98 QUESTIONNAIRES ARE SENT OUT DAILY

To Date They Have Been Sent
To Nearly 400--Response
Is Slow

The registration board under the efficient management of Chief Clerk Mrs. Frank Brown is sending out questionnaires at the rate of 98 a day. It will take 20 days to complete the work. Of the 98 names sent out Saturday but about a dozen had responded up to last night. As registrants are supposed to appear for classification within seven days from the mailing of the questionnaires there will have to be more than 80 show up before Friday night if all appear. This arrangement has been made to prevent congestion and registrants will save themselves unnecessary delay by responding promptly on receipt of the questions. Those sent out to date and the registrants they were sent to follow:

KERR'S CAMOUFLAGE

(Continued from page one)

\$1400 a year—and the city newspapers with paens of praise, announced that Oregon was saved—that Dr. Kerr, out of the goodness of his heart, from pure patriotism, had agreed to stay in Oregon at a personal sacrifice, instead of migrating to the Sunflower state, for the infinitesimal remuneration of \$700 a month and the handling of just how much federal and state coin no one knows—the legislature has never been able to find out.

until the Kansas City Star of November 26, containing the repudiation of the story, arrived in Oregon that it was known here as a fake—and good care was exercised to see that the denial received no publicity until after the regents acted.

head of the Kansas board is a liar by publishing the offer received. It is up to him to do it.

It is not the size of the salary nor the increase that is objectionable. It is the method utilized for securing it. If the board of regents honestly believes that Dr. Kerr is worth the money, there can be no valid objection. It is the puerile plot that disgusts the public—the folly of the fake resorted to that shatters faith in the honesty and sincerity of the methods of the institution and casts suspicion upon its beneficiary—for the administration of a great educational institution should be above suspicion.

press shipments on account of express congestion.

As showing the enormity of the task accomplished, Praeger declared America's postoffices have handled every day since November 15 a volume of mail equal to the pead load of Christmas week last year, which was the greatest handled by the department.

Want Mine Workers To Forego Vacation

Indianapolis, Ind., Dec. 20.—Officials of the United Mine Workers today asked miners to forego the customary week's vacation taken during the Christmas holidays and take only two days—Christmas and New Years—on account of the coal shortage.

"Our patriotic duty demands that this be done," says the appeal signed by President Frank Hayes and other officials. "We urge local officials and mine committees everywhere to see that this request is fulfilled."

If you believe that a stitch in time saves nine, War Savings Thrift Stamps are just in your line.

A week before Christmas and all through the store the clerks are all thankful it's not any more.
