Most Expensive Hair Cut In All History Is Text of Bruce Evans's Sermon

The most expensive hair cut in history was the subject of Bruce Evans last night at the Baptist church when he spoke to the largest audience he has yet addressed during his stay in the city. The house was packed and jammed long before Mr. Evans arrived. Sampson was a mighty man physically, said the evangelist, and could stay a thousand men with the jaw-bone of an ass. He could take the gates and bars of a city and go up the side of a mountain with them but he met his Waterloo in the machinations of a poor frail little woman. Every man has his predominant temptation. To one man it may be that of Sampson. To another it is one thing and to his neighbor it may be an entirely different proposition. To realize that truth is to make a man have charity on his fellow men who in their weakness make mistakes. Saturday night Bruce Evans spoke to the largest crowd ever gathered together in the Methodist church of Silverton, according to Rev. Mr. Smith the pastor. Sunday the evangelist preached five times and at the evening service he was very visibly tired Tuesday night he preaches on the "Second Coming of Christ." He speaks tonight.

Passenger Traffic May Be Curtailed to Move More Coal

(United Press staff correspondent)
 Washington, Jan. 21.—New measures to facilitate movement of coal to the seaboard are being considered by the railroad administration. These include: Further curtailment of passenger traffic—particularly in the central and southwest. Embargo on shipment of non-essential freight during the present transportation crisis to permit unhampered movement of coal trains. The contemplated curtailment of passenger traffic would affect passenger service throughout the Chicago district and competing lines between Chicago and St. Louis and Chicago and Texas. For two weeks locomotives have been moved from the heart of the country eastward and more are to come. Further draft on locomotive power must result in passenger traffic reduction at some points, it is stated, and this is now being considered. A five day suspension of all railroad passenger traffic as a means of relieving freight congestion was advocated today by Senator Robinson of Arkansas.

Wall Street Shows Strong Optimism

New York, Jan. 21.—The New York Evening Sun financial review today said: Stock exchange circles today were anything but pessimistic. The course of prices was upward, and the day trading was dull to a degree. There were intervals of good demand but the supply was at all times limited. Conditions were unchanged in the late session. The list merely drifted not far from the top level of the day. Bonds were dull and steady.

FAREWELL PROGRAM FOR DOCTOR DONEY

Record-Breaking Crowd Gathers to Say Good-Bye and God Speed

The farewell program to Dr. Doney together with the unveiling of a tablet containing the names of 68 members of the church who have entered the service and the unfurling of a service flag containing 72 stars, was the occasion of a record breaking crowd at the First Methodist Episcopal church at the service last evening. A number of special patriotic selections were rendered by the choir, and short addresses were made by speakers representing the various interests of the city. Dr. E. N. Avison, pastor of the church, had charge of the exercises. The complete program, as presented was as follows: "Tenting Tonight"; "The Battle Cry of Freedom"; "Columbia the Gem of the Ocean"; "America," by Choir and Congregation Invocation, President H. J. Talbot, "Recessional," by the Choir. Offering and Offertory. "Stars and Stripes," University Glee Club. Presenting the Tablet and Flag. "The Star-Spangled Banner," Choir and Congregation. Addresses, not exceeding five minutes each—

- First Church—Dr. R. N. Avison.
- The Ministerial Union—Dr. G. F. Holt.
- The Oregon Conference—Dr. T. B. Ford.
- The Commercial Club—Mr. Walter Denton.
- The Y. M. C. A.—Mr. W. I. Staley.
- The State—Governor James Withycombe.
- The Trustees—Dr. B. L. Steeves.
- The Faculty—Prof. J. O. Hall.
- The Students—Mr. Harry Bowers.
- "Somewhere in France"—President Carl G. Doney.
- "The Battle Hymn of the Republic"—Choir and Congregation.
- Benediction—Dr. James Lisle.

