# That Film on Teeth

## The Source of All Tooth Troubles

## Why Teeth Discolor and Decay

### Why Germs Breed Around Them

What you already know is this: Despite all your brushing, your teeth still discolor. Tartar forms on them, so they need frequent dental cleaning. And some teeth still decay.

You know that what you do, and what you use, fail to really keep teeth clean. Your present methods don't protect you. So there must be something wrong.

The trouble lies in a slimy, ever-present film which you feel with your tongue.

That film is where the stains lodge, spoiling the teeth's whiteness. That film is what hardens into tartar.

That film is what holds food particles. There they shortly ferment and form acid—the cause of all tooth decay.

And that film is where the germs breed—the germs which cause countless troubles, including pyorrhea.

Thus the chief object of teeth-cleaning is to keep rid of that film. And that is where your methods fail.

Feel your teeth with your tongue, however often you brush them, and you find that film still there. Every discolorment proves it—every evidence of tartar. But between the teeth and in crevices is where it accumulates most.

It is now known that alkali hardens it. So soapy applications do more harm than good.

And we can't combat the acids or destroy the germs while that film remains to protect them.

That is why your method of teeth-cleaning fails.

It removes only the loose debris. That is important, but water alone will do that. There is little need of a dentifrice unless it attacks that film. For, day and night, harmful things are being held by that film to the teeth.

That is your situation unless your dentist has already told you of Pepsodent. Your teeth are not clean, not safe. They do not long stay white. And you rely for your protection on periodic dental cleaning.

But now science has solved this film problem. And this is to ask that you prove it by a one-week's pleasant test.

## Now There's a Way to End It

### To Keep Teeth Really Clean

Three years ago a way was found to keep the teeth free from this film. Those three years have been spent by dentists in proving the fact beyond question.

There have been many false theories of teeth-cleaning. Many ways which seemed good have proved worthless—in fact, are now known to be harmful. So we waited three years to let dental authorities prove that this method was right.

The film is albuminous matter. That fact suggested pepsin, which is albumin's digestant. Pepsin is known to digest albumin, and that means its dissolution.

But Pepsin is inert until activated. And the activating agents are acid. The usual acid—hydrochloric—is destructive to the teeth. So pepsin for long seemed barred.

Then an acid salt was found—a neutralized acid—which does not harm the teeth. In fact, the teeth themselves are largely formed from it. This acid salt will activate pepsin. It is this discovery which has solved the problem of that film.

Pepsodent combines pepsin with this activating agent. The purpose is to dissolve the film so that brushing will remove it. Five governments already, by granting patents on this combination, have recognized its newness and efficiency.

Pepsodent is now supplanting all former methods of teeth cleaning. It has been subjected to thousands of clinical tests. Its results have been proved beyond question.

It has won the endorsement of authorities who are recognized all over America. And countless dentists in their practice have proved that it does what they seek.

Now, on their advice, we are telling the facts to you.

This is to urge you to make a one-week test. The coupon below will entitle you to Pepsodent for it. See what it means to you.

Note how clean your teeth feel, even after one application. Note how quickly the slimy film disappears, how your teeth grow whiter. And how they soon feel as they feel after a thorough dental cleaning.

Mark how pleasant its use is, how unique and complete its effects. One week will convince you. You will never return to any method which leaves your teeth coated with film. Cut out the coupon now.

## LIES AND INTRIGUES

... And now they are to bring 1,000,000 from Russia and crush us utterly, they having now the advantage in numbers and (fatal word) the initiative. They have neither the numbers nor the initiative. Tens of thousands of the million from Russia, which has probably been on the western front for some weeks, have bitten the dust.  
500,000 Yankees Will Lack Huns.  
I hope you will tolerate my very

optimistic statement, which, however, is based on sound military principles. The push of only 500,000 Yankee warriors next spring should upset the strategic equilibrium. In other words the application of 500,000 new troops to a chosen spot in the German line must inevitably produce a smash and a retreat. I am frankly not among those who believe that the Boche will die in his last ditch. I have noticed among our voracious chronicles that 500,000 Germans assisted in the Austrian drive on Italy. From reliable information I can state that not 100,000 Germans were on that front

Panic started by socialism and its twin-brother, treason, were the efficient causes of that rout, and these are the only efficient weapons left in the hands of our enemies now.  
Let us pray that baseless pessimism in high places may not engender a like disgrace again.

