a hearty demand and would pass the scales at \$10.00-10.25, but they would have to be good.

The sheep department showed no receipts, and very little demand seemed to be evident in that department. This season is standing squarely between the product of the pasture and the feed lot, when practically all grass shipments have been put on the market, and practically nothing is yet ready for the market from the feed lots, as is usual in that state of affairs. Both shipments and quality are considerably "off color". The demand continues extremely active, however, for stock and feeder animals in all classes, and it looks to us as if this might be one of the most opportune times to pass into the market the feeder supply. This department is very active in the hog alleys as well as in the cattle department, while the market in the sheep department is comparatively quiet.

This class there is a considerable supply and an active trade. We quote the following prices: Medium to choice steers, \$9.00-9.65; medium to good steers, \$8.25-9.15; common to good steers, \$6.75-7.90; choice cows and heifers, \$6.85-7.50; common to good cows and heifers, \$5.15-7.00; canners, \$3.00-3.25; bulls, \$4.50-6.75; calves, \$7.00-9.50; stock and feeders, \$4.25-7.85; prime light hogs, \$15.50-15.00; prime heavy, \$15.85-16.00; pigs, \$13.75-15.00; hulk, \$15.85-16.00. Western lambs, \$12.00-13.50; valley lambs, \$12.50-13.00; stock and feeders, \$4.25-7.85; yearlings, \$12.00-12.50; wethers, \$11.75-12.25; ewes, \$8.00-10.00.

Pleads With Americans To Supply Soldiers' Needs

Dear Friend: Will drop you a few lines to let you know that I am still alive. At present I am in the hospital with the mumps. May be you think I am not some sore boy. We are in a French hospital with French doctors and nurses. Have some of our French doctors and nurses who want and the nurses are men. The one in this room can speak a little English, but not enough to amount to anything. There are 21 in this room. Five Americans and the rest French we have some time kidding them, but they don't know it. How did you make out on your potatoes? I got a letter from S. the other day and he said you were chugging over the country after some skirt. Now, see here, I don't want you to get up and get married while I am away over here. Say if it is not too much trouble, I wish you would send me a few sacks of Durham. The tobacco we get here is strong enough to knock a horse down. I will make it right with you when I get back. Please excuse poor writing as I am writing this in bed. Tell every one Hello for me. Write soon and often.

Your friend, CORP. ALBERT E. BOUFFLEUR, 30th Aero Squadron, American Expeditionary Force, France.

Reader:—Notice the above is written on stationery furnished by Y. M. C. A. not in Y. M. C. A. Hut but by an American sick boy in French hospital. What are you doing for the Y. M. C. A.? Hear the final result of this, 7 boys and one mother shipped in and 25 sacks of Durham, 25 packages Cigarettes are on the way to Corporal Al Bouffleur now doing his bit that "Germania Uber Oregon" does not come true. The aroma from this gift ascends to Heaven and I think the angels—if there are such—will bend low to get the odor of earthly deliciousness, recording score 8 for Salem. Lincoln's example of goodness have been of untold benefit to millions of people. He said "When they lay me away let it be said of me that as I traveled along life's road I have always endeavored to pull up a thistle and plant a rose in its stead." It's not of record that he denied General Grant "that always in evidence cigar." Read "plant roses by dropping \$1.00 into Capital Journal tobacco fund and some morning after a battle has been won you can meet the "Deacon" on the street.

"Say, Deacon, did you donate for tobacco?" "No sire!" "Well it's evident somebody did."

James Pincus Dies at Tacoma Home

Portland, Or., Dec. 12.—James Pincus, one of the best known hop growers and dealers on the Pacific coast, died at his home in Tacoma Monday after a brief illness. Pneumonia was the cause of his death. He was born at Steilacoom, Wash., 52 years ago and made Tacoma his home during the greater part of his life.

As a hop dealer he was an operator on a large scale and he played an important part in establishing prices on the coast in the seasons when he was most active. He was thoroughly familiar with all the phases of the hop business and was unusually well informed as to market conditions in other parts of the country. In recent years he became one of the largest hop growers in Washington.

Mr. Pincus is survived by a widow and one daughter, also by his father and two brothers, Julius and Marcus I. Pincus, and two sisters, Isabella and Bessie Pincus.

Funeral arrangements have not yet been made, pending the return of the daughter, Miss Minnie Pincus, who was at Youngstown, O., when her father died.

Hilda Wolfus, wife and partner of Herbert Williams of Williams and Wolfus at the Orpheum, travels around the country with a 6-year-old maid. She is none other than her daughter, Doris.

Heed not the recent Methodist remonstrance against tobacco for the soldiers endorsed by our leading educators. To mix with life, get on good terms with "Our Soldiers", with everything that grows out in the sunshine, runs, creeps, crawls, flies or swims in education plus, better to juggle a gun than translate Caesar to insure the perpetuity of our nation. Heed rather the Greek philosopher's beautiful thought: "If there is any good deed I can do, or kindness I can show, let me do it now. Let me not defer or neglect it, for I shall not see this." Newspaper office again. Drop two bits—better yet two dollars—into the Journal's Tobacco Fund. The flowers you will send for their coffins—there will be coffins received in Salem mind that—send now in deeds of kindness that weary troubled hours may be cheered. Flowers on the coffin cast no fragrance backward over Soldier Life in France. Post mortem kindness does not cheer a troubled spirit. A word to the girls—