The tablet, which was presented by the official board, contained a roll of 68 names, and was unveiled by Mrs. F. A. Anderson and Mrs. W. F. Proctor. The service flag, presented by the Ladies' Aid Society and containing 72 names, was unfurled by Mrs. W. E. Vincent and Mrs. A. A. Lea. The pastor announced that since the tablet had been ordered there were four more names to be added, which accounted for the greater number of stars in the service flag, and that an additional four names had been reported to those yesterday evening, making a total of eight names to go toward a new tablet and to be placed on the service flag.

Each of the speakers paid a glowing tribute to President Doney and Willemette university and to the men who have already entered the service. Dr. Doney responded in a pleasing manner, expressing only the highest faith and hopes in the future of Willemette and of Salem and of the nation. Dr. Doney leaves tomorrow for France preparatory to embarking for France to take up the study of the army Y. M. C. A. work. He will be absent six months.

"I SUFFERED SEVEN YEARS"

Philadelphia, Pa.—"I suffered for seven long years with a lame back, irregularities and pain. I had one physician after another but they did me no good. I read about Lydia E. Pinkham's Vegetable Compound and gave it a trial and in a short time I felt benefited and am now feeling fine, and without weakness or pain. Many of my friends have also taken Lydia E. Pinkham's Vegetable Compound and been helped by it."—Mrs. MARGARET NESS, 1246 E. Hazzard St., Philadelphia, Pa.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, sickness, headaches or "the blues" should not rest until they have given this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for special suggestions. The result of its long experience is at your service.

Senator Chamberlain Introduced Bill Over Wilson's Objections

By I. C. Martin
 (United Press Staff Correspondent)
 Washington, Jan. 21.—In the face of President Wilson's avowed opposition, Senator Chamberlain today introduced his bill in the senate to create a "war cabinet."

Chamberlain's action followed conferences between President Wilson and Senators Martin and Simmons, democratic leaders, today, at which the president announced his opposition to the measure. That one of the most vigorous fights in congress will ensue over the bill is certain. The president had entered the lists against the measure, calling in numerous congressmen today for conferences at the White House. He talked with Majority Leader Kitchin and Representative Kahn and Dent of the house military committee, among others—apparently to frustrate favorable action on the bill.

Administration forces began activity immediately after the introduction of the measure. Senator Lewis, Missouri, objected to immediate consideration. Senator Swanson, Virginia, acting chairman of the naval committee, demanded that the measure be referred to the naval committee as well as the military committee. It seemed evident the bill's opponents have decided to delay it as much as possible through a fight on reference to committee tomorrow.

Austrian Laborers Demanding Peace

AUSTRIAN MINISTRY RESIGNS

 Amsterdam, Jan. 21.—The Austrian ministry has resigned, according to a Vienna dispatch printed by the Berliner Morgenpost today.
 Count Von Toggenburg, minister of the interior, is reported as attempting to re-form the cabinet, the Vienna dispatch added.

Amsterdam, Jan. 21.—An amazingly frank Vienna dispatch printed in today's Berlin Vorwaerts, organ of the socialists, reported five labor mass meetings at Vienna adopting resolutions "demanding passionately the determination of a general peace."
 The dispatch asserted the meetings "considered the speeches of Lloyd-George and Wilson, and especially the Wilson peace program, are signs that hostile governments, too, are under resure of labor and are beginning to restrict their imperialistic war aims."

Emperor Against Kaiser

Berne, Jan. 21.—The government adheres to a peace without annexations and this is true to the emperor, above all, Hungarian Premier Wckerle asserted at a recent speech in parliament, according to Budapest dispatches received here today.

Salem Ministers Give Banquet to Dr. Doney

The Salem Ministerial association gave a banquet at the Marion today in honor of the leaving of President Carl Gregg Doney for France for army Y. M. C. A. work. Aside from partaking of the banquet, each of the guests made a short speech expressing the honor he felt he owed upon himself and the association by Dr. Doney's selection for the new work he is to take up, to which Dr. Doney made appropriate response. The following guests were present: Dr. Carl Gregg Doney, R. N. Avison, H. N. Aldrich, Carl H. Elliott, T. B. Ford, O. B. Gingrich, S. B. Hammond, G. F. Holt, Alexander Hood, A. F. Lacy, James Lisle, G. L. Lovell, Capt. Jessie Miller, F. H. Neff, F. T. Porter, E. Sherwood, E. M. Smith, Jacob Steiner, H. J. Talbot, J. S. Rhodes, J. W. Perkins, J. O. Hall, James T. Matthews, Gustave Ebsen, F. Von Eschen, Wm. E. Kirk, Eben Goss, Alden, Bruce Evans, Rev. Bennett of Silverton, Secretary Rawden of the state anti-saloon league, and Hon. Frank C. Jackson of Seattle.