## SOCIETY

By CAROL S. DEBBLE

Dr. and Mrs. Thomas C. Smith, Jr., and their son, Malcolm, returned Sunday night from a delightful trip thru California.  
They visited in both Pasadena and Los Angeles, being the guests of the Thomas C. Smiths, senior, in the latter city. Before coming north they spent some time in San Francisco, being gone in all about three weeks.

W. L. McDougal left today for the east, where he will stop at Syracuse, Buffalo and various other points. Mr. McDougal will remain east a few weeks.

Dr. Mary Rowland will address the members of the gymnasium and swimming classes of the Y. W. C. A. this evening at the association room. Dr. Rowland will only talk from seven to seven fifteen. All members are urged to be present.

J. D. Sutherland returned Sunday night from a sojourn of several weeks in California. Both he and Mrs. Sutherland who accompanied him south, spent the greater share of their time in Los Angeles, with their daughter and her husband, Dr. and Mrs. Spencer G. Shafer. Mrs. Sutherland will remain in California a while longer.

Friends of Miss Cora Talkington will regret to hear that after a prolonged illness extending over the past year, she was removed to the Salem hospital this morning, where she underwent an operation.

Mrs. Florence J. Chapman of Portland is in Salem for several weeks. Mrs. Chapman will be remembered as the popular demonstrator in the Loju booth at the state fair during the past few years.

Mrs. Ralph A. Glover and little daughter, Maxine, will go to Portland tomorrow to spend several days.

The Foreign Missionary society of the First Methodist church met yesterday afternoon at the home of Mrs. A. C. Casker on Twelfth street. Mrs. A. B. Paroungian had charge of the lesson for the afternoon.

Miss Minnie Moeller and Mrs. Frank Shafer were Portland visitors the latter part of last week, when they attended the joint installation of the four orders of the Eastern Star.

Word has been received that Harold Grady of Portland has received his assignment to duty in the training camp at Berkeley, in the aviation department. He entered the service in December and passed his tests and examinations in Seattle. Mr. Grady will be remembered by Salem society from a season ago, when both he and Mrs. Grady came down regularly from Portland to take charge of the dancing classes which they organized in Salem. Mrs. Grady expects to join her husband shortly.

Mr. and Mrs. David T. Stone of Edinleton returned to their home last night after a visit in Salem as the guests of Mr. and Mrs. S. A. Stone of

kind of slavery. You may feel certain that with your support we will sign only an honorable peace."

"The Russian peace delegates were taken to Brest-Litovsk in sleighs. They first met Ukrainian delegates who had been awaiting their arrival. The Ukrainians agreed to publish such a formal resolution recognizing the Bolshevik government and it agreed to recognize Ukrainian independence. The Russians then communicated with the Germans suggesting that the Ukrainians be empowered to partake in the negotiations. This was accepted.

"The Ukrainians and Russians, it was asserted, had agreed to maintain a solid and united front on all questions. "Today the first matter taken up by the general conference was the transfer of the negotiations to Stockholm or some other neutral city. Dispatches from the Russian delegates today insisted they would not give up this demand on the Germans.

"The transfer of the negotiations to a place where a free voice and a free hearing can be accorded instead of being continued in the stifling atmosphere of a ruined city's hermetically sealed fortress, is essential," the message asserted.

**Cossack Revolt Dwindles.**  
Petrograd, Jan. 10.—Dwindling away of the Cossack revolt was reported by the Bolsheviks today. The government armies and the Red Guards are pursuing Generals Dutoff and Kalodines and their forces.  
The workmen and soldiers council announced that Dutoff had been liberated from the rebels and that the Cossacks were unanimously against Kalodines.  
The Ukrainian Rada announced the eleventh army had been arrested.

