WILL RELEASE I.W.W. HELD IN SACRAMENTO

Special Government Agents Declare They Have No Evidence Against Them

Sacramento, Cal., Dec. 28.—Forty six of the fifty I. W. W. members, arrested by the police in the raid of the I. W. W. hall following the arrest of William Hood and George Voetter, I. W. W. leaders and alleged dynamiters of the governor's mansion, will be released, it was announced at the police station this afternoon.

Don Rathbun, special agent of the department of justice, and Deputy United States Marshal Mulhall and Morris, spent the entire morning going over literature and other things confiscated in the raid of the I. W. W. hall but found nothing that would justify the government in placing charges against the men.

Rathbun, his two deputies and Detectives Richards and Warren searched five dozen suitcases and trunks at the I. W. W. hall this morning but found nothing but dirty clothes and a few papers.

Four of the fifty I. W. W. are known to be aliens, and, according to Chief of Police Conran, they will be deported by the United States immigration authorities. Chief Conran said that Immigration Officer Hannum will arrive in Sacramento tomorrow to take charge of the four men. They are Henry Miller, Louis Martell and William Schmidt, Germans, and Vincent Santilli, an Italian.

Fear of a revival of the "reign of terror," program in the releasing of the 45 I. W. W. members was expressed by the police. Many of the men have expressed themselves as being against the government, according to the police. In the cell, where they are confined, is written in large chalk letters "Oh democracy! What crimes have been committed in thy name!"

Chief Conran said today that the government agents have evidence to prove that Hood and Voetter were connected with I. W. W. plots in all parts of the United States.

All Private Banks Are Closed In Petrograd

Petrograd, Dec. 28.—All private banks in the city, including some foreign branches, were closed by order of the Bolshevik government today. Soldiers and sailors occupied the buildings. Many directors were arrested.

The National City Bank of New York has a branch in Petrograd and presumably would be affected by the order mentioned above. The bank in New York, however, said it had received no word from its representatives in Petrograd.

Puyallup River Again Near Flood Stage

Tacoma, Wash., Dec. 28.—The Puyallup river has risen three feet in 48 hours and is still rising at the rate of about a foot in four hours, but there is little possibility of its going over its banks and causing another dangerous flood, according to Engineer Roberts in charge of the inter-county improvement work.

At noon today the river had reached the nine foot stage and was expected to be up to ten feet by late afternoon. Most of the danger is eliminated, according to Roberts, by reason of the fact that much of the snow in the mountains has been melted and that the drift which caused much of the trouble, had been cleared out in the recent flood.

Chapter Is Thanked

H. W. Meyers, as president of Willamette chapter of the Red Cross, has received a letter from Chas. S. Fee, passenger traffic manager of the Southern Pacific expressing the company's appreciation of the assistance rendered in connection with the commissary arrangements made for the troop trains.

"Your co-operation and that of communities, organizations and individuals along the line," said Mr. Fee, "made possible the handling of this military business on a basis far more satisfactory to the men as well as to the military authorities and to the railway company than would have been possible otherwise."

The Southern Pacific has moved to American Lake 25,000 men from along its territory. Sixty seven special trains were run to do this of from 250 to 500 men each, in addition to 48 movements of troops of from one to three cars attached to regular trains. Cars were served at 23 different points along the route.

Over Twenty-Five Thousand Men Leave Camp Lewis

Camp Lewis, Tacoma, Wash., Dec. 28.—Official authorization was given today for publication of the fact that 25,537 men have been sent away from this cantonment since September 1. To what regiments or departments they were assigned, to what posts transferred or whether or not any of the soldiers have crossed to France, was not disclosed.

Several weeks ago, General Greene, in command of the post, authorized publication of the arrival of 8,000 Camp Lewis men at an eastern mobilization point. Seven hundred and twenty three men have been assigned to a certain aviation school. Specialists in various other lines who have been transferred to other posts aggregate 5,325.

Germany's Peace Drive On In Full Force With Russia As Mouthpiece

Washington, Dec. 28.—Germany is striving to talk to the United States and the allies through Russia.

That is the meaning of the latest Teuton maneuvers at the Great Livestock Russian peace parleys, as seen by international experts here today. The German peace move is apparently on in full force, with Russia, as Germany's mouthpiece, designed to pass along the German proposals for a general peace to the allies.

The Teutonic talk brought scarcely any response in responsible quarters here today. Officials passed it off with the comment that Hohenzollernism must be eliminated before any peace is acceptable.

Germany's adoption of the slogan "no annexations, no indemnities" is regarded merely as a trap to appeal to the unthinking, whereas anything specific she has mentioned does not take care of broad problems like Belgium, which must be settled.

Some, Germany is seen stalling badly for time, not desiring to make a separate peace with Russia until it is seen what will come out of the present chaos in the republic.

Absolutely no change in this government's attitude toward peace has developed, it is officially declared.

State House News

Articles of incorporation were filed today as follows: Gold Beach Publishing Company, Gold Beach, Curry county, capital stock \$1,500; object to conduct a newspaper and do a general printing business.

SCENE FROM "FAIR AND WARMER," GRAND THEATRE MONDAY DEC. 31st

Grant Smith-Porter Brothers company, Portland, capital stock \$200,000 and object to carry on a general logging business.

Becker-Chillon Aid Society, Portland, object to aid and assist the sick and needy. Its revenues are derived from dues and gifts.

The Inman Poulson Logging company filed notice of dissolution.

The Portland Chamber of commerce has notified the Public Service Commission that it has examined into the application of the Portland Railway, Light & Power company for permission to charge a six cent fare, and finds the company can not operate its cars

unless such rate is allowed. It therefore recommends the commission permit the company to establish a six-cent fare.

AUSTRIAN CANNOT ENLIST. San Francisco, Dec. 28.—Even though an Austrian has first citizenship papers and is willing to fight for Uncle Sam he can't get into the national army.

That was the ruling today in the case of Louis A. Borris, ordered to Camp Lewis with a delayed contingent from San Francisco. Just as he was ready to leave, Chairman Warren Olney, Jr., of the district board ruled that as Austria now is among America's enemies, Borris must stay at home.