Board to Investigate Brotherhood's Demands

Washington, Jan. 21.—A board of examiners to make an immediate investigation of the wage demands of the four big brotherhoods will be named in 24 hours, the new wage commission of the railroad administration announced today. At the first meeting of the commission, Franklin K. Lane was named chairman and W. A. Ryan, secretary. Three statisticians will aid the examiners in collecting information on which to base wage recommendations.

WANT SENTENCES EXECUTED

Washington, Jan. 21.—Immediate execution of all sentences against those the supreme court found guilty of violating the draft law, except Emma Goldman and Alex Berkman, was asked by the government today. The request was immediately granted by Chief Justice White. Usually such orders are not sent out until the end of the term of court.

WANT DUTCH SHIPS

Washington, Jan. 21.—The government is negotiating for the charter of Dutch ships held in New York harbor, the war trade board stated today. No agreement, however, has yet been completed, it was officially stated.

CLIMAX APPROACHES IN CLTRAL POWERS

Notice Served On Germany Austria Will Not Fight for Pan-Germany

By J. W. T. Mason
 (Written for the United Press)
 New York, Jan. 21.—As a direct result of President Wilson's and Premier Lloyd-George's statements of war aims, Austria-Hungary is apparently preparing to break with the militarists of Germany. The most serious situation that has developed within the Central Powers since the beginning of the war is now rapidly coming to a climax. The only reason Germany is continuing the war is that the demands of the militarists, who want to insure the extension of a policy of kaiserism and international lootings, are still insistent. Austria-Hungary no longer has any interest in such a program. Notice, in the plainest terms, is now being served on Germany that the Austria-Hungarians will not continue to fight for pan-German objectives.

President Wilson's declarations of war's purpose, though meant primarily to encourage the German people to accept a democratic peace, are exerting their first profound influence upon the people of Austria-Hungary. An honorable peace, safeguarding Austria-Hungary's interests, awaits only acceptance at Vienna. Under these conditions the Austria-Hungarians have begun an agitation against continuing the war for militaristic ideals that threaten to gravest consequences in Germany.

CITY NEWS

 Two autos were stolen yesterday in Salem, but as the thieves have not been arrested no information is available concerning them.
 The new city comfort station has received the last finishing touch and is now all ready for opening to the public—save for the signs to distinguish the men from the ladies' department. J. N. Knowland, janitor of the city hall, who has charge of the station, finished getting it all cleaned up Saturday and putting in the furniture and the station has been examined by the committee, consisting of H. H. Stanton, C. M. Roberts and O. J. Wilson, who have given it their approval. As soon as the signs can be secured it is understood the station will be opened.

Attorney General Brown Will Seek Re-Election

While no formal announcement has been made by him, Attorney General Brown has made it known that he will be a candidate for re-election. He is one of the few who will probably have no competitors, as his handling of the business of the office has been eminently satisfactory to all the heads of the state departments whose legal advisor he is, and to the district attorneys who find in him a capable and safe counselor.

WANTS SAILORS AND FLYERS

Washington, Jan. 21.—Legislation to more than double the authorized strength of the navy and to increase the number of navy flyers from 350 to 10,000 was asked of congress today by Secretary Daniels. In addition, Daniels demanded the necessary authorization for a navy strength, excluding apprentice seamen and flyers, of 180,000 instead of the 80,000 authorized last May. The secretary also would have the apprentice seamen increased from 6,000 to 24,000.

WANTS SAILORS AND FLYERS