**To Neutral Soil.**  
Petrograd, Jan. 10.—Brest-Litovsk telegrams today reported indications of a satisfactory conclusion being reached as to transfer of peace negotiations to neutral soil.

**Negotiations Resumed.**  
Copenhagen, Jan. 10.—Peace negotiations at Brest-Litovsk will be resumed Wednesday, according to the Cologne Gazette today.

## DANDRUFFY HEADS BECOME HAIRLESS

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Tuesday evening January first the Chadwick chapter 37, O. E. S. installed their new officers, at the Masonic Temple. Mrs. Elizabeth Shafer, acting as installing officer and Mrs. Emma East installing marshal. The officers installed are Mrs. Faye Wright, worthy matron; Judge Geo. H. Bland, president; Mrs. Estelle Smith, associate matron; Mrs. Ida Babcock, secretary; Miss Hazel Bishop, conductress; Miss Monnie Hauser, associate conductress; Mrs. Eliza Ackerman, chaplain; Mrs. May Gingrich, marshal; Mrs. Sylvia Austin, organist; Miss Gussie Niles, Adelyn Lyon, first and second readers; Mrs. Lillian I. Carleton, Ruth; Mrs. Daisy McIntire, Esther; Mrs. Mary Cook, Martha; Mrs. Addie May Pettys, Electa; Mrs. Remoh Glover, warder; Henry Shoemaker, sentinel.

During the installation ceremonies musical numbers were given by Mrs. A. J. Kahn and W. Earl Shafer, which were much appreciated. Mrs. Shafer was presented with a cut glass marmalade jar, and a beautiful gold ring, emblematic of the order. The honored guests of the evening were Mrs. Don B. Schike of La Grande, grand lecturer of Oregon O. E. S., who assisted in the ceremonies, Miss Eleanor Wright, worthy matron of Evergreen chapter No. 41, O. E. S. of Woodburn, Mrs. Lena Snell Shurtz, secretary of Ruth chapter No. 32, O. E. S. of Heppner and many other visitors.

Mrs. B. E. Manley was hostess at an informal musicale recently at her home on North Front street. The program enjoyed by the guests included violin numbers by Oswald Fliegel and N. C. Bressler; guitar selections by A. H. Bressler and Louis Cortesi; mandolin, George Mandions, with Miss Esther Bowers as pianist.

Mrs. St. Helens did some clever playing with the "bones." Following the program, refreshments were served to the following guests: Mrs. H. C. Bressler, Mrs. Lena Snell Shurtz, Mrs. Perry, Mr. Spire, Oscar Anderson, Mrs. A. H. Bressler and son Harold and Mrs. St. Helens, Miss Maude Manley.

MAE MARSH in "THE CINDERELLA MAN" GOLDWYN PICTURES

## Mae Marsh Here--"The Cinderella Man"

Edward Guld's Carpenter's Play of Holiday Cheer Made a Picture for Christmas by Goldwyn--A Bright Bit of Drama

Mae Marsh, the quaint star of the screen, will appear in her third Goldwyn picture, "The Cinderella Man," from Oliver Morosco's famous stage success by Edward Childs Carpenter, at the Liberty theater beginning tomorrow for three days.

The wistful appeal of Mae Marsh, known wherever motion pictures are shown, finds remarkable opportunity in the strong human interest situations of Mr. Carpenter's moving story. Ever the "girl of a thousand faces," it is another Mae Marsh who awakens heart throbs in "The Cinderella Man," than the Mae Marsh who is delighting the nation in her two preceding Goldwyn productions, Margaret Mayo's classic of the big top, "Jolly of the Circus," and "Sunshine Alley," from the story by Mary Rider. The amazing versatility of Miss Marsh which changes her characterizations so radically from play to play, makes "The Cinderella Man" quite as refreshing as any thing she has ever done.

Edward Childs Carpenter, author of this latest Mae Marsh vehicle, is also the author of "The Pipes of Pan" and of "The Three Bears," both current Broadway successes. "The Cinderella Man," in stage form, was one of the biggest hits of the New York season during its long run.

## DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throats, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or chest, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.
