D. A. WHITE & SONS Phone 160, 255 State St. Salem, Oregon

Then there is considerable delay occasioned by the necessity of reshipment from Paris to our troops.

We are writing you about this as your readers may have felt some anxiety due to the fact that not many postal cards have been received as yet.

Very truly yours, THE AMERICAN TOBACCO CO. A. W. Neyball, Service Dept. Dec. 24th, 1917.

RUSSIA REJECTS (Continued from page one)

Support of the Russian contention that the free will of citizens in territory occupied by German troops cannot be expressed because of this military occupation was given by an unnamed socialist at the meeting.

An unnamed Center party leader was quoted in the Berlin dispatches as declaring his approval of the government's attitude.

"Our aim," he said, "must be last- ing peace with Russia and prevention of future war."

Constitutional bodies are now exist-

Tell Your Wife Corns Lift Off

Doesn't hurt a bit to lift corns or calluses off with fingers.

Not a twinge of pain or soreness before applying, or afterwards. This may sound like a dream to corn pestered men and women who have been cutting, filing and wearing torturous plasters. Yes! Corns lift out and calluses peel off as if by magic.

A small bottle of Freezone costs but a few cents at any drug store. Apply a few drops directly upon your tender corn or callus, and instantly the soreness disappears; then shortly the corn or callus will be so loose that it lifts off.

Freezone dries instantly. It doesn't eat out the corn or callus, but just shrivels it up so it lifts away without even irritating the surrounding skin. Women should keep a tiny bottle handy on the dresser and never let a corn or callus ache twice.

Freezone dries instantly. It doesn't eat out the corn or callus, but just shrivels it up so it lifts away without even irritating the surrounding skin. Women should keep a tiny bottle handy on the dresser and never let a corn or callus ache twice.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue, no sicken your breath or dull your head, no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up!

As soap and hot water act on the skin cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

As soap and hot water act on the skin cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

As soap and hot water act on the skin cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

As soap and hot water act on the skin cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.
