speaking to a number of schools in Lane county last week, said: "If every country boy in the United States would raise and fatten one pig in addition to the number now being raised, it would solve the serious problem of the shortage of fats and other pork products in this country, and would greatly assist us and our allies in winning the war."

Mr. Harrington insists that this would not interfere in any way with the regular school work of the children, and that there is nothing which would have so much influence in causing country boys and girls to become interested in farm life and to encourage them to stay on the farm, as to complete one or more of the industrial club projects. He believes, too, that the children ought to be given any profit which their projects produce.

For Itching Torture There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any druggist can supply you with zemo, which generally overcomes all skin diseases, Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo.

SOCIETY By CAROL S. DIBBLE

A group of Willamette girls were jolly hostesses on Saturday evening, when a number of students gathered at the Dew Drop Inn for an informal evening of merry-making. The hours were gayly whiled away with music and ruck. Later when the results of the afternoon game between Willamette and the University of Oregon were heard, with the score in Willamette's favor, the party of young people trooped down to the campus, where they followed the unwritten tradition of being the first ones to ring an old, hissing bell on the campus, which is always rung on the occasion of an important university event taking place.

Those participating in the evening's frolic were Miss Velma Archer, Miss Freda Campbell, Miss Olga Hobbs, Miss Esther Yead, Miss Ruth Ferguson, Miss Ruth Spoor, Miss Mildred Garrett, Miss Mabel Garrett, Miss Eva Lane, William Holt, Russell Raley, Kenneth Logg, Ivan Corner, Lester Day, Loren Basler, Paul Fiegl, Ralph Curtis.

Miss Marie Knight of McMinnville passed the week end in Salem as the guest of Mrs. William Staiger. An announcement of interest to college and high school circles, is that of the approaching marriage of Miss Gladys Allen Waite, the only daughter of Mr. and Mrs. O. C. Waite of Polk county, and Daryl Proctor, U. S. N., Philadelphia, Penn.

Miss Waite left last night by the southern route, accompanied by Mrs. Warren Clement and two daughters, Helen and Elizabeth, who are returning to their home in New York after an extended visit with friends in Oregon. Mr. Proctor is the youngest son of Mr. and Mrs. W. P. Proctor of this city, and is a graduate of the 1916 class of the Salem high school where he was well known in athletics and attended the Oregon Agricultural college. He enlisted in the navy in May of 1917 and was sent to Goat Island, Calif., being later transferred to the base hospital, League Island, Philadelphia, Penn.

Mrs. T. R. Wilson of Portland, who has spent the past week in Salem, as the house guest of Mrs. E. Cooke Patton, returned home this morning. Mrs. Wilson was the motif of several delightful affairs of an informal nature during her stay in the city.

Mr. and Mrs. Louis Josse, who leave for Portland tomorrow, where they will make their home, were the honored guests at a small dinner party last evening, given by Mr. and Mrs. Clifford Farmer, at the Farmer home on Fairmount Hill.

Mr. and Mrs. Merrill Moores, the former having received an appointment as first lieutenant in the aviation corps, left yesterday for Boston, where Lieutenant Moores will enter school at the Boston Tech. Mr. and Mrs. Anderson Cannon entertained for them informally Sunday night with an informal supper party upon their return from a visit with Mrs. Moores' parents in Salem over the week end. Mr. and Mrs. Moores have hosts of friends in Portland and vicinity with whom they are very popular.—Oregonian.

The Quinine That Does Not Affect Head Because of its tonic and laxative effect, Laxative Bromo Quinine can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature is on box, 20c.

farm by keeping him there, by not letting him get out to see and to learn of the attractions of the city. I told him that such a course would be a great mistake; that he should let his boy get away occasionally. I think the Farmers' Week at the Oregon Agricultural college will do more to keep a boy on the farm than you think. Membership in the boys' camp at the state fair, given by your county as a prize for corn growing, pig raising, or some other club project, will do more to interest a boy in the farm home than a year of ordinary farm work.

Bonner Has Received Berkshire Herd Header

James C. Bonner of the Silverton Hills received a Berkshire herd header the first of the week that is a credit to the entire community as well as an improvement to his splendid herd. Winona Compton Chappin—a 7th, besides showing a splendid individuality, is of show winning parentage. Four brothers this year won state fair championships and a fifth was a state fair reserve grand champion. His dam, Berrington Belle 31st is one of the best known English blood sows in the west. She is reliable, prolific, averaging nine pigs per litter counting her gilt litter and is the best mother on Winona Ranch, Grants Pass, Oregon. Her record of raising pigs is remarkable. Kept for one litter where an accident, due to no fault of hers, took five of her pigs she has raised every pig she has ever farrowed, and there has not yet been a runt or a cull in any of her litters. Her sire is Laurel Champion, the well known grand champion of the northwest.—Silverton Appeal.

CREAM FOR CATARRH OPENS UP NOSTRILS Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.

