Mrs. C. H. Castner, president of the State Federation of Women's clubs, has sent the following telegram to Dean Fox of the University of Oregon:
'Will gladly co-operate with Woman's War Work Council of the Y. W. C. A. through Council of Defense women's committee. Quote me in letters as urging all chairmen to give every assistance, and to conduct campaign where desired.'

Blinding Snowstorm Sweeps Over Texas Mercury Drops Low

El Paso, Texas, Jan. 21.—A blinding snowstorm, sweeping over southwestern Texas today, accompanied by a 50 degree drop in temperature, has resulted in the death of three persons, serious injury to two others and intense suffering to livestock on the cattle ranges.
W. C. Woods was killed when the automobile in which he and two companions were riding skidded in the snow and overturned Sunday. Tom Gilmore, a Pullman car company official, was probably fatally injured and Dave Stansberry seriously injured.

Willamette U. Notes

The error of the judges in computing the result of the debate tonight held last Friday night in the university chapel, was corrected Saturday so that the team as it now stands is composed of Arlie Walker, Otto Paulus, Harold Dimick and Myrtle Mason. The alternates are Herald Emmel and Gustav Anderson. The prizes of ten and five dollars were drawn by Arlie G. Walker and Otto Paulus, respectively.
Miss Glenn Teeters, who has been at her home in Kellogg, Idaho, returned to school this morning.

State House News

Ethel Farrar, of Elmhurst, Illinois, has written the Secretary of State Olcott seeking information as to John Farrar, whom she says would now be about 84 years of age, and who she has heard was somewhere in Oregon. The secretary passes the job of locating the old gentleman up to the press, and if anyone knows him, a note dropped to Miss Farrar will be appreciated by her.
Articles of incorporation were filed today as follows:
Pacific City Creamery, of Pacific City Tillamook county, capital stock \$9,000 and object to manufacture butter and cheese and to deal in dairy products.
Boilermaker's club, of Portland, value of property \$150 and object to maintain club rooms for the mental and physical development of its members and for their entertainment.

President Denounces Chamberlain's Speech

Washington, Jan. 21.—President Wilson tonight denounced Senator Chamberlain's Saturday night condemnation of the governmental structure as 'astonishingly and absolutely unjustifiable distortion of the truth.'
Chamberlain attacked the war administration during a speech at a banquet Saturday night.
'As a matter of fact,' the president said, 'the war department has performed a task of unparalleled magnitude and difficulty with promptness and efficiency.'
Chamberlain's bills creating a supreme war council and a director of munitions were also the subjects of unfavorable comment by the president, who declared that the present organizations are sufficient for the prosecution of the war.
MOUNT LASSEN ERUPTS
Redding, Cal., Jan. 21.—Mount Lassen has been in eruption since day breaking and after several hours of activity the eruption showed no evidence of abating. The 'blowout' came from the eastern slope and a high wind drifted the smoke southward.

MINIMUM PRICE FOR HOGS

San Francisco, Jan. 21.—Through voluntary agreement with the food administration thirty leading California, Oregon and Washington packing concerns today announced setting a uniform minimum price for the producer for hogs. It will be one cent under the quotation of the Chicago market and subject to the fluctuations of that market. The food administration has established a minimum price of \$15.50 a hundred pounds for the Chicago market. The move will not raise the retail price of pork but will give a bigger price to the producer and is expected to stimulate production.

Secretary Baker Reviews Situation On the Western Front

Washington, Jan. 21.—Allied troops on the western front are harassing German forces concentrating for the expected grand assault. 'Still expectant,' the allies are taking the initiative, pending the opening of hostilities on a large scale, Secretary Baker announced today.
Meantime, menacing Italian positions have been greatly improved during the last week, he says.
Reorganization of the British and French tactical arrangements in the west has placed them in a position to contend with any eventuality, Baker said. Their defensive positions 'have been greatly strengthened.'
The last of three successive attacks on the Italian front 'resulted in bringing about rectification of Italian dispositions in the Monte Asolone sector, which rendered secure trench elements heretofore developing weakness.'
Baker determines this operation of 'signal significance' since it removed the menace of possible turning of the Italian flank.
'There is little to report in the way of military activity during the past week. On the western front the allies are maintaining an expectant attitude,' Baker said.

UP TO TROTSKY.

Copenhagen, Jan. 21.—'When Russian Foreign Minister Trotsky's return to Brest-Litovsk,' said a delayed Berlin dispatch quoting the Local Anzeiger editorially today, 'he must definitely accept or reject the central powers' demands, otherwise the central powers will immediately break off negotiations.'

FIFTEEN MEXICANS FREEZE

El Paso, Texas, Jan. 21.—Caught in an avalanche in the mountains south of Chihuahua City, fifteen Mexican miners en route to the capital were frozen to death, according to word received here today from an American cattle man in Chihuahua. The bodies of the miners have been recovered.
A large number of Mexican peons in the northern states are reported dead as a result of snowstorms, blizzards and food famine. The death rate resulting from storms, the worst experienced by northern Mexico in 30 years, is expected to be appalling.

CONSTIPATION INVITES DISEASE.

A reliable laxative is necessary to the comfort and health of any well-ordered household, because constipation is a condition that affects in greater or less degree, practically every member of the family. When the bowels refuse to act the entire system is affected; digestion is impaired, nerves begin to twitch, foul gases and poisons generated by decomposing substances in the intestines are distributed throughout the body, and often result in serious illness. A prominent French scientist says fifty-five percent of all human disease is directly traceable to inactive bowels.
More than a quarter of a century ago Dr. W. B. Caldwell prescribed a combination of simple laxative herbs with pepsin that is now the standard remedy in thousands of homes. This prescription is sold by druggists for fifty cents a bottle, under the name of Dr. Caldwell's Syrup Pepsin. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 450 Washington St., Monticello, Illinois.

Prices Unchanged But Selling Is Stimulated

Chicago, Jan. 21.—Pence talk stimulated selling at the opening of the grain market today but the offerings were readily taken and prices recovered somewhat after an initial decline.
January oats opened late, off 1-4 at 78 1/2, but later sold at 79 1/2. March opened 3-8 lower, but later gained 1-4 to 78. May opened at 76 1/2-3/4 1-8, and continued at that figure.
January corn opened 1-8 lower, but later recovered that fraction to \$1.27 5-8. March opened late at \$1.25 1-4, down 1-2 and continued unchanged. May opened 1-8 lower at \$1.24 1-8 and continued at that price.
Provisions were steady on a steady hog market.

Will One Pair of Glasses Suffice?

It is no longer considered advisable, nor in accord with modern customs, to wear the same eyeglasses for every occasion.

To have your eyes "well dressed" you should wear a different style for street use from those that you wear with so much comfort in the library or office. Very formal affairs require a more distinctive type than those you wear for ordinary use about the home.

We will be pleased to explain the correct modes in glasses to you if you are interested in being up-to-date in eye-wear.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" Relieves Stomach Distress In Five Minutes

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour, head dizzy and achy, belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.
Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened and they eat their favorite foods without fear.
If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops fermentation and acidity and sets things straight, so gently and easily that it is really astonishing.