Osaki Would Have Japan Enter Actively Into War

By Ralph H. Turner (United Press staff correspondent) Tokyo, Jan. 29.—An impassioned denunciation of the Teruchi ministry and an eloquent plea that Japan enter more vigorously into the war for democracy was delivered today in the house of representatives by Former Minister of Justice Osaki. He lamented the "indifference to war" in Japan and demanded that the nation increase aid extended the allies, with whom the same relations were becoming strained, owing to the government's policy. "The entente," he asserted, "is fighting for democracy, but the Japanese ministry represents militarism." Osaki urged that Japan state her war aims and wanted to know how it was that British and American warships were at Vladivostok when Japan's agreement with America was to protect allied interests in the Pacific.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath. Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sinuses of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of waste from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are both red with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

bell contributed several vocal numbers with Mrs. C. H. Farington at the piano. Mrs. Weister has been superintendent of the art department at the state fair, the past three years, where she made countless acquaintances and friends. She has devoted ceaseless effort and time to stimulating a widespread interest in Oregon art and talent.

The regular meeting of the Womans Relief Corps will be held this Saturday at the armory, when the question, later arisen, of the changing of the W. R. C. headquarters from the Moose hall to the armory will be discussed in detail and thoroughly tested out, as to the actual advantages or disadvantages of the latter place over the former.

AIRPLANES WILL FIGURE

German munitions centers are systematically laid out in enormous blocks covering hundreds of acres. They present targets not easy to miss, even from a high altitude. "Of course, the Germans will make similar raids, but they will not have the advantage of finding allied munitions works built in the form of vast aerial targets. They would have to swoop low—where anti-aircraft guns can get them. "Unless the Germans find some new way of protecting their shell factories they are due for a very uncomfortable time."

PATROLMEN FOR MARION COUNTY ROADS Men Appointed to Serve Under Roadmaster Have Been Appointed

Under the law passed at the last session of the legislature the road supervisors were done away with and in their places there are patrolmen appointed by the county court who serve under the direction of the county road master. They are required to make monthly reports to him stating the character of their employment for each working day. Their compensation is \$3 per day. Under this law appointments have been made to most of the districts, but all are not yet supplied. The list to date follows: 1—C. D. Froudt, Hubbard, Rt. 2. 2—Chas. where they will be at home after February 1. "Mrs. B. J. Miles, mother of the bride, was an out of town guest." Mrs. Mack Gill of Portland spent the week end in Salem, as the guest of her parents, Judge and Mrs. J. C. Moreland. Mrs. A. L. Rynga of Portland was the guest yesterday of Mrs. Arthur Moores who entertained the Monday Afternoon Bridge club this week at her home on Leslie street.

The ladies of the G. A. R. entertained Saturday afternoon at a lunch at the armory, in honor of the members, whose birthdays occur this month. These guests of the afternoon were Mrs. Oliver, Mrs. Fuller, Mrs. Thompson and J. R. Neer. Following the lunch a children's program was enjoyed by the members of the G. A. R. The juvenile performers gave as their selections: Song, "Keep the home fires burning," Paul Chenoweth; recitation, Wholley Chenoweth; cornet solo, Joe Chenoweth; song, "Babes in the Woods," Wholley Chenoweth; recitation, Ruth Chenoweth; music, drums; song, "Little Maids of Holland," Ruth Chenoweth; reading, "Address at Gettysburg," Paul Chenoweth; cornet solo, Joe Chenoweth; chorus, "Star Spangled Banner."

Rev. John Ovall was honored with a surprise party on the occasion of his birthday last night, by the members of the congregation of the Swedish Methodist Episcopal church. This was the seventh reception and surprise party given Mr. Ovall in his district since he came from the conference last September, and was the second given in Salem this conference year. A pleasant feature of the evening was the presentation of a purse to the missionary minister, Gust Anderson making the presentation speech, and in behalf of the church congratulating Mr. Ovall on the occasion of his birthday. Mr. Ovall responded. Another speech was made by N. M. Rasmussen and Mrs. Andrew Anderson, president of the Ladies Aid society. The party was given at the pastor's residence, 275 North 20th street.

LUMBERMAN DIES

Portland, Or., Jan. 29.—Warren E. McVord, president of the logging and lumber company and prominent in northwest lumber circles, is dead at his home here today. McVord was active in west coast lumbering for 15 years.

Try this recipe for Crullers and Doughnuts—you can help save the Nation's fats when you use Mazola for deep frying. MAZOLA

Mazola is a vegetable oil—pressed from corn. It is the ideal medium for deep frying, sautéing, or shortening, because it is not only economical—it gives such splendid quality. Crullers and Doughnuts: 3/4 cup bread flour, 1 cup sugar, 1 cup hot milk, 2 tablespoons Mazola. Beat eggs, add milk, salt and Mazola, pour on dry ingredients. Mix well, turn on floured board, roll or pat in 3/8 inch sheet and let stand a few minutes to rise. Cut and fry in hot Mazola.

fective organization throughout the continent which for a long time the United States had no effective means of combatting. The improvement in the situation is attributed to the policy of the United States in seeking nothing for itself, except what it asks for every other democracy in the world. That the real aims and objectives of this country have finally been made clear is attributed to a large extent to the improved exchange of news between the northern and southern continents, the lower cable rates and the efforts of the committee on public information. The South American diplomats at Washington, in close touch with the actions and policies of the United States are said to have contributed materially to establishing the better understanding.
